Fisheries of the Exclusive Economic Zone Off Alaska; Atka Mackerel With Gears Other than Jig in the Eastern Aleutian District and the Bering Sea Subarea in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Atka mackerel with gears other than jig in the Eastern Aleutian District and the Bering Sea subarea in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2007 Atka mackerel total allowable catch (TAC) with gears other than jig in the Eastern Aleutian District and the Bering Sea subarea in the BSAI.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), September 11, 2007,

through 1200 hrs, A.l.t., December 31, 2007.

FOR FURTHER INFORMATION CONTACT:

Jennifer Hogan, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2007 Atka mackerel TAC for gears other than jig in the Eastern Aleutian District and the Bering Sea subarea in the BSAI is 22,015 metric tons (mt) as established by the 2007 and 2008 final harvest specifications for groundfish in the BSAI (72 FR 9451, March 2, 2007).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2007 Atka mackerel TAC for gears other than jig in the Eastern Aleutian District and the Bering Sea subarea in the BSAI will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 21,915 mt, and is setting aside the remaining 100 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Atka mackerel for gears other than jig in the Eastern Aleutian District and the Bering Sea subarea in the BSAI.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would

delay the closure of Atka mackerel for gears other than jig in the Eastern Aleutian District and the Bering Sea subarea of the BSAI. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of September 10, 2007.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: September 11, 2007.
