

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Docket No. CP07-102-000]****Paiute Pipeline Company; Notice of Request Under Blanket Authorization**

March 22, 2007.

Take notice that on March 14, 2007, Paiute Pipeline Company (Paiute), P.O. Box 94197, Las Vegas, Nevada 89193-4197, filed in Docket No. CP07-102-000 a prior notice request pursuant to sections 157.205 and 157.210 of the Commission's regulations under the Natural Gas Act (NGA) to construct and operate certain mainline natural gas facilities as part of its "2007 Expansion Project," all as more fully set forth in the application, which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Specifically, Paiute proposes to (1) install a total of approximately 3.2 miles of new mainline loop facilities on its Carson and South Tahoe Laterals in Carson City County and Douglas County, Nevada, and (2) modify measurement and pressure regulating facilities at the South Tahoe Pressure Limiting Station on its South Tahoe Lateral in Douglas County, Nevada, under Section 157.210 of the Commission's regulations. In addition, as part of its 2007 Expansion Project, Paiute plans to (1) replace approximately 1.5 miles of existing lateral pipeline with larger diameter pipeline on its Yerington Lateral in Lyon County, Nevada, and (2) modify four existing delivery point facilities served by its Carson and South Tahoe Laterals, under the automatic authorization provisions of Sections 157.208(a) and 157.211(a)(1), respectively, of the Commission's regulations. Paiute states that the purpose of the proposed project is to enhance the capacity on its Carson and South Tahoe Laterals to meet the requests of three shippers for 8,913 Dth/d of additional firm transportation service capacity. Paiute further states that the total cost of all of the 2007 Expansion Project facilities is estimated to be \$5,273,000.

Any questions regarding the application should be directed to Edward C. McMurtrie, Vice President/General Manager, Paiute Pipeline Company, P.O. Box 94197, Las Vegas, Nevada 89193-4197 at (702) 876-7178.

Any person or the Commission's Staff may, within 60 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and, pursuant to section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (www.ferc.gov) under the "e-Filing" link.

BILLING CODE 6717-01-P**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission****[Docket No. CP07-113-000]****SemGas Storage, L.L.C.; Notice of Petition for Exemption**

March 23, 2007.

Take notice that on March 22, 2007, SemGas Storage L.L.C. (SemGas), 6120 Yale Avenue, Tulsa, OK 74136, filed with the Commission in Docket No. CP07-113-000 a petition for exemption from certificate requirements for temporary acts and operations and request for expedited action, pursuant to section 7(c)(1)(b) of the Natural Gas Act (NGA), as amended, and Rule 207(a)(5) of the Commission's Rules of Practice and Procedure. SemGas seeks approval of an exemption from the certificate requirements in order to perform temporary activities related to the determination of the feasibility of the Avoca Storage Project in Steuben County, New York, as more fully set

forth in the petition which is open to the public for inspection. This filing may be also viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERCOnline Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

Any questions regarding the petition should be directed to T.W. Cook, Two Warren Place, 6120 Yale Avenue, Suite 700, Tulsa, OK 74136, or via telephone at (918) 524-8503, facsimile number (918) 524-8290, or e-mail twcook@cox.net.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be

placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

Comment Date: April 2, 2007.

Williston Basin Interstate Pipeline Company; Notice Correction Filing

March 22, 2007.

Take notice that on March 19, 2007, Williston Basin Interstate Pipeline Company (Williston Basin) tendered for filing a revised Page 4 of Appendix C, Attachment E and a revised Page 4 of Appendix D, Attachment D to the workpapers submitted with Williston Basin's Annual Fuel and Electric Power Reimbursement Adjustment that was filed with the Commission on March 1, 2007 in the above referenced proceeding.

Williston Basin states that the revised pages reflect corrections to the Actual Transportation Quantities shown in column (a) of each page for the months of October, November and December 2006.

Any person desiring to protest this filing must file in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). Protests to this filing will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding.

Such protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing a protest must serve a copy of that document on all the parties to the proceeding.

The Commission encourages electronic submission of protests in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.
