

the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

*Title and purpose of information collection:*

Request for Internet Services, OMB 3220-0198.

The RRB uses a Personal Identification Number (PIN)/Password system that allows RRB customers to conduct business with the agency electronically. As part of the system, the RRB collects information needed to establish a unique PIN/Password that allows customer access to RRB Internet-based services. The information collected is matched against records of the railroad employee that are maintained by the RRB. If the information is verified, the request is approved and the RRB mails a Password Request Code (PRC) to the requestor. If the information provided cannot be verified, the requestor is advised to contact the nearest field office of the RRB to resolve the discrepancy. Once a PRC is obtained from the RRB, the requestor can apply for a PIN/Password online. Once the PIN/Password has been established, the requestor has access to RRB Internet-based services. The RRB estimates that approximately 14,040 requests for PRCs and PIN/Passwords are received annually and that it takes 5 minutes per response to secure a PRC and 1.5 minutes to establish a PIN/Password. Completion is voluntary, however, the RRB will be unable to provide a PRC or allow a requestor to establish a PIN/Password (thereby denying system access), if the requests are not completed. The RRB proposes non-burden impacting, editorial changes to the PRC and PIN/Password screens.

*Additional Information or Comments:* To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363 or send an e-mail request to [Charles.Mierzwa@RRB.gov](mailto:Charles.Mierzwa@RRB.gov). Comments regarding the information collection should be sent to Ronald J. Hodapp, Railroad Retirement Board, 844 N. Rush Street, Chicago, Illinois 60611-2092 or [Ronald.Hodapp@RRB.GOV](mailto:Ronald.Hodapp@RRB.GOV). Comments should be received within 60 days of this notice.

### Applicants' Representations

1. John Hancock USA, formerly known as The Manufacturers Life Insurance Company (U.S.A.), is a stock life insurance company originally organized under the laws of Maine on August 20, 1955 by a special act of the Maine legislature. John Hancock USA redomesticated under the laws of Michigan on December 30, 1992.

2. Account H is registered under the Act as a unit investment trust (File No. 811-4113). The variable annuity contracts funded by Account H that are affected by this application are Scudder Wealthmark Annuity (File Nos. 333-70728 and 333-70730) and Scudder Wealthmark ML3 Annuity (File No. 333-70850).

3. John Hancock New York, formerly known as The Manufacturers Life Insurance Company of New York, is a wholly-owned subsidiary of John Hancock USA and is a stock life insurance company organized under the laws of New York on February 10, 1992.

4. Account A is registered under the Act as a unit investment trust (File No. 811-6584). It is used to fund variable annuity contracts of John Hancock New York. The variable annuity contracts funded by Account A that are affected by this application are Scudder Wealthmark Annuity for New York (File Nos. 33-79112 and 33-46217) and Scudder Wealthmark ML3 Annuity for New York (File No. 333-83558).

5. The individual and group variable annuity contracts affected by this application are collectively referred to as the "Contracts."

6. Each of the Contracts permits its owners to allocate the Contract's accumulated value among numerous available Subaccounts, each of which invests in a different investment portfolio ("Fund") of an underlying mutual fund.

7. Each Contract permits its owner to transfer the Contract's accumulated value from one Subaccount to another Subaccount of the issuing Separate Account at any time, subject to certain potential restrictions and charges described in the Contracts and Prospectuses relating to the Contracts. To the extent that the Contracts contain restrictions or limitations on an owner's

right to transfer, such restrictions and limitations will be suspended in connection with the transfers as described in further detail elsewhere herein.

8. Each Insurance Company reserves the right to make certain changes, including the right to substitute, for the shares held in any Subaccount, the shares of another Fund or the shares of another underlying mutual fund, as stated in each prospectus for the Contracts.

9. Shares of JHT are sold exclusively to insurance company separate accounts to fund benefits under variable annuity contracts and variable life insurance policies sponsored by the Insurance Companies or their affiliates, and to employer pension and profit sharing plans. JHT is registered under the Act as an open-end management investment company of the series type, and its securities are registered under the 1933 Act, File Nos. 002-94157/811-04146 and 33-02081/811-04490. John Hancock Investment Management

Services, LLC (formerly, Manufacturers Securities Services, LLC) ("JHIMS"), is the investment adviser to JHT, and each series has its own subadviser.

