**Approval and Promulgation of Implementation Plans; Kansas; Interstate Transport of Pollution**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Direct final rule.

**SUMMARY:** EPA is revising the Kansas State Implementation Plan (SIP) for the

purpose of approving the Kansas Department of Health and Environment's (KDHE) actions to address the "good neighbor" provisions of the Clean Air Act Section 110(a)(2)(D)(i). These provisions require each state to submit a SIP that prohibits emissions that adversely affect another state's air quality through interstate transport. KDHE has adequately addressed the four distinct elements related to the impact of interstate transport of air pollutants. These include prohibiting significant contribution to downwind nonattainment of the National Ambient Air Quality Standards (NAAQS), interference with maintenance of the NAAQS, interference with plans in another state to prevent significant deterioration of air quality, and efforts of other states to protect visibility. The requirements for public notification were also met by KDHE.

**DATES:** This direct final rule will be effective May 8, 2007, without further notice, unless EPA receives adverse comment by April 9, 2007. If adverse comment is received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect.
