### Notice of Lodging of Consent Decree Under the Clean Air Act

Notice is hereby given that on August 10, 2007, a proposed Consent Decree was filed in *United States, the State of Indiana, and the City of Hammond, Indiana v. Jupiter Aluminum Corporation*, Civil Action No. 2:07 CV 262 PS, with the United States District Court for the Northern District of Indiana, Hammond Division.

The United States filed a civil action on August 9, 2007, seeking injunctive relief and a civil penalty against Jupiter Aluminum Corporation ("Jupiter") for alleged violations of the National Emission Standards for Hazardous Air Pollutants applicable to secondary aluminum production facilities, under the Clean Air Act. The Jupiter aluminum recycling facility that is the subject of the lawsuit is located in Hammond, Indiana. The State of Indiana and the City of Hammond intervened as co-plaintiffs in the federal lawsuit, and filed complaints in intervention. All claims alleged in the United States', the State's and the City's complaints would be resolved by a settlement reflected in the Consent Decree, if approved by the court.

Under the proposed Consent Decree, Jupiter will perform tests to determine whether recent modifications to the pollution control equipment on its melting furnaces adequately captures fugitive emissions and whether the equipment adequately removes dioxin/furans, hydrochloric acid and particulate matter. If the tests demonstrate that Jupiter is not adequately capturing fugitive emissions or not adequately removing pollutants, Jupiter will be required to make further modifications, or alter its production processes to ensure compliance. The decree also requires Jupiter to properly weigh scrap aluminum before melting it in the furnaces, and to keep records of the type and amount of scrap used, to fund an independent monitoring consultant to assist the regulatory agencies in monitoring compliance, to allow Hammond to video record its furnace operations for compliance purposes, to resubmit an Operation, Maintenance and Monitoring Plan, and to improve maintenance and recordkeeping practices. Under the Consent Decree, Jupiter also will pay a civil penalty of \$2.0 million, to be divided between the United States and Hammond.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments

relating to the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to [pubcomment-ees.enrd@usdoj.gov](mailto:pubcomment-ees.enrd@usdoj.gov) or mailed to P.O.