10. Each Insurance Company, on its behalf and on behalf of the Separate Accounts, proposes to make certain substitutions of shares of thirty-five funds (the "Existing Funds") held in the Subaccounts of its respective Separate Accounts with certain Series (the "Replacement Funds") of JHT as follows:

48. The substitutions are expected to provide significant benefits to Contract owners, including improved selection of portfolio managers and simplification of fund offerings through the elimination of overlapping offerings. The Applicants believe that the subadvisers to the Replacement Funds overall are better positioned to provide consistent above-average performance for their Funds than are the advisers or sub-advisers of the Existing Funds. At the same time, Contract owners will continue to be able to select among a large number of funds, with a full range of investment objectives, investment strategies, and managers.

49. The substitutions, each of which replaces outside funds with funds for which JHIMS acts as investment adviser, will permit JHIMS, under a Multi-Manager Order to hire, monitor and replace sub-advisers as necessary to seek optimal performance and to ensure a consistent investment style. JHT has been subject to the Multi-Manager Order since 2000.

50. In addition, Contract owners with Subaccount balances invested in shares of the Replacement Funds will, in every case, have lower total expense ratios than they currently have in the Existing Funds. In each case, the Total Expenses of the Replacement Funds (even without applicable fee waivers) are lower than those of the Existing Funds with their fee waivers. For Contract owners with account balances in funds involved in the substitutions, the substitutions are therefore expected to result in decreased expense ratios. Moreover, there will be no increase in Contract fees and expenses, including mortality and expense risk fees and administration and distribution fees charged to the Separate Accounts as a result of the substitutions. The Applicants believe that the Replacement Funds have investment objectives, policies and risk profiles, as described herein, that are either substantially the same as, or sufficiently similar to, the corresponding Existing Funds to make those Replacement Funds appropriate candidates as substitutes. The Insurance Companies considered the performance history of the Existing Funds and the Replacement Funds and determined that Contract owners would not be materially adversely affected as a result of the substitutions.

51. Applicants represent that relieving the Separate Accounts of the administrative burdens of interfacing with several unaffiliated investment company complexes is expected to simplify compliance, accounting and auditing and, generally, to allow the Insurance Companies to administer the Contracts more efficiently.

52. In addition, as a result of the substitutions, neither JHIMS nor any of its affiliates will receive increased amounts of compensation from the charges to the Separate Accounts related to the Contracts or from Rule 12b-1 fees or revenue sharing currently received from the investment advisers or distributors of the Existing Funds.

#### Applicants' Legal Analysis and Conditions

1. The prospectuses by which the Contracts are offered state that the Insurance Companies have, subject to the requirements of the Act, the right to substitute the shares of any underlying registered investment company held by the Separate Accounts with shares of another registered investment company.

2. The Contracts expressly reserve to the applicable Insurance Company the right, subject to compliance with applicable law, to substitute shares of another investment company for shares of an investment company held by a sub-account of the Separate Accounts. The prospectuses for the Contracts and the Separate Accounts contain appropriate disclosure of this right.

3. With respect to each proposed substitution, Contract owners with balances invested in the Replacement Fund will have a lower expense ratio in all cases.

4. The proposed Replacement Fund for each Existing Fund has an investment objective that is at least substantially similar to that of the Existing Fund. Moreover, the principal investment policies of the Replacement Funds are similar to those of the corresponding Existing Funds.

