**SUPPLEMENTARY INFORMATION:**

*Title:* Swine Health Protection.

*OMB Number:* 0579-0065.

*Type of Request:* Extension of approval of an information collection.

*Abstract:* The Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture regulates the importation and interstate movement of animals and animal products, and conducts various other activities to protect the health of our Nation's livestock and poultry.

The Swine Health Protection Act prohibits the feeding of garbage to swine unless the garbage has been treated to kill disease organisms. Untreated garbage is one of the primary media through which numerous infectious and communicable diseases can be transmitted to swine. APHIS' regulations promulgated under the

Swine Health Protection Act, which are located at 9 CFR part 166, require that, before garbage may be fed to swine, it must be treated at a facility holding a valid permit to treat the garbage and must be treated according to the regulations.

APHIS requires certain information in order to license (issue a permit to) a facility to operate and in order to monitor the facility for compliance with the regulations. This information is collected from applications for a license to operate a garbage treatment facility, records of the destination and date of removal of all food waste or garbage from the treatment facility, and food waste reports. With this information, we are able to carefully monitor garbage treatment facilities to ensure that they are meeting our requirements. The information provided by these information collection activities is critical in preventing the interstate spread of various swine diseases and, therefore, plays a vital role in our swine health protection program.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning this information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

*Estimate of burden:* The public reporting burden for this collection of information is estimated to average 0.927559193 hours per response.

*Respondents:* Owners/operators (licensees) of garbage treatment facilities, State animal health authorities, and herd owners.

*Estimated annual number of respondents:* 1,916.

*Estimated annual number of responses per respondent:* 5.929540709.

*Estimated annual number of responses:* 11,361.

*Estimated total annual burden on respondents:* 10,538 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 4th day of October 2007.

#### **Stainless Steel Bar From the United Kingdom: Notice of Initiation and Preliminary Results of Changed Circumstances Review, and Intent To Revoke Order in Part**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**DATES:** *Effective Dates:* October 11, 2007.

**SUMMARY:** Swagelok Company (Swagelok), an interested party, filed a request for the Department to initiate a changed circumstances review of the antidumping duty order on stainless steel bar from the United Kingdom. Carpenter Technology Corp., Crucible Specialty Metals Division of Crucible Materials Corp., Electralloy Corp., North American Stainless, Universal Stainless & Alloy Products, Inc., and Valbruna Slater Stainless, Inc. (collectively the Domestic Industry) submitted a letter to the Department expressing a lack of interest in continuing to have the product in question subject to the antidumping duty order. The Domestic Industry also stated that it is a major domestic producer of stainless steel bar. Therefore, we are notifying the public of our intent to revoke, in part, the antidumping duty order as it relates to imports of SAF 2507 grade stainless steel bar from the United Kingdom. Interested parties are invited to comment on these preliminary results.

**FOR FURTHER INFORMATION CONTACT:** Kate Johnson or Rebecca Trainor, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of

Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4929 or (202) 482-4007, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On March 7, 2002, the Department published in the **Federal Register** an antidumping duty order on stainless steel bar from the United Kingdom. See *Antidumping Duty Order: Stainless Steel Bar from the United Kingdom*, 67 FR 10381 (March 7, 2002). On August 27, 2007, Swagelok, an interested party, requested that the Department initiate a changed circumstances review to exclude a certain stainless steel bar product (SAF 2507 grade bar) from the antidumping duty order on stainless steel bar from the United Kingdom. On September 18, 2007, the Domestic Industry submitted a letter affirming that the Domestic Industry does not object to the exclusion of the product identified in the August 27, 2007, request submitted by Swagelok for a changed circumstances review with respect to the antidumping duty order on stainless steel bar from the United Kingdom. On September 21, 2007, the petitioners submitted a statement affirming that they account for substantially all of the U.S. production of stainless steel bar, exceeding 85 percent of total domestic production. On September 25, 2007, Sandvik Bioline, a U.K. producer of stainless steel bar, provided a technical description of the stainless steel bar product Swagelok has requested to be excluded from the scope of the antidumping duty order.<sup>1</sup>

##### Scope of the Order

For purposes of this order, the term "stainless steel bar" includes articles of stainless steel in straight lengths that have been either hot-rolled, forged, turned, cold-drawn, cold-rolled or otherwise cold-finished, or ground, having a uniform solid cross section along their whole length in the shape of circles, segments of circles, ovals, rectangles (including squares), triangles, hexagons, octagons, or other convex polygons. Stainless steel bar includes cold-finished stainless steel bars that are turned or ground in straight lengths, whether produced from hot-rolled bar or from straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process.

<sup>1</sup> Sandvik Bioline is the producer of the product which is the subject of Swagelok's changed circumstances review request.

Except as specified above, the term does not include stainless steel semi-finished products, cut length flat-rolled products (*i.e.*, cut length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), products that have been cut from stainless steel sheet, strip or plate, wire (*i.e.*, cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections. The stainless steel bar subject to this order is currently classifiable under subheadings 7222.11.00.05, 7222.11.00.50, 7222.19.00.05, 7222.19.00.50, 7222.20.00.05, 7222.20.00.45, 7222.20.00.75, and 7222.30.00.00 of the *Harmonized Tariff Schedule of the United States* (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

##### Initiation and Preliminary Results of Changed Circumstances Review, and Intent To Revoke Order in Part

At the request of Swagelok, and in accordance with sections 751(d)(1) and 751(b)(1) of the Act, and 19 CFR 351.216, the Department is initiating a changed circumstances review of the antidumping duty order on stainless steel bar from the United Kingdom to determine whether partial revocation of this order is warranted with respect to SAF 2507 grade stainless steel bar. Section 782(h)(2) of the Act and 19 CFR 351.222(g)(1)(i) provide that the Department may revoke an order (in whole or in part) if it determines that producers accounting for substantially all of the production of the domestic like product have no further interest in the order, in whole or in part. In addition, in the event that the Department determines that expedited action is warranted, 19 CFR 351.221(c)(3)(ii) permits the Department to combine the notices of initiation and preliminary results.

