require special accommodations due to a disability, please contact Nicole Vesely at least 7 days in advance of the meeting.

FDA is committed to the orderly conduct of its advisory committee meetings. Please visit our Web site at http://www.fda.gov/oc/advisory/default.htm for procedures on public conduct during advisory committee meetings.

Notice of this meeting is given under the Federal Advisory Committee Act (5 U.S.C. app. 2).

Dated: October 24, 2007.

Randall W. Lutter,

Deputy Commissioner for Policy.
[FR Doc. E7–21630 Filed 11–2–07; 8:45 am]
BILLING CODE 4160–01–S

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Cooperative Agreement for Poison Prevention Education; CFDA #93.253

AGENCY: Health Resources and Services Administration (HRSA), HHS.

ACTION: Notice of Single Source Award.

SUMMARY: HRSA will be enhancing the partnership with the Home Safety Council (HSC) to collaborate on reaching America's low literacy population. Through this project, additional poison prevention training materials targeting the low literacy population will be developed and distributed to the public, poison centers, safety and injury prevention professionals, health educators, and first responders. HRSA first announced the partnership with the HSC in the Federal Register, Vol. 71, No. 146, July 31, 2006.

FOR FURTHER INFORMATION CONTACT: Lori Roche, Director, Poison Control Program, Healthcare Systems Bureau, Room 11C–06, 5600 Fishers Lane, Rockville, MD 20857; Telephone: 301–

SUPPLEMENTARY INFORMATION:

Intended Recipient of the Award: Home Safety Council.

443-0652; E-mail: lroche@hrsa.gov.

Amount of the Award: \$75,000.

Authority: Section 1271 *et seq.* of the Public Health Service Act, 42 U.S.C. 300d–71 *et seq.* as amended by the Poison Center

Stabilization and Enhancement Grant Program.

Project Period: The period of the award is from September 1, 2007, through April 1, 2008.

Justification for the Exception to Competition

This project will be implemented through a single source cooperative agreement because the HSC is uniquely positioned to immediately undertake and complete the activities within the seven month time frame. HSC is currently developing low literacy poison prevention materials, and this project will enhance the existing package of materials. The HSC has existing organizational knowledge and experience in developing materials for the low literacy population through its Home Safety Literacy Project, of which this project will be a component. The HSC has an existing relationship with key stakeholders in place for reaching this vulnerable population, and the HSC project director has extensive expertise in poison prevention education.

Dated: October 26, 2007.

Dennis P. Williams,

Deputy Administrator. [FR Doc. E7–21677 Filed 11–2–07; 8:45 am] BILLING CODE 4165–15–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276–1243.

Project: 2008–2010 National Survey on Drug Use and Health: Methodological Field Tests—NEW

The National Survey on Drug Use and Health (NSDUH), formerly the National Household Survey on Drug Abuse (NHSDA), is a survey of the civilian, non-institutionalized population of the United States 12 years old and older. The data are used to determine the prevalence of use of tobacco products, alcohol, illicit substances, and illicit use of prescription drugs. The results are used by SAMHSA, ONDCP, Federal government agencies, and other organizations and researchers to establish policy, direct program activities, and better allocate resources.

This will be a request for generic approval for information collection for NSDUH methodological field tests designed to examine the feasibility, quality, and efficiency of new procedures of revisions to the existing survey protocol. These field tests will examine ways to increase data quality, lower operating costs, and gain a better understanding of various sources of nonsampling error. If these tests provide successful results, current procedures may be revised and incorporated into the main study (e.g., questionnaire changes). Particular attention will be given to minimizing the impact of design changes so that survey data continue to remain comparable over time.

Field test activities are expected to include improving response rates among persons residing in controlled access communities (locked apartment buildings, gated communities, college dormitories, etc.), and conducting a nonresponse follow-up study. Cognitive laboratory testing will be conducted prior to the implementation of significant questionnaire modifications. These questionnaire modifications will also be pre-tested and the feasibility of text-to-speech software determined. To understand the effectiveness of current monetary incentive, a new incentive study will be conducted with varying incentive amounts. The relationship between incentives and veracity of reporting will also be examined. Tests will also be designed to determine the feasibility of alternative sample designs and modes of data collection. Lastly, a customer satisfaction survey of NSDUH data users will be conducted to improve the utility of the NSDUH data. Some of the above studies may be combined to introduce survey efficiencies.

