

Order or Principal Order⁶ due to an untimely response will provide an opportunity for the transmittal of responses while also allowing a Participant's members to execute orders on their own exchanges in a timely manner.

III. Discussion

After careful consideration, the Commission finds that the proposed amendment to the Linkage Plan is consistent with the requirements of the Act and the rules and regulations thereunder.⁷ Specifically, the Commission finds that the proposed amendment to the Linkage Plan is consistent with Section 11A of the Act⁸ and Rule 608 thereunder⁹ in that it is appropriate in the public interest, for the protection of investors and the maintenance of fair and orderly markets. Specifically, the Commission believes that reducing the time required by a Participant to respond to a Linkage Order and the amount of time a member sending a Linkage Order must wait before trading through a nonresponsive Participant should facilitate the more timely execution of orders across the options markets. In addition, the Commission finds that it is appropriate to summarize put into effect Joint Amendment No. 22 upon publication of this notice on a temporary basis for 120 days. The Commission believes that such action is appropriate in the public interest, for the protection of investors and the maintenance of fair and orderly markets, because it will facilitate implementation of the Joint Amendment No. 22 in conjunction with the commencement of options penny quoting pilot program.