In accordance with section 751(b) of the Act, and 19 CFR 351.222(g)(1)(i) and 351.221(c)(3), we are initiating this changed circumstances review and have determined that expedited action is warranted. We find that the petitioners' affirmative statement of no interest constitutes good cause for the conduct of this review. Additionally, our decision to expedite this review stems from the Domestic Industry's lack of interest in applying the antidumping duty order to the specific stainless steel

bar product (*i.e.*, SAF 2507 grade bar) covered by this request.

Based on the expression of no interest by the petitioners and absent any objection by any other domestic interested parties, we have preliminarily determined that substantially all of the domestic producers of the like product have no interest in the continued application of the antidumping duty order on stainless steel bar to SAF 2507 grade bar. Therefore, we are notifying the public of our intent to revoke, in part, the antidumping duty order as it relates to imports of SAF 2507 grade stainless steel bar from the United Kingdom.

We intend to change the scope of the order with respect to excluded products to read as follows:

Except as specified above, the scope does not include stainless steel semi-finished products, cut length flat-rolled products (*i.e.*, cut length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), products that have been cut from stainless steel sheet, strip or plate, wire (*i.e.*, cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections.

Also excluded from the scope of the order is grade SAF 2507 stainless steel bar. SAF 2507 is cold worked and finished Super Duplex stainless steel bar material in round and hexagonal form, conforming to UNS S32750, having elevated ultimate tensile strength in excess of 140Ksi minimum and a PRE (pitting resistant equivalent) value of 42.5 minimum, supplied in straight bar lengths. SAF 2507 grade stainless steel bar is currently classified under HTSUS subheadings 7222.20.00.45 and 7222.20.00.75.

##### Public Comment

Interested parties are invited to comment on these preliminary results. Written comments may be submitted no later than 14 days after the date of publication of these preliminary results. Rebuttals to written comments, limited to issues raised in such comments, may be filed no later than 21 days after the date of publication. The Department will issue the final results of this changed circumstances review, which will include the results of its analysis raised in any such written comments, no later than 270 days after the date on which this review was initiated, or within 45 days if all parties agree to our preliminary results. See 19 CFR 351.216(e).

If final revocation occurs, we will instruct U.S. Customs and Border Protection to end the suspension of

liquidation for the merchandise covered by the revocation on the effective date of the notice of revocation and to release any cash deposit or bond. See 19 CFR 351.222(g)(4). The current requirement for a cash deposit of estimated antidumping duties on all subject merchandise will continue unless and until it is modified pursuant to the final results of this changed circumstances review.

This initiation and preliminary results of review are in accordance with section 751(b) of the Act and 19 CFR 351.216, 351.221, and 351.222.

#### **Wooden Bedroom Furniture from the People's Republic of China: Extension of Time Limits for the Preliminary Results of the Antidumping Duty Administrative Review and New Shipper Reviews**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**OCTOBER 11, 2007.**

**FOR FURTHER INFORMATION CONTACT:** Paul Stolz, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4474.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

The Department of Commerce ("the Department") published an antidumping duty order on wooden bedroom furniture ("WBF") from the People's Republic of China ("PRC") on January 4, 2005. See *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Wooden Bedroom Furniture From the People's Republic of China*, 70 FR 329 (January 4, 2005). On March 7, 2007, the Department published in the **Federal Register** a notice of the initiation of the antidumping duty administrative review of WBF from the PRC and new shipper reviews for the period January 1, 2006 through December 31, 2006. See *Notice of Initiation of Administrative Review of*

*the Antidumping Duty Order on Wooden Bedroom Furniture From the People's Republic of China*, 72 FR 10159 (March 7, 2007) and *Wooden Bedroom Furniture from the People's Republic of China: Initiation of New Shipper Reviews*, 72 FR 10158 (March 7, 2007). On August 27, 2007, the Department aligned the deadlines and the time limits of the new shipper reviews of WBF with the 2006 administrative review of WBF. See Memorandum to the File from Gene Degnan, Case Analyst, through Wendy Frankel, Office Director, dated August 27, 2007. The preliminary results of these reviews are currently due no later than October 3, 2007.

#### **Extension of Time Limit of Preliminary Results.**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue preliminary results within 245 days after the last day of the anniversary month of an order. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time period to a maximum of 365 days. Completion of the preliminary results of these reviews within the 245-day period is not practicable because the Department needs additional time to analyze information pertaining to the respondents' sales practices, factors of production, and corporate relationships, to evaluate certain issues raised by the petitioners, and to issue and review responses to supplemental questionnaires.

Because it is not practicable to complete these reviews within the time specified under the Act, we are fully extending the time period for issuing the preliminary results of review to 365 days until January 31, 2008, in accordance with section 751(a)(3)(A) of the Act. The final results continue to be due 120 days after the publication of the preliminary results. This notice is published pursuant to sections 751(a) and 777(i) of the Act.

Dated: October 1, 2007.
