I. Description

Legislative Authority: Title III of the Child Abuse Amendments of 1984 (Public Law (Pub. L.) 98-457, 42 United States Code (U.S.C.) 10401 *et seq.*) is entitled the "Family Violence Prevention and Services Act" (FVPSA). FVPSA was first implemented in FY 1986. The statute was subsequently amended by Pub. L. 100-294, the "Child Abuse Prevention, Adoptions, and Family Services Act of 1988;" further amended in 1992 by Pub. L. 102-295; and then amended in 1994 by Pub. L. 103-322, the "Violent Crime Control and Law Enforcement Act." FVPSA was amended again in 1996 by Pub. L. 104-235, the "Child Abuse Prevention and Treatment Act (CAPTA) of 1996;" in 2000 by Pub. L. 106-386, the "Victims of Trafficking and Violence Protection Act," and amended further by Pub. L. 108-36, the "Keeping Children and Families Safe Act of 2003." FVPSA was most recently amended by Pub. L. 109-162, the "Violence Against Women Reauthorization Act of 2005" and by Pub. L. 109-271, which was enacted on August 17, 2006." FVPSA may be found at 42 U.S.C. 10401 *et seq.*

Background

The purpose of this legislation is to assist States and Indian Tribes, Tribal organizations, and non-profit private organizations approved by an Indian Tribe in supporting the establishment, maintenance, and expansion of programs and projects to prevent incidents of family violence and to provide immediate shelter and related assistance for victims of family violence and their dependents.

During FY 2006, 241 grants were made to States and Indian Tribes, Tribal organizations, and non-profit private organizations approved by Indian Tribes. The U.S. Department of Health and Human Services (HHS) also made 53 family violence prevention grant U.S. awards to non-profit State domestic violence coalitions.

In addition, HHS supports the National Resource Center for Domestic Violence (NRC) and four Special Issue

Resource Centers (SIRCS). The four SIRCS are the Battered Women's Justice Project, the Resource Center on Child Custody and Protection, Sacred Circle Resource Center for the Elimination of Domestic Violence Against Native Women, and the Health Resource Center on Domestic Violence. The purpose of NRC and SIRCS is to provide resource information, training, and technical assistance to Federal, State, and Native American agencies, local domestic violence prevention programs, and other professionals who provide services to victims of domestic violence. In February 1996, HHS funded the National Domestic Violence Hotline (Hotline) to ensure that every woman and man has access to information and emergency assistance wherever and whenever it is needed. The Hotline is a 24-hour, toll-free service that provides crisis assistance, counseling, and local shelter referrals to women across the country. Hotline counselors also are available for non-English speaking persons and for people who are hearing-impaired. The Hotline number is 1-800-799-SAFE (7233); the TTY number for the hearing-impaired is 1-800-787-3224.

General Grant Program Requirements Applicable to States

Definitions

States should use the following definitions in carrying out their programs. The definitions are found in section 320 of FVPSA.

Family Violence: Any act or threatened act of violence, including any forceful detention of an individual, which: (a) Results or threatens to result in physical injury; and (b) is committed by a person against another individual (including an elderly person) to whom such person is or was related by blood or marriage or otherwise legally related or with whom such person is or was lawfully residing.

Shelter: The provision of temporary refuge and related assistance in compliance with applicable State law and regulation governing the provision, on a regular basis, of shelter, safe homes, meals, and related assistance to victims of family violence and their dependents.

Related assistance: The provision of direct assistance to victims of family violence and their dependents for the purpose of preventing further violence, helping such victims to gain access to civil and criminal courts and other community services, facilitating the efforts of such victims to make decisions concerning their lives in the interest of safety, and assisting such victims in

healing from the effects of the violence. Related assistance includes:

(a) Prevention services such as outreach and prevention services for victims and their children, assistance for children who witness domestic violence, employment training, parenting and other educational services for victims and their children, preventive health services within domestic violence programs (including services promoting nutrition, disease prevention, exercise, and prevention of substance abuse), domestic violence prevention programs for school-age children, family violence public awareness campaigns, and violence prevention counseling services to abusers;

(b) Counseling with respect to family violence, counseling or other supportive services provided by peers individually or in groups, and referral to community social services;

(c) Transportation and technical assistance with respect to obtaining financial assistance under Federal and State programs, and referrals for appropriate health-care services (including alcohol and drug abuse treatment), but shall not include reimbursement for any health-care services;

(d) Legal advocacy to provide victims with information and assistance through the civil and criminal courts, and legal assistance; or

(e) Children's counseling and support services, and child care services for children who are victims of family violence or the dependents of such victims, and children who witness domestic violence.

Annual State Administrators Grantee Conference

The annual grantee conference for the State FVPSA Administrators is a training and technical assistance activity. A subsequent Program Instruction and/or Information Memorandum will advise the State FVPSA Administrators of the date, time and location of their grantee conference.

