#### SUPPLEMENTARY INFORMATION:

#### I. Additional Information About the Proposed Consent Decree

This proposed consent decree would resolve a lawsuit seeking a response to an administrative petition dated November 25, 2005 to object to CAA Title V permits for two (2) electrical generating stations in the State of Illinois known as the Fisk Generating Station and the Crawford Generating Station. Under the proposed consent decree, EPA has agreed to respond to the Plaintiffs’ petition within five (5) business days after the entry of this decree and to pay a specified amount in settlement of the Plaintiffs’ claims for attorneys’ fees and other litigation costs. The consent decree becomes an order of the Court upon entry, and, consistent with the terms of the consent decree, the case shall be dismissed with prejudice after EPA takes final action on Plaintiffs’ petition and resolves Plaintiffs’ claims for litigation costs. On June 14, 2007, EPA took final action on the Plaintiffs’ CAA Title V petition regarding permits for two (2) electrical generating stations in the State of Illinois known as the Fisk Generating Station and the Crawford Generating Station.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed consent decree from persons who were not named as parties or intervenors to the litigation in question. EPA or the

Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines, based on any comment which may be submitted, that consent to the consent decree should be withdrawn, the terms of the decree will be affirmed.
