El Paso Natural Gas Company; Notice of Proposed Changes in FERC Gas Tariff

June 29, 2007.

Take notice that on June 27, 2007, El Paso Natural Gas Company (EPNG) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1-A, the following tariff sheets and a Rate Schedule PAL agreement (PAL) with Salt River Project Agricultural Improvement and Power District to become effective August 1, 2007:

Seventeenth Revised Sheet No. 2
Eighth Revised Sheet No. 2A

EPNG states the Rate Schedule PAL Agreement is being submitted for the Commission's information and review and has been listed on the tendered tariff sheet as a non-conforming agreement.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or

before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. State University of New York, Old Westbury; Notice of Self-Certification of Qualifying Status of a Cogeneration Facility

June 29, 2007.

Take notice that on March 15, 2007, the State University of New York (SUNY), 223 Store Hill Road, Old Westbury, New York 11568 filed with the Federal Energy Regulatory Commission a notice of self-certification of a facility as a qualifying cogeneration facility pursuant to 18 CFR 292.207(a) of the Commission's regulations.

Description of facility:

(A) The cogeneration facility produces electricity and high temperature hot water (250 °F to 350 °F),

(B) the energy source used is natural gas,

(C) the power production equipment is a GE Jenbacher Model JMS 612 GS NL Gaseous Generator Set. It uses a Stamford HVS 1804R2 generator with a gross rated capacity of 1778 kW and net capacity of 1723 kW at unity power factor,

(D) the cogeneration facility is located on the SUNY Old Westbury campus, in the boiler room.

The cogeneration facility expects to interconnect to the Long Island Power Authority (LIPA) and LIPA will provide standby, back-up and maintenance power.

A notice of self-certification does not institute a proceeding regarding qualifying facility status; a notice of self-certification provides notice that the entity making filing has determined the Facility meets the applicable criteria to be a qualifying facility. Any person seeking to challenge such qualifying facility status may do so by filing a motion pursuant to 18 CFR 292.207(d)(iii).
