The Commission proposes to revise the FCC Form 349 to reflect the revised purpose and eligibility changes in the rules applicable to FM translator stations.

FCC Form 349 is used to apply for authority to construct a new FM translator or FM booster broadcast station, or to make changes in the existing facilities of such stations. This form also includes the third party disclosure requirement of 47 CFR 73.3580. FCC Form 302-DTV is used by licensees and permittees of Digital TV ("DTV") broadcast stations to obtain a new or modified station license and/or to notify the Commission of certain changes in the licensed facilities of those stations. It may be used: (1) To cover an authorized construction permit (or auxiliary antenna), provided that the facilities have been constructed in compliance with the provisions and conditions specified on the construction permit; or (2) To implement modifications to existing licenses as permitted by 47 CFR 73.1675(c) or 73.1690(c).

FCC Form 340 is used by licensees and permittees to apply for authority to construct a new noncommercial educational ("NCE") FM, TV, and DTV broadcast station, or to make changes in the existing facilities of such a station. The FCC Form 340 is only used if the station will operate on a channel that is reserved exclusively for noncommercial educational use, or in the situation where applications for NCE stations on non-reserved channels are mutually exclusive only with one another.

The Commission is only proposing to revise FCC Form 349 in this information collection.
