

Abstract: Under the Labor Management Relations Act of 1947, 29 U.S.C. 158(d), Congress listed specific notice provisions so that no party to a collective bargaining agreement can terminate or modify that contract, unless the party wishing to terminate or modify the contract sends a written notice to the other party sixty days prior to the expiration date (29 U.S.C. 158(d)(1)), and offers to meet and confer with the other party for the purpose of negotiating a new or modified contract (29 U.S.C. 158(d)(2)). Furthermore, the Act requires that parties notify the Federal Mediation and Conciliation Service within thirty days after such notice of the existence of a dispute and simultaneously notify any State or Territory where the dispute occurs (29 U.S.C. 158(d)(3)). The 1974 amendments to the National Labor Relations Act, which extended coverage to nonprofit health care institutions, also created a notification procedure in the health care industry requiring parties to notify each other 90 days in advance of termination and 60 days in advance to FMCS (29 U.S.C. 158(d)). This amendment also requires 30-day notification of bargaining for an initial agreement to the FMCS. To facilitate handling of more than 18,000 such notices a year, FMCS created a specific information collection form (see 29 CFR 1402.1). The purpose of this information collection activity is for FMCS to comply with its statutory duty to receive these notices, to facilitate assignment of mediators to assist in labor disputes, and to assist the parties in knowing whether or not proper notice was given. The information from these notices is sent electronically to the appropriate field manager who assigns the cases to a mediator so that the mediator may contact labor and management quickly, efficiently, and offer dispute resolution services. The F-7 form was created to allow FMCS to gather desired information in a uniform manner. The collection of such information, including the name of the employer or employer association, address and phone number, e-mail address, official contact, bargaining unit and establishment size, location of affected establishment and negotiations, industry or type of business, principal product or service, union address, phone number, e-mail address and official contact, contract expiration date or renewal date, whether the notice is on file on behalf of the employer or the union, and whether this is a health care industry notice for an initial contract, is critical for reporting and mediation purposes.

Burden Statement: The current annual burden estimate is approximately 18,000 respondents. This one-page form takes about 10 minutes to complete.

II. Request for Comments

FMCS solicits comments to:
 (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

(ii) Enhance the accuracy of the agency's estimates of the burden of the proposed collection of information.

(iii) Enhance the quality, utility, and clarity of the information to be collected.

(iv) Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic collection technologies or other forms of information technology.

I. Information Collection Requests

FMCS is seeking comments on the following information collection requests contained in FMCS agency forms.

Agency: Federal Mediation and Conciliation Service.

Form Number: OMB No. 3076-0006.

Type of Request: Renewal without change of a currently approved

collection without any change in the substance or method of collection.

Affected Entities: Potential applicants and/or grantees who received our grant application kit. Also applicants who have received a grant from FMCS.

Frequency: a. Three of the forms, the SF-424, LM-6, and LM-9 are submitted at the applicant/grantee's discretion.

b. To conduct the quarterly submissions, LM-7 and LM-8 forms are used. Less than quarterly reports would deprive FMCS of the opportunity to provide prompt technical assistance to deal with those problems identified in the report.

c. Once per application. The LM-3 is the only form to which a "similar information" requirement could apply. That form takes the requirement into consideration by accepting recent audit reports in lieu of applicant completion of items C2 through 9 and items D1 through 3.

Burden: Application for Federal Assistance (SF-424) is an OMB form which we do not include in the burden. We have not added to it; however, we have deleted the requirements for completion of sections C, D, and E. We received approximately 113 respondents. Request for Advance or Reimbursement SF-270 (LM-6) is an OMB form with no agency additions. The number of respondents is approximately 37 and estimated time per response is 30 minutes. Project Performance (LM-8) approximately 37 respondents and estimated time per response is 30 minutes. Financial Status Report SF-269a) (LM-7) is an OMB form with no agency additions. The estimated time per response is 30 minutes and approximately 37 respondents. FMCS Grants Program Evaluation Questionnaire (LM-9) form number of respondents is approximately 12 respondents and estimated time per response is 60 minutes, and Accounting System and Financial Capability Questionnaire (LM-3) approximately 28 respondents and estimated time per response is 60 minutes.

Abstract: Except for the FMCS Forms LM-3 and LM-9, the forms under consideration herein are either required or recommended in OMB Circulars. The two exceptions are non-recurring forms, the former a questionnaire sent only to non-public sector potential grantees and the latter a questionnaire sent only to former grantees for voluntary completion and submission.

The collected information is used by FMCS to determine annual applicant suitability, to monitor quarterly grant project status, and for on-going program evaluation. If the information were not collected, there could be no accounting

for the activities of the program. Actual use has been the same as intended use.

II. Request for Comments

The OMB is particularly interested in comments which:

- (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (ii) Evaluate the accuracy of the agency's estimates of the burden of the proposed collection of information;
- (iii) Enhance the quality, utility, and clarity of the information to be collected; and
- (iv) Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated electronic collection technologies or other forms of information technology, e.g. permitting electronic and fax submission of responses.
