BILLING CODE 4410-18-P

DEPARTMENT OF LABOR

Office of the Secretary

Submission for OMB Review; Comment Request

July 12, 2007.

The Department of Labor (DOL) has submitted the following public information collection requests (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. chapter 35). A copy of each ICR, with applicable supporting documentation, may be obtained from RegInfo.gov at <http://www.reginfo.gov/public/do/PRAMain> or by contacting Darrin King on 202-693-4129 (this is not a toll-free number)/email: king.darrin@dol.gov.

Comments should be sent to Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the Employment Standards Administration (ESA), Office of Management and Budget, Room 10235, Washington, DC 20503, Telephone: 202-395-7316/Fax: 202-395-6974 (these are not toll-free numbers), within 30 days from the date of this publication in the **Federal Register**.

The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the

functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Agency: Employment Standards Administration.

Type of Review: Extension without change of currently approved collection.

Title: Request for State or Federal Workers' Compensation Information.

OMB Number: 1215-0060.

Form Number: CM-905.

Frequency: On occasion.

Type of Response: Reporting.

Affected Public: State, Local, or Tribal governments.

Estimated Number of Respondents: 1,400.

Estimated Number of Annual Responses: 1,400

Estimated Average Response Time: 15 minutes.

Estimated Total Annual Burden Hours: 350.

Total Estimated Annualized capital/startup costs: \$0.

Total Estimated Annual Costs (operating/maintaining systems or purchasing services): \$616.

Description: The Form CM-905 is submitted to Federal or state agencies for completion when it is indicated that the beneficiary has filed a claim for workers' compensation benefits due to pneumoconiosis, or is receiving benefits that may need to be offset. The information is used by DOL claims examiners in determining the amounts of black lung benefits paid to beneficiaries. Benefit amounts are reduced, dollar for dollar, for other black lung related workers' compensation awards the beneficiary may be receiving from state or Federal programs.

Agency: Employment Standards Administration.

Type of Review: Extension without change of currently approved collection.

Title: Labor Standards for Federal Service Contracts—Regulations 29 CFR, Part 4.

OMB Number: 1215-0150.

Form Numbers: N/A.

Frequency: Annually.

Type of Response: Reporting and Recordkeeping.

Affected Public: Business and other for-profit.

Estimated Number of Respondents: 50,812.

Estimated Number of Annual Responses: 50,812.

Estimated Average Response Time: 1 hour to prepare a vacations benefit seniority list; 30 minutes to prepare a conformance record; and 5 minutes to transmit collective bargaining agreements.

Estimated Total Annual Burden Hours: 49,220.

Total Annualized capital/startup costs: \$0.

Total Annual Costs (operating/maintaining systems or purchasing services): \$0.

Description: Section 2(a) of the Service Contract Act (41 U.S.C. 351) provides that every contract subject to the Act must contain a provision specifying the minimum monetary wages and fringe benefits to be paid to the various classes of service employees performing work on the contract. This information collection pertains to records needed to determine an employee's seniority for purposes of determining any vacation benefit, to conform wage rates where they do not appear on a wage determination (WD), and to update WDs because of changing terms in a collective bargaining agreement.

Darrin A. King,

Acting Departmental Clearance Officer.

BILLING CODE 4510-CF-P

DEPARTMENT OF LABOR

Employment and Training Administration

[TA-W-61,637]

Vytech Industries, Inc., Elkhart, IN; Notice of Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance; Correction

ACTION: Notice; correction.

SUMMARY: The Department of Labor, Employment and Training Administration published a document in the **Federal Register** on July 9, 2007, titled Notice of Determinations Regarding Eligibility to Apply for

Worker Adjustment Assistance and Alternative Trade Adjustment Assistance. The Department is issuing a restructured paragraph for clarification purposes.

Correction

This is to correct the "text" caption in the **Federal Register** of July 9, 2007, in FR Doc. E7-13173, on page 37265, in the third column, under the heading Negative Determinations for Alternative Trade Adjustment Assistance, to read:

The Department has determined that criterion (1) of Section 246 has not been met. The firm does not have a significant number of workers 50 years of age or older.

Signed in Washington DC this 11th day of July 2007.

Ralph Dibattista,

Director, Division of Trade Adjustment Assistance.

BILLING CODE 4510-FN-P

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Petitions for Modification

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Notice of petitions for modification of existing mandatory safety standards.

SUMMARY: Section 101(c) of the Federal Mine Safety and Health Act of 1977 and 30 CFR part 44 govern the application, processing, and disposition of petitions for modification. This notice is a summary of petitions for modification filed by the parties listed below to modify the application of existing mandatory safety standards published in Title 30 of the Code of Federal Regulations.

