ADDRESSES: Send comments to Desk Officer for NARA, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202-395-5167.

SUPPLEMENTARY INFORMATION: Pursuant to the Paperwork Reduction Act of 1995 (Public Law 104-13), NARA invites the general public and other Federal agencies to comment on proposed information collections. NARA published a notice of proposed collection for these information collections on January 17, 2007 (72 FR 2018 and 2019). No comments were received. NARA has submitted the described information collections to OMB for approval.

In response to this notice, comments and suggestions should address one or more of the following points: (a) Whether the proposed information collections are necessary for the proper performance of the functions of NARA; (b) the accuracy of NARA's estimate of the burden of the proposed information collections; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of information technology; and (e) whether small businesses are affected by this collection. In this notice, NARA is soliciting comments concerning the following information collections:

1. *Title:* Court Order Requirements.

OMB number: 3095-0038.

Agency form number: NA Form 13027.

Type of review: Regular.

Affected public: Veterans and Former Federal civilian employees, their authorized representatives, state and local governments, and businesses.

Estimated number of respondents: 5,000.

Estimated time per response: 15 minutes.

Frequency of response: On occasion.

Estimated total annual burden hours: 1,250 hours.

Abstract: The information collection is prescribed by 36 CFR 1228.164. In accordance with rules issued by the Office of Personnel Management, the National Personnel Records Center (NPRC) of the National Archives and

Records Administration (NARA) administers Official Personnel Folders (OPF) and Employee Medical Folders (EMF) of former Federal civilian employees. In accordance with rules issued by the Department of Defense (DOD) and the Department of Transportation (DOT), the NPRC also administers military service records of veterans after discharge, retirement, and death, and the medical records of these veterans, current members of the Armed Forces, and dependents of Armed Forces personnel. The NA Form 13027, Court Order Requirements, is used to advise requesters of (1) the correct procedures to follow when requesting certified copies of records for use in civil litigation or criminal actions in courts of law and (2) the information to be provided so that records may be identified.

2. *Title:* Authorization for Release of Military Medical Patient Records, Request for Information Needed to Locate Medical Records, Request for Information Needed to Reconstruct Medical Data, and Questionnaire about Military Service.

OMB number: 3095-0039.

Agency form number: NA Forms 13036, 13042, 13055, and 13075.

Type of review: Regular.

Affected public: Veterans, their authorized representatives, state and local governments, and businesses.

Estimated number of respondents: 79,800.

Estimated time per response: 5 minutes.

Frequency of response: On occasion (when respondent wishes to request information from a military personnel, military medical, and dependent medical record).

Estimated total annual burden hours: 6,650 hours.

Abstract: The information collection is prescribed by 36 CFR 1228.164. In accordance with rules issued by the Department of Defense (DOD) and the Department of Transportation (DOT, U.S. Coast Guard), the National Personnel Records Center (NPRC) of the National Archives and Records Administration (NARA) administers military personnel and medical records of veterans after discharge, retirement, and death. In addition, NPRC administers the medical records of dependents of service personnel. When veterans, dependents, and other authorized individuals request information from or copies of documents in military personnel, military medical, and dependent medical records, they must provide on forms or in letters certain information about the veteran and the nature of the

request. A major fire at the NPRC on July 12, 1973, destroyed numerous military records. If individuals' requests involve records or information from records that may have been lost in the fire, requesters may be asked to complete NA Form 13075, Questionnaire about Military Service, or NA Form 13055, Request for Information Needed to Reconstruct Medical Data, so that NPRC staff can search alternative sources to reconstruct the requested information. Requesters who ask for medical records of dependents of service personnel and hospitalization records of military personnel are asked to complete NA Form 13042, Request for Information Needed to Locate Medical Records, so that NPRC staff can locate the desired records. Certain types of information contained in military personnel and medical records are restricted from disclosure unless the veteran provides a more specific release authorization than is normally required. Veterans are asked to complete NA Form 13036, Authorization for Release of Military Medical Patient Records, to authorize release to a third party of a restricted type of information found in the desired record.

Dated: March 21, 2007.

Assistant Archivist for Information Services.

ACTION: Notice of the OMB review of information collection and solicitation of public comment.

SUMMARY: The NRC has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. *Type of submission:* Revision.

2. *The title of the information collection:* Policy Statement for the

“Criteria for Guidance of States and NRC in Discontinuance of NRC Regulatory Authority and Assumption Thereof By States Through Agreement,” Maintenance of Existing Agreement State Programs, Request for Information Through the Integrated Materials Performance Evaluation Program (IMPEP) Questionnaire, and Agreement State Participation in IMPEP.

3. *The form number if applicable:* Not applicable.

4. *How often the collection is required:* There are four activities that occur under this collection: information collection activities required by the IMPEP questionnaire in preparation for an IMPEP review conducted no less frequently than every four years; while the following activities are all collected on an annual basis—policy statement addressing requirements for new Agreement States; participation by Agreement States in the IMPEP reviews; and annual requirements for Agreement States to maintain their programs.

5. *Who is required or asked to report:* 34 Agreement States who have signed Section 274b. Agreements with NRC.

6. *An estimate of the number of annual responses:* For States interested in becoming an Agreement State, approximately one State per year. For Agreement State participation in IMPEP reviews: 10 (7 State, 1 NRC Region, and 2 Follow-up reviews per year). For maintenance of existing Agreement State programs: 34 States. For Agreement State response to IMPEP questionnaires: 7 States. The total number of annual responses is 52.

7. *The estimated number of annual respondents:* 34.

10. *Abstract:* States wishing to become Agreement States are requested to provide certain information to the NRC as specified by the Commission's

Policy Statement, “Criteria for Guidance of States and NRC in Discontinuance of NRC Regulatory Authority and Assumption Thereof By States Through Agreement.” Agreement States need to ensure that the Radiation Control Program under the Agreement remains adequate and compatible with the requirements of Section 274 of the Atomic Energy Act (Act) and must maintain certain information. NRC conducts periodic evaluations through IMPEP to ensure that these programs are compatible with the NRC's program, meet the applicable parts of the Act, and are adequate to protect public health and safety.