The average annual burden associated with these activities over a three-year period is summarized below:

ESTIMATED BURDEN FOR NSDUH METHODOLOGICAL FIELD TESTS

Activity	Number of respondents	Responses per respond- ent	Average bur- den per re- sponse	Total burden (hrs.)
a. Improving participation among controlled access and other hard-to-reach				
populations	417	1	1.0 hr.	417
b. Nonresponse follow-up	2000	1	1.0 hr.	2000
c. Incentive/validity study	2000	1	1.0 hr.	2000
d. NSDUH questionnaire validity studies	2500	1	1.0 hr.	2500
e. Cognitive laboratory testing	90	1	1.0 hr.	90
f. Annual questionnaire pre-test	670	1	1.0 hr.	670
g. Field testing alternative questions, data collection protocol, contact mate-				
rials	1000	1	1.0 hr.	1000
h. Text-to-speech software for voices in computer-assisted interviewing	100	1	1.0 hr.	100
i. Testing alternative sample designs (including alternative sampling frames)	5000	1	1.5 hr.	7500
j. Alternative modes of data collection (e.g., T-ACASI for Nonresponse fol-				
low-up)	100	1	1.0 hr.	100
k. Customer satisfaction survey of NSDUH data users	100	1	.25 hr.	25
Household screening for a-d, f-g, i-j	12,471	1	0.083 hr.	1,769
Screening Verification for a-d, f-g, i-j	997	1	0.067 hr.	43
Interview Verification for a-d, f-g, i-j	1,497	1	0.067 hr.	78
Total	28,942	-	-	18,292
Annual Average (Total divided by 3 years)	9,647	-	-	6,097

Written comments and recommendations concerning the proposed information collection should be sent by December 5, 2007 to: SAMHSA Desk Officer, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503; due to potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, respondents are encouraged to submit comments by fax to: 202–395–6974.

Dated: October 23, 2007.

Elaine Parry,

Acting Director, Office of Program Services. [FR Doc. E7–21295 Filed 11–2–07; 8:45 am] BILLING CODE 4162–20–P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Receipt of Applications for Permit

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of applications for permit.

SUMMARY: The public is invited to comment on the following applications to conduct certain activities with endangered species.

DATES: Written data, comments or requests must be received by December 5, 2007.

ADDRESSES: Documents and other information submitted with these applications are available for review, subject to the requirements of the

Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents within 30 days of the date of publication of this notice to: U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203; fax 703/358–2281.

FOR FURTHER INFORMATION CONTACT: Division of Management Authority, telephone 703/358–2104.

SUPPLEMENTARY INFORMATION:

Endangered Species

The public is invited to comment on the following applications for a permit to conduct certain activities with endangered species. This notice is provided pursuant to Section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.). Written data, comments, or requests for copies of these complete applications should be submitted to the Director (address above).

Applicant: University of California Davis, Wildlife Health Center, Davis, CA, PRT–165762.

The applicant requests a permit to import various biological samples collected from wild free-ranging African wild dog (*Lycaon pictus*) for the purpose of pathogen evaluation for scientific research. This notification covers activities to be conducted by the applicant over a five-year period.

Applicant: U.S. Fish and Wildlife Service/National Black-Footed Ferret Conservation Center, Carr, OR, PRT– 800411 and 086867.

The applicant requests renewal of their permits to export, import, and reimport live captive-born specimens, biological samples, and salvaged material of black-footed ferret (*Mustela nigripes*) to/from Canada for scientific research and completion of identified tasks and objectives mandated under the Black-footed Ferret Recovery Plan. Salvaged materials may include but are not limited to: Whole or partial specimens, blood, tissue, hair, and fecal swabs. This notification covers activities to be conducted by the applicant over a five-year period.

Applicant: University of Florida, Florida Museum of Natural History, Gainesville, FL, PRT–164015.

The applicant requests a permit to import biological samples from dwarf crocodile (Osteolaemus tetraspis osborni), Nile crocodile (Crocodylus niloticus), and African slender-snout crocodile (Crocodylus cataphractus) from West and Central Africa countries for the purpose of scientific research. This notification covers activities conducted by the applicant over a five-year period.

Applicant: Robert Serrano, Brewster, NY, PRT–165300.

The applicant requests a permit to import the sport-hunted trophy of one male bontebok (*Damaliscus pygargus pygargus*) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancement of the survival of the species.

Applicant: Robert C. Riggs, Forked River, NJ, PRT–166589.

The applicant requests a permit to import the sport-hunted trophy of one male bontebok (*Damaliscus pygargus pygargus*) culled from a captive herd maintained under the management program of the Republic of South Africa,
