#### SUPPLEMENTARY INFORMATION:

*Title:* Issuance Reconciliation Report.

*OMB Number:* 0584-0080.

*Form Number:* FNS-46.

*Expiration Date:* December 31, 2007.

*Type of Request:* Revision of a currently approved collection.

*Abstract:* Section 7(d) of the Food Stamp Act of 1977, as amended, (the Act) (7 U.S.C.

2016(d), requires State agencies to report on their benefits issuance operations not less than monthly.

Section 11(a) of the Act (7 U.S.C. 2020(a)) requires State agencies to assume responsibility for the issuance, control, and accountability of benefits.

Regulations at 7 CFR 274.4(a) and 274.4(b)(2) require State agencies to account for all issuance through the reconciliations process and to submit a report on this process using Form FNS-46, Issuance Reconciliation Report. These reports must be submitted to the Food and Nutrition Service (FNS) monthly and must reach FNS no later than 90 days following the end of each report month. The FNS-46 report reflects the total issuance, returns, and unauthorized issuance amounts resulting in the net Federal obligation.

The proposed revision to the information collection burden associated with Form FNS-46, Issuance Reconciliation Report, reflects a reduction because of the requirement in Section 7(i) of the Act, (7 U.S.C. 2016(i)) for State agencies to change from coupon to EBT systems. As States implemented their EBT systems, they generally reduced their issuance reconciliation points to a single location. Therefore, the number of respondents and responses declined as the number of States with EBT systems increased.

*Respondents:* State and local government employees or contractors.

*Estimated Number of Respondents:* 54.

*Number of Responses per Respondent:* 12.

*Estimated Time per Response:* 8 hours.

*Estimated Total Annual Burden on Respondents:* 5,184 hours.

Dated: April 17, 2007.

**Roberto Salazar,**

*Administrator, Food and Nutrition Service.*

## CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

### Sunshine Act Meeting—May 9, 2007—7 p.m.

In connection with its investigation into the cause of a November 22, 2006, explosion and fire at the CAI/Arnel manufacturing facility in Danvers, Massachusetts, the United States Chemical Safety and Hazard Investigation Board (CSB) announces that it will convene a community meeting on May 9, 2007 starting at 7 p.m. in the Grand Ballroom at the Sheraton Ferncroft Resort, 50 Ferncroft Road, Danvers, MA 01923.

At the meeting CSB staff will present to the Board the preliminary results of their investigation into this incident. There will be a public comment period after the investigators' presentation.

During the early morning hours of November 22, a powerful explosion destroyed the CAI/Arnel manufacturing facility in Danvers, Massachusetts. Scores of nearby homes and businesses were damaged, some beyond repair. A number of residents were hospitalized. There were no injuries in the plant, which was unoccupied at the time.

After the staff presentation, the Board will allow a time for public comment. Following the conclusion of the public comment period, the Board will consider whether the preliminary facts presented necessitate any recommendations prior to the final completion of the Board's investigative report.

All staff presentations are preliminary and are intended solely to allow the Board to consider in a public forum the issues and factors involved in this case. No factual analyses, conclusions or findings should be considered final.