DATES: Comments on the petitions must be received by the Office of Standards, Regulations, and Variances on or before August 17, 2007.

ADDRESSES: You may submit your comments, identified by "docket number" on the subject line, by any of the following methods:

1. *E-Mail:* Standards-Petitions@dol.gov.

2. *Telefax:* 1-202-693-9441.

3. *Hand-Delivery or Regular Mail:* Submit comments to the Mine Safety and Health Administration (MSHA), Office of Standards, Regulations, and Variances, 1100 Wilson Boulevard, Room 2349, Arlington, Virginia 22209, Attention: Patricia W. Silvey, Director, Office of Standards, Regulations, and Variances.

We will consider only comments postmarked by the U.S. Postal Service or proof of delivery from another delivery service such as UPS or Federal Express on or before the deadline for comments. Individuals who submit comments by hand-delivery are required to check in at the receptionist desk on the 21st floor.

Individuals may inspect copies of the petitions and comments during normal business hours at the address listed above.

FOR FURTHER INFORMATION CONTACT:

Edward Sexauer, Chief, Regulatory Development Division at 202-693-9444 (Voice), sexauer.edward@dol.gov (E-mail), or 202-693-9441 (Telefax), or contact Barbara Barron at 202-693-9447 (Voice), barron.barbara@dol.gov (E-mail), or 202-693-9441 (Telefax). [These are not toll-free numbers].

SUPPLEMENTARY INFORMATION:

I. Background

Section 101(c) of the Federal Mine Safety and Health Act of 1977 (Mine Act) allows the mine operator or representative of miners to file a petition to modify the application of any mandatory safety standard to a coal or other mine if the Secretary determines that: (1) An alternative method of achieving the result of such standard exists which will at all times guarantee no less than the same measure of protection afforded the miners of such mine by such standard; or (2) that the application of such standard to such mine will result in a diminution of safety to the miners in such mine. In addition, the regulations at 30 CFR 44.10 and 44.11 establish the requirements and procedures for filing petitions for modifications.

II. Petitions for Modification

Docket Number: M-2007-037-C.

Petitioner: Mallie Coal Company, Inc., 8442 Hwy. 6, Corbin, Kentucky 40701.

Mine: Mine No. 7, (MSHA I.D. No. 15-19007), located in Knox County, Kentucky.

Regulation Affected: 30 CFR 75.380(f)(4)(i) (Escapeways; bituminous and lignite mines).

Modification Request: The petitioner requests a modification of the existing standard to permit an alternative method for the use of mobile equipment traveling in the primary escapeway. The petitioner asserts that technology has not developed a fire suppression system that will fit on the type of equipment used in this mine, which has an average coal seam of 28 inches. The petitioner proposes to use one ten pound or two five pound portable chemical fire

extinguishers on each Mescher Jeep used at the Mine. If two extinguishers are used, one five pound extinguisher will be mounted in the operators' deck with the other mounted on the jeep accessible to the operator. If one extinguisher is used, it will be mounted in the operators' deck. In either case, the petitioner proposes to use a total of ten pounds of fire extinguisher capability on each Mescher Jeep, which will be readily accessible to the operator. The petitioner states that: (1) The equipment operator will inspect each fire extinguisher daily before entering the primary escapeway; and (2) a record of the inspections will be maintained; and (3) defective fire extinguishers will be replaced prior to entering the mine. The petitioner further states that: (1) The main travelway of the mine is also the primary escapeway; (2) the amount of time each Mescher Jeep is in the primary escapeway is limited to the travel time to the face at the start of the shift, and at mid-shift, to change batteries, and travel out at the end of the shift during which time the drag bucket is empty and the tractor is not transporting coal; (3) employees who operate the Mescher Jeeps in the primary escapeway have been properly trained in the daily inspection of fire extinguishers installed on the equipment they operate; and (4) the employees have been trained to properly operate the fire extinguishers should it become necessary to extinguish a fire on the equipment they operate. The petitioner also states that it is likely that the application of the existing standard would reduce the safety of the affected miners, since fire suppression equipment is not presently available for this type of equipment, and currently, technology does not provide fire suppression equipment for the type of machinery used at the Mine No. 7. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

Docket Number: M-2007-038-C.

Petitioner: Mallie Coal Company, Inc., 8442 Hwy. 6, Corbin, Kentucky 40701.

Mine: Mine No. 7, (MSHA I.D. No. 15-19007), located in Knox County, Kentucky.

Regulation Affected: 30 CFR 75.342 (Methane monitors).

Modification Request: The petitioner requests a modification of the existing standard to permit the use of hand-held continuous-duty methane and oxygen indicators in lieu of machine-mounted methane monitors on three-wheel tractors with drag bottom buckets. The petitioner states that: (1) The operator
