Notice of Lodging of Settlement Agreement Under the Comprehensive Environmental Response, Compensation, and Liability Act and Chapter 11 of the United States Bankruptcy Code

Notice is hereby given that on February 21, 2007, a proposed Settlement Agreement ("Agreement") in *In re Hayes Lemmerz International, Inc., et al.*, Case No. 01-11490, was lodged with the United States Bankruptcy Court for the District of Delaware. The Agreement relates to liabilities of the Debtors under the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. 9601 *et seq.*

Under the Agreement, sites would be divided into three categories. For the first category—"Liquidated Sites"—the United States, of behalf of EPA, would receive allowed unsecured claims totaling \$1,065,123 for response costs in connection with (1) The Operating Industries, Inc. Site in Monterey Park, California; (2) the Aqua Tech Site in Greer, South Carolina; (3) the Four County Landfill Site in Rochester, Indiana; (4) the Container Recycling Site (a/k/a the Greater Lakes Container Site) in Kansas City, Kansas; (5) the

Reclamation Oil Site in Detroit, Michigan; and (6) the Swope Oil Site in Pennsauken, New Jersey. For the second category of sites—"Debtor-owned Sites"—environmental claims and actions by the United States would not be discharged.

The third and final category of sites—Additional Sites—would include all other sites. For Additional Sites, the United States may not issue or seek environmental orders based on the Debtors' conduct before the bankruptcy action, but may recover response costs and natural resource damages based on such conduct, as if the United States' claims had been allowed unsecured claims under the Debtors' reorganization plan. Sites that are liquidated under the Agreement for EPA are treated as Additional Sites for DOI and NOAA.
