remedied, a mortgagee applying for a new Origination Approval Agreement must obtain an independent review of the terminated office's operations as well as its mortgage production, specifically including the FHA-insured mortgages cited in its termination notice. This independent analysis shall identify the underlying cause for the mortgagee's high default and claim rate. The review must be conducted and issued by an independent Certified

Public Accountant (CPA) qualified to perform audits under Government Auditing Standards as provided by the Government Accountability Office. The mortgagee must also submit a written corrective action plan to address each of the issues identified in the CPA's report, along with evidence that the plan has been implemented. The application for a new Agreement should be in the form of a letter, accompanied by the CPA's report and corrective action plan. The

request should be sent to the Director, Office of Lender Activities and Program Compliance, 451 Seventh Street, SW., Room B133–P3214, Washington, DC 20410–8000 or by courier to 490 L'Enfant Plaza, East, SW., Suite 3214, Washington, DC 20024–8000.

Action: The following mortgagees have had their Agreements terminated by HUD:

Mortgagee name	Mortgagee branch address	HUD office jurisdictions	Termination effective date	Homeownership centers
Alethes LLC	_ , ,	Ft Worth Denver		Denver. Denver.

Dated: November 20, 2007.

### DEPARTMENT OF THE INTERIOR

## **Central Utah Project Completion Act**

**AGENCY:** Office of the Assistant Secretary—Water and Science, Department of the Interior.

**ACTION:** Notice of Intent to Prepare an Environmental Assessment (EA) and Public Scoping Meeting on the Hobble Creek Habitat Restoration, Utah County, Utah, as part of the June Sucker Recovery Implementation Program.

**SUMMARY:** Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969 (NEPA), as amended, the Council on Environmental Quality Regulations at 40 CFR 1501.7, and authorities under the Endangered Species Act (15 U.S.C. 1536, et seq.), the Department is initiating an environmental impact analysis, with public involvement, for the Hobble Creek Habitat Restoration Project. The plan would relocate a portion of Hobble Creek onto state-owned land, restore more natural stream sinuosity, and improve instream habitat conditions to benefit the June sucker (Chasmistes liorus), an endangered fish.

The June sucker exists naturally only in Utah Lake and spawns only in the Provo River, a Utah Lake tributary. Hobble Creek, also a tributary to Utah Lake, is believed to be an historic spawning stream for the June sucker that has been dredged, straightened and otherwise degraded in a manner that renders it no longer suitable for June sucker spawning. Restoration of at least

one additional Utah Lake tributary as spawning habitat for the June sucker is a recovery action in the approved Recovery Plan for the species. The Department is acting as Lead Agency for NEPA compliance in its capacity as a participating partner in the June Sucker Recovery Implementation Program.

**DATES:** A public scoping meeting is scheduled in the local geographic area of the project to receive input from affected parties and the general public regarding anticipated environmental issues associated with the project. The scoping meeting will be held Wednesday, December 5, 2007, from 5 p.m. to 7 p.m. at: Springville Junior High School, School Cafeteria, 165 South 700 East, Springville, Utah 84663.

Public notice of this meeting will also be announced in local media. The details for submitting scoping comments will also be announced.

FOR FURTHER INFOMRATION: Additional information on matters related to this notice can be obtained by contacting Mr. Ralph G. Swanson, 302 East 1860 South Provo, Utah 84606–6154, telephone (801) 379–1254, or by e-mail at rswanson@uc.usbr.gov.

Dated: November 27, 2007.

## Reed R. Murray,

Program Director, Central Utah Project Completion Act Office, Upper Colorado Region.

## **Geological Survey**

# Climate Change Science Program; Meeting

AGENCY: U.S. Geological Survey. Committee Name: USGS-CCSP Committee for Synthesis and Assessment Product 3.4: Abrupt Climate Change.

**ACTION:** Notice of Meeting by Teleconference.

**SUMMARY:** The USGS–CCSP Committee for Synthesis and Assessment Product (SAP) 3.4: Abrupt Climate Change will hold a teleconference on December 21, 2007 from 12 p.m.–4 p.m. Eastern Standard Time.

Agenda: The purpose of the teleconference is to discuss the results of the peer review process for SAP 3.4. The first draft of the SAP was peer reviewed by 24 scientists with expertise tied to the subject matter of the report. Comments from the peer reviewers were collated and distributed to the chapter lead authors of the report. The chapter authors have prepared proposed responses to the peer review comments and distributed them to the full Committee for deliberation at the December 21 teleconference. The teleconference is open to the public. Pre-registration is required to attend. Contact the Designated Federal Officer (DFO) at the address below by December 17 to pre-register and to receive a copy of the peer review comments and proposed responses. The teleconference will take place in a conference room at the USGS in Reston, VA (full address below). In order to participate in the teleconference, members of the public will need to attend in person at the USGS in Reston, VA. Prepared statements may be presented orally to the Committee during the teleconference between 12 p.m. and 12:30 p.m. Public statements will be limited to 3 minutes per person. For scheduling reasons, intent to make a public statement must be established at the time of pre-registration. A written copy of the oral statement must be left with the Committee's DFO as a matter of public record. Additional short
