

raised in any such written comments or at a hearing, within 90 days of publication of these preliminary results.

Assessment Rates

Upon issuance of the final results of this review, the Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated importer-specific assessment rates based on the total amount of antidumping duties calculated for the examined sales made during the POR divided by the total quantity (in kilograms) of the examined sales. Upon completion of this review, where the assessment rate is above *de minimis*, we shall instruct CBP to assess duties on all entries of subject merchandise by that importer. The Department intends to issue assessment instructions to CBP fifteen days after the date of publication of the final results of review.

Cash Deposit Requirements

The following cash deposit rate will be effective upon publication of the final results of this new shipper review for shipments of stainless steel flanges from India entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Tariff Act. For subject merchandise produced and exported by Kunj, the cash deposit rate will be the rate established in the final results of this review, except if the rate is less than 0.5 percent and, therefore, *de minimis*, the cash deposit rate will be zero. This cash deposit requirement, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Interested Parties

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act.

Dated: January 25, 2007.

David M. Spooner,

Assistant Secretary for Import Administration.

Notice of Extension of Time Limit for Final Results of Antidumping Duty New Shipper Review: Honey from Argentina

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: January 31, 2007.

FOR FURTHER INFORMATION CONTACT: David Cordell or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-0408 or (202) 482-0469, respectively.

On November 24, 2006, the Department of Commerce (the Department) published the preliminary results of the new shipper review of the antidumping duty order on honey from Argentina, covering the period December 1, 2004, through December 31, 2005, and the following exporter: Patagonik S.A. See *Honey From Argentina: Preliminary Results of New Shipper Review*, 71 FR 67850 (November 24, 2006). On December 15, 2006, the **Federal Register** published a correction notice due to typographical errors in the original preliminary results notice. See *Corrections Honey From Argentina: Preliminary Results of New Shipper Review*, 71 FR 75614 (December 15, 2006). The final results are currently due on February 14, 2007.¹

SUPPLEMENTARY INFORMATION:

Extension of Time Limits for Final Results

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.214(i)(1) require the Department to issue the final results of a new shipper review within 90 days after the date on which the preliminary results were issued. The Department may, however, extend the deadline for completion of the final results of a new shipper review to 150 days if it determines that the case is extraordinarily complicated. See section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2).

¹ The November 24, 2006, **Federal Register** Notice stated the Department would issue final results within 120 days of publication of the Preliminary Results. The Notice should have read that the Department will issue the final results within 90 days after the date on which the preliminary results were issued. See 19 CFR 351.214(i)(1). The Department hereby corrects this inadvertent error.

As a result of extraordinarily complicated issues raised in the review segment, specifically the multiple issues raised by petitioner with regard to the *bona fide* nature of the sale as well as issues regarding the beekeepers' costs, it is not practicable to complete this new shipper review within the current time limit. Accordingly, the Department is extending the time limit for the completion of the final results by 60 days until April 15, 2007, in accordance with section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2). Because April 15 falls on a Sunday, the deadline for the completion of the final results is April 16, 2007, the next business day.

This notice is issued and published in accordance with section 751(a)(2)(B) of the Act.

Dated: January 23, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Stainless Steel Sheet and Strip in Coils From the Republic of Korea; Final Results and Rescission of Antidumping Duty Administrative Review in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On April 10, 2006, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on stainless steel sheet and strip in coils (SSSSC) from the Republic of Korea (Korea) (71 FR 18074). This review covers five producers/exporters of the subject merchandise to the United States. The period of review (POR) is July 1, 2004, through June 30, 2005. We are rescinding the review with respect to eight companies because they had no shipments of subject merchandise to the United States during the POR.

Based on our analysis of the comments received, we have made changes in the margin calculation for DaiYang Metal Co., Ltd. (DMC), a respondent in this review. Therefore, the final results differ from the preliminary results. The final weighted-average dumping margins for the reviewed firms are listed below in the section entitled "Final Results of Review."