5. By a supplement to the prospectuses for the Contracts and the Separate Accounts, each Insurance Company has notified all owners of the Contracts of its intention to take the necessary actions, including seeking the order requested by this application, to substitute shares of the funds as described herein. The supplement

advises Contract owners that from the date of the supplement until the date of the proposed substitution, owners may make transfers of Contract value (or annuity unit exchange) out of the Existing Fund Subaccount to another Subaccount permitted under their respective Contracts without the transfer (or exchange) being treated as one of a limited number of permitted transfers (or exchanges) or a limited number of transfers (or exchanges) permitted without a transfer charge. The supplement also informs Contract owners that the Insurance Company will not exercise any rights reserved under any Contract to impose additional restrictions on transfers until at least 30 days after the proposed substitutions, except that the Insurance Companies may impose restrictions on transfers to prevent or limit "market timing" activities by Contract owners or agents of Contract owners. The supplement also advises Contract owners that for at least 30 days following the proposed substitutions, the Insurance Companies will allow Contract owners affected by the substitutions to make transfers of Contract value (or annuity unit exchange) out of the Replacement Fund Subaccount to another Subaccount permitted under their respective Contracts without the transfer (or exchange) being treated as one of a limited number of permitted transfers (or exchanges) or a limited number of transfers (or exchanges) permitted without a transfer charge.

6. The proposed substitutions will take place at relative net asset value in conformity with the requirements of Section 22(c) of the Act and Rule 22c-1 thereunder with no change in the amount of any Contract owner's Contract value, cash value, or death benefit or in the dollar value of his or her investment in the Separate Accounts.

7. It is expected that the substitutions will be effected by redeeming shares of an Existing Fund for cash and using the cash to purchase shares of the Replacement Fund.

8. Contract owners will not incur any fees or charges as a result of the proposed substitutions, nor will their rights or an Insurance Company's obligations under the Contracts be altered in any way. The substitutions will not alter in any way the annuity or

other insurance benefits held by Contract owners of the Contracts. All expenses incurred in connection with the proposed substitutions, including brokerage, legal, accounting, and other fees and expenses, will be paid by the Insurance Companies. In addition, the proposed substitutions will not impose any tax liability on Contract owners. The proposed substitutions will not cause the Contract fees and charges currently being paid by existing Contract owners to be greater after the proposed substitutions than before the proposed substitutions. No fees will be charged on the transfers made at the time of the proposed substitutions because the proposed substitutions will not be treated as a transfer for the purpose of assessing transfer charges or for determining the number of remaining permissible transfers in a Contract year.

9. In addition to the prospectus supplements distributed to owners of Contracts, within five business days after the proposed substitutions, Contract owners will be sent a written notice informing them that the substitutions were carried out and that they may transfer all Contract value or cash value under a Contract invested in any one of the Subaccounts on the date of the notice to another Subaccount available under their Contract at no cost and without regard to the usual limit on the frequency of transfers from the variable account options to the fixed account options. The notice will also reiterate that (other than with respect to "market timing" activity) the Insurance Company will not exercise any rights reserved by it under the Contracts to impose additional restrictions on transfers or to impose any charges on transfers until at least 30 days after the proposed substitutions. The Insurance Companies will also send each Contract owner current prospectuses for the Replacement Funds involved.

10. Each Insurance Company may also seek approval of the proposed substitutions from any state insurance regulators whose approval may be necessary or appropriate.

11. For a two year period following the date of the Substitutions, the Applicants agree that the total operating expenses of each Replacement Fund (taking into account any expense waiver or reimbursement) will not exceed on an annualized basis the net expense level of the corresponding Existing Fund for the 2005 fiscal year.

12. The Applicants agree that the Insurance Companies will not increase total separate account charges (net of any reimbursements or waivers) for any outstanding Contracts involved in the

proposed substitution on the date of the substitutions for a period of two years from the date of the substitutions.

Applicants and the Insurance Companies may, however, offer additional benefits through one or more Benefit Riders to owners of such Contracts during such two year period and impose additional separate account charges related to the purchase of any such additional benefits.

13. Applicants represent that none of the Replacement Funds was established for the purpose of effecting the substitutions.

#### Conclusion

For the reasons and upon the facts set forth above, Applicants submit that the requested order meets the standards set forth in Section 26(c). Applicants request an order of the Commission, pursuant to Section 26(c) of the Act, approving the Substitutions.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.
