

seeking authorization) is required to establish annually that its Longshore Act obligations are fully secured either through an applicable state guaranty (or analogous) fund, a deposit of security with the Division of Longshore and Harbor Workers' Compensation (DLHWC), or a combination of both. Similarly, each authorized self-insurer (or employer seeking authorization) is required to fully secure its Longshore Act obligations by depositing security with DLHWC. These requirements are designed to assure the prompt and continued payment of compensation and other benefits by the responsible carrier or self-insurer to injured workers and their survivors.

Forms collect information used for determining appropriate security deposit amounts and insuring compliance with the security deposit requirements are described below.

LS-276, Application for Security Deposit Determination. Each currently authorized carrier and any carrier seeking such authorization must apply annually for a determination of the amount of security it must deposit with DLHWC by completing Form LS-276. DLHWC will use the information collected on Form LS-276 to determine the required security deposit amount for each carrier in light of the applicable state guaranty fund coverage. Regulations establishing this requirement are set forth at 20 CFR 703.2, 703.203, 703.209, 703.210, and 703.212.

LS-275 IC, Agreement and Undertaking (Insurance Carrier); LS-275 SI, Agreement and Undertaking (Self-Insured Employer). After DLHWC determines the amount of the required security deposit, the insurance carrier or self-insured employer executes Form LS-275 IC or LS-275 SI, respectively, to: (1) Report the security it has deposited and grant the Department a security interest in the collateral; (2) agree to abide by the Department's rules; and (3) authorize the Department to bring suit on any deposited indemnity bond, draw upon any deposited letters of credit, or to collect the interest and principal or sell any deposited negotiable securities when it deems it necessary to assure the carrier's or self-insurer's prompt payment of compensation and any other Longshore Act obligations it has. DLHWC reviews the information collected and verifies that the carrier or self-insurer has deposited the correct amount of security. DLHWC uses this information if it takes action on the security deposited to assure that the carrier or self-insurer meets its Longshore Act obligations. Regulations establishing

these requirements are set forth at 20 CFR 703.2, 703.204, 703.205, 703.303 and 703.304.

1. On page 20877, starting in the middle column, the question "Can a National or Regional Organization Apply to Serve Multiple Urban or Rural Communities?" and its answer is now deleted from the solicitation.

The solicitation is amended to add the following question: Can I Apply For Multiple Towns in One Application? If a town is large enough to reasonably support a YouthBuild program, the grant activities should generally be focused on one town. If the applicant determines that the town is not large enough to support a YouthBuild program, it may include additional towns and provide justification for the larger service area. If multiple towns are included together in the application, applicants must limit the total requested grant amount to \$1.1 million.

2. On page 20878, in the middle column, Part III. (A) Eligible Applicants, it states the following: An organization is an eligible applicant for these grants if it is a public or private nonprofit agency or organization (including a consortium of such agencies or

The solicitation is amended to add the following statement: Construction materials that are acquired without grant funds and are used for houses as part of the training for YouthBuild participants may be used in fulfilling the 25 percent match requirement. The match may be cash or in-kind resources and must meet all the requirements in accordance with the applicable Federal cost principles.