Client Confidentiality

FVPSA programs must establish or implement policies and protocols for maintaining the safety and confidentiality of the adult victims and their children of domestic violence, sexual assault, and stalking. It is essential that the confidentiality of individuals receiving FVPSA services be protected. Consequently, when providing statistical data on program activities and program services, individual identifiers of client records will not be used (section 303(a)(2)(E)).

The confidentiality provisions described at 42 U.S.C., section 13701, apply to programs funded under the Violence Against Women Act, as amended, including certain awards made under the Family Violence Prevention and Services Act. These confidentiality requirements were strengthened and clarified with the passage of the Violence Against Women Reauthorization Act of 2005, Pub. L. 109-162, as recently amended by Pub. L. 109-271. The revised confidentiality provisions impose conditions regarding the disclosure of personally identifying information, confidentiality, information sharing, and compulsory release of information.

Stop Family Violence Postal Stamp

The U.S. Postal Service was directed by the "Stamp Out Domestic Violence Act of 2001" (the Act), Pub. L. 107-62, to make available a "semipostal" stamp to provide funding for domestic violence programs. Funds raised in connection with sales of the stamp, less reasonable costs, have been transferred to HHS in accordance with the Act for support of services to children and youth affected by domestic violence.

As of FY 2006, \$2.3 million has been transferred and made available in support of grants for "Demonstration Programs for The Enhanced Services to Children and Youth Who Have Been Exposed to Domestic Violence." Sixty-five (65) applications were received and reviewed and nine (9) successful applicants are in the second year of their projects. The project sites are in Castle Rock, CO; Harrisburg, PA; Oklahoma City, OK; Eugene, OR; Oakland, CA; Albany, NY; Lansing, MI; Richmond, VA; and Washington, DC. ACF anticipates information on the progress and activities of the successful applicants and their programs in FY 2007.

The Importance of Coordination of Services

The impacts of domestic violence include physical injury and death of primary or secondary victims, psychological trauma, isolation from family and friends, harm to children witnessing or experiencing violence in homes in which the violence occurs, increased fear, reduced mobility and employability, homelessness, substance abuse, and a host of other health and related mental health consequences.

Coordination and collaboration among the police, prosecutors, the courts, victim services providers, child welfare and family preservation services, and medical and mental health service providers is needed to provide

more responsive and effective services to victims of domestic violence and their families. It is essential that all interested parties are involved in the design and improvement of intervention and prevention activities.

To help bring about a more effective response to the problem of domestic violence, HHS urges the designated State agencies receiving funds under this grant announcement to coordinate activities funded under this grant with other new and existing resources for the prevention of domestic violence and related issues.

National Data Collection and Outcomes Measurement (DOW)

The need to accurately communicate reliable and appropriate data that capture the impact of domestic violence prevention and intervention efforts, and to provide shelters, States and State domestic violence coalitions with tools for self-assessment, continues as the Documenting Our Work (DOW) Initiative. In collaboration with partners at the State FVPSA programs, State domestic violence coalitions, and experts on both data collection and domestic violence prevention issues, the effort to develop informative, succinct and non-burdensome reporting formats continues. During FY 2006 and in concert with State FVPSA administrators, State domestic violence coalitions, and local service providers, four (4) States have volunteered as pilot sites to assess proposed program reporting procedures and test the reliability of the outcome measures for FVPSA programs. Any recommended changes for information and reporting formats will be accompanied by specifically designated workshops or adjunctive discussions to regularly occurring meetings.

II. Funds Available

For FY 2007, HHS will make available for grants to designated State agencies 70 percent of the amount appropriated under section 310(a)(1) of FVPSA, which is not reserved under section 310(a)(2). In separate announcements, HHS will allocate 10 percent of the foregoing appropriation to Tribes and Tribal organizations for the establishment and operation of shelters, safe houses, and the provision of related services; and 10 percent to the State Domestic Violence Coalitions to continue their work within the domestic violence community by providing technical assistance and training, and advocacy services among other activities with local domestic violence programs and to encourage appropriate responses to domestic violence within the States.

Five percent of the amount appropriated under section 310(a)(1) of FVSPA, which is not reserved under section 310(a)(2), will be available in FY 2007 to continue the support for the NRC and the four SIRCS. Additional funds appropriated under FVPSA will be used to support other activities, including training and technical assistance, collaborative projects with advocacy organizations and service providers, data collection efforts, public education activities, research and other demonstration projects, as well as the ongoing operation of the Hotline.

State Allocation

FVPSA grants to the States, the District of Columbia, and the Commonwealth of Puerto Rico are based on a population formula. Each State grant shall be \$600,000 with the remaining funds allotted to each State on the same ratio as the population of the State has to the population of all States (section 304(a)(2)). State populations are determined on the basis of the most recent census data available to the Secretary of HHS and, the Secretary shall use for such purpose, if available, the annual current interim census data produced by the Secretary of Commerce pursuant to section 181 of Title 13.

