#### Notice of Proposed Withdrawal and Opportunity for Public Meeting; Alaska

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** The U.S. Department of Agriculture, Forest Service (U.S. Forest Service), has filed an application with the Bureau of Land Management (BLM) requesting the Secretary of the Interior to withdraw approximately 720 acres of land for the Spencer Glacier Recreation and Mineral Material Site, a part of the Chugach National Forest reservation in Alaska. This notice segregates the land from location and entry under the United States mining laws for 2 years, while various studies and analyses are made to support a final decision on the withdrawal application. The land will remain open to all other uses which can by law be made of National Forest lands, including disposition of materials under the Act of July 31, 1947, as amended.

**DATES:** Comments and requests for a public meeting must be received by May 29, 2007.

**ADDRESSES:** Comments and meeting requests should be sent to the Alaska State Director, BLM Alaska State Office, 222 West 7th Avenue, No. 13, Anchorage, Alaska 99513-7504, and to the Regional Forester, U.S. Department of Agriculture, Forest Service, Alaska Region, P.O. Box 21628, Juneau, Alaska 99802-1628.

**FOR FURTHER INFORMATION CONTACT:** Terrie D. Evarts, BLM Alaska State Office, (907) 271-5630.

**SUPPLEMENTARY INFORMATION:** The applicant for the above withdrawal is

the U.S. Forest Service at the address stated above. Acting on behalf of and with the consent of the Secretary of Agriculture, the applicant requests the Secretary of the Interior, pursuant to section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714, 43 CFR 2310.1-2(c)(3), to withdraw the following described National Forest System land for a period of 20 years from location and entry under the United States mining laws, subject to valid existing rights:

#### Seward Meridian

*Chugach National Forest*

T. 7 N., R. 2 E., unsurveyed.

Sec. 2, S $\frac{1}{2}$ SE $\frac{1}{4}$ ;

Sec. 11, N $\frac{1}{2}$ , N $\frac{1}{2}$ SW $\frac{1}{4}$ , SE $\frac{1}{4}$ SW $\frac{1}{4}$ , and

N $\frac{1}{2}$ SE $\frac{1}{4}$ ;

Sec. 12, W $\frac{1}{2}$ NW $\frac{1}{4}$  and NW $\frac{1}{4}$ SW $\frac{1}{4}$ .

The area described contains approximately 720 acres.

The use of a right-of-way, an interagency agreement, or a cooperative agreement would not adequately constrain non-discretionary mining locations and related uses.

There are no suitable alternative sites with comparable developed access and suitable quantity and quality of gravel and quarry rock. The purpose of the proposed withdrawal will be to aid in making high quality rock and gravel available for community uses and is also identified for protection of access from the railroad for existing recreational amenities including glacier viewing, rafting, and the trail network development.

No additional water rights would be needed to fulfill the purpose of the requested withdrawal.

The case file, including applicable environmental documents, can be examined by interested persons in the BLM Alaska State Office, at the address stated above.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the Alaska State Director of the Bureau of Land Management at the address indicated above. Individual respondents may request confidentiality. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to
