

and state requirements for participation in emissions allowance trading programs, and without installing nitrogen oxide emissions controls required under the Acid Rain provisions of the Act.

The complaint also alleges that EKPC violated Title V of the Act by operating without a permit that included Acid Rain requirements for Dale Units 1 and 2, and that EKPC violated Kentucky's SIP by failing to purchase and retire nitrogen oxide ozone season emissions allowances for Dale Units 1 and 2.

The proposed Consent Decree would require EKPC to install and operate nitrogen oxide emissions controls on Dale Units 1 and 2, to continuously operate pollution monitoring equipment for those units, and to apply for appropriate permits. The proposed Consent Decree would also require EKPC to pay a fixed penalty of \$11,400,000 over six years, with the possibility of additional penalty payments if EKPC meets certain thresholds of financial performance.

The Department of Justice will receive comments relating to the Consent Decree for a period of thirty (30) days from the date of this publication. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States v. East Kentucky Power Cooperative*, D.J. Ref. No. 90-5-2-1-08835.

The Consent Decree may be examined at the Office of the United States Attorney, Eastern District of Kentucky, 260 West Vine Street, Suite 300, Lexington, Kentucky 40507-1612, and at U.S. EPA Region IV, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960.