For the purpose of computing allotments, the statute provides that Guam, American Samoa, the Virgin Islands, and the Northern Mariana Islands will each receive grants of not less than one-eighth of one percent of the amounts appropriated (section 304(a)(1)).

Expenditure Period

FVPSA funds may be used for expenditures on and after October 1 of each fiscal year for which they are granted, and will be available for expenditure through September 30 of the following fiscal year, i.e., FY 2007 funds may be used for expenditures from October 1, 2006, through September 30, 2008. Funds are available for obligation through September 30, 2008, and must be liquidated by September 30, 2009.

Re-allotted funds, if any, are available for expenditure until the end of the fiscal year following the fiscal year that the funds became available for re-allotment. FY 2007 grant funds that are made available to the States through re-allotment, under section 304(d)(2), must be expended by the State no later than September 30, 2008.

III. Eligibility

“States” as defined in section 320 of FVPSA are eligible to apply for funds.

The term “State” means each of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Commonwealth of the Northern Mariana Islands. In the past, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, and American Samoa have applied for funds as a part of their consolidated grant under the Social Services Block grant. These jurisdictions need not submit an application under this program announcement if they choose to have their allotment included as part of a consolidated grant application.

Additional Information on Eligibility

D-U-N-S Requirement

All applicants must have a D&B Data Universal Numbering System (D-U-N-S) number. Appendix B—Certification Regarding Environmental Tobacco Smoke

Public Law 103227, Part C Environmental Tobacco Smoke, also known as the Pro Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor routinely owned or leased or contracted for by an entity and used routinely or regularly for provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1000 per day and/or the imposition of an administrative compliance order on the responsible entity. By signing and submitting this application the applicant/grantee certifies that it will comply with the requirements of the Act.

The applicant/grantee further agrees that it will require the language of this certification be included in any subawards which contain provisions for the children's services and that all subgrantees shall certify accordingly.

Appendix C—Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW., Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement;

consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(b) Establishing an ongoing drug-free awareness program to inform employees about—

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within 10 calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted—

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through

implementation of paragraphs (a), (b), (c), (d), (e) and (f).

(B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

Due Date for Applications: February 15, 2007.

Executive Summary: This announcement governs the proposed award of formula grants under the Family Violence Prevention and Services Act (FVPSA) to private, non-profit State Domestic Violence Coalitions (Coalitions). The purpose of these grants is to assist in the conduct of activities to promote domestic violence intervention and prevention and to increase public awareness of domestic violence issues.

This notice for family violence prevention and services grants to Coalitions serves two purposes. The first is to confirm a Federal commitment to reducing domestic violence; and the second purpose is to urge States,

localities, cities, and the private sector to become involved in State and local planning towards an integrated service delivery approach.

I. Description

Legislative Authority: Title III of the Child Abuse Amendments of 1984 (Public Law (Pub L.) 98-457, 42 United States Code (U.S.C.) 10401 et seq.) is entitled the "Family Violence Prevention and Services Act" (FVPSA). FVPSA was first implemented in Fiscal Year (FY) 1986. The statute was subsequently amended by Pub L. 100-294, the "Child Abuse Prevention, Adoptions, and Family Services Act of 1988;" further amended in 1992 by Pub L. 102-295; and then amended in 1994 by Pub L. 103-322, the "Violent Crime Control and Law Enforcement Act." FVPSA was amended again in 1996 by Pub L. 104-235, the "Child Abuse Prevention and Treatment Act (CAPTA) of 1996;" in 2000 by Pub L. 106-386, the "Victims of Trafficking and Violence Protection Act," and amended further by Pub L. 108-36, the "Keeping Children and Families Safe Act of 2003." FVPSA was most recently amended by Pub L. 109-162, the "Violence Against Women Reauthorization Act of 2005" and by Pub L. 109-271, which was enacted on August 17, 2006."

Background

Section 311 of FVPSA authorizes the U.S. Department of Health and Human Services (HHS) Secretary to award grants to statewide, private, non-profit Coalitions to conduct activities to promote domestic violence intervention and prevention and to increase public awareness of domestic violence issues.

Annual State Domestic Violence Coalition Grantee Conference

Coalitions should plan to send one or more representatives to the annual grantee conference. A subsequent Program Instruction and/or Information Memorandum will advise Coalition administrators of the date, time, and location of their grantee conference.

Client Confidentiality

FVPSA programs must establish or implement policies and protocols for maintaining the safety and confidentiality of the adult victims and their children of domestic violence, sexual assault, and stalking. It is essential that the confidentiality of individuals receiving FVPSA services be protected. Consequently, when providing statistical data on program activities and program services, individual identifiers of client records
