

section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the companies listed above will be the rates established in the final results of this review, except if the rate is less than 0.5 percent and, therefore, *de minimis*, the cash deposit will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent final results in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in these reviews, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent final results for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review or the LTFV conducted by the Department, the cash deposit rate will be 38.72 percent, the "all-others" rate established in the LTFV. *See Amended Final Determination*. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Verification

The Department intends to conduct sales verifications after these preliminary results for Ispat, Tata, and JSW.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results of review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: December 19, 2007.

Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Background

On October 30, 1992, the Department suspended the antidumping duty investigation involving uranium from Russia on the basis of an agreement by its government to restrict the volume of direct or indirect exports to the United States in order to prevent the suppression or undercutting of price levels of U.S. domestic uranium. *See Antidumping; Uranium from Kazakhstan, Kyrgyzstan, Russia, Tajikistan, Ukraine, and Uzbekistan; Suspension of Investigations and Amendment of Preliminary Determinations*, 57 FR 49220 (October 30, 1992).

The Suspension Agreement was subsequently amended, by agreement of both governments, on March 11, 1994, October 3, 1996, and May 7, 1997. *See, respectively, Amendment to Agreement*

Suspending the Antidumping Investigation on Uranium from the Russian Federation, 59 FR 15373 (April 1, 1994); Amendments to the Agreement Suspending the Antidumping Investigation on Uranium from the Russian Federation, 61 FR 56665 (November 4, 1996); and *Amendment to Agreement Suspending the Antidumping Investigation on Uranium from the Russian Federation*, 62 FR 37879 (July 15, 1997). On July 31, 1998, the Department notified interested parties of an administrative change with respect to the Suspension Agreement. *See Agreement Suspending the Antidumping Investigation on Uranium from the Russian Federation*, 63 FR 40879 (July 31, 1998). On November 27, 2007, the Department and Rosatom initialed a new draft amendment to the Suspension Agreement.

Extension Request

The Department provided parties with thirty days from the publication date of the Draft Amendment in the **Federal Register** to submit comments on the proposed amendment. The Draft Amendment published in the **Federal Register** on December 4, 2007, and, therefore, comments were due on January 3, 2008. On December 20, 2007, PRI and CBR requested a one-week extension to the deadline for submitting comments on the proposed amendment. PRI and CBR stated in their submission that the complexity of the Suspension Agreement and Draft Amendment, coupled with the December holiday, necessitate additional time for PRI and CBR to review and analyze the Draft Amendment and submit meaningful comments.

For the reasons stated in PRI's and CBR's submission, the Department is granting this request in full. The comments on the Draft Amendment are now due on January 10, 2008.

Notice of Allocation of Tariff Rate Quotas (TRQ) on the Import of Certain Worsted Wool Fabrics for Calendar Year 2008

December 21, 2007.

AGENCY: Department of Commerce, International Trade Administration.

ACTION: Notice of allocation of 2008 worsted wool fabric tariff rate quota.

SUMMARY: The Department of Commerce (Department) has determined the allocation for Calendar Year 2008 of imports of certain worsted wool fabrics under tariff rate quotas established by Title V of the Trade and Development Act of 2000 (Public Law No. 106-200), as amended by the Trade Act of 2002 (Public Law 107-210) and the Miscellaneous Trade Act of 2004 (Public Law 108-249), and the Pension Protection Act of 2006 (Public Law 109-280). The companies that are being provided an allocation are listed below.

FOR FURTHER INFORMATION CONTACT: Robert Carrigg, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-2573.

SUPPLEMENTARY INFORMATION:

BACKGROUND:

Title V of the Trade and Development Act of 2000 as amended by the Trade Act of 2002, the Miscellaneous Trade Act of 2004 and the Pension Protection Act of 2006, creates two tariff rate quotas, providing for temporary reductions in the import duties on two categories of worsted wool fabrics suitable for use in making suits, suit-type jackets, or trousers. For worsted wool fabric with average fiber diameters greater than 18.5 microns (Harmonized Tariff Schedule of the United States (HTSUS) heading 9902.51.11), the reduction in duty is limited to 5,500,000 square meters in 2008. For worsted wool fabric with average fiber diameters of 18.5 microns or less (HTSUS heading 9902.51.15), the reduction is limited to 5,000,000 square meters in 2008. The Miscellaneous Trade Act of 2004 requires the President to ensure that such fabrics are fairly allocated to persons (including firms, corporations, or other legal entities) who cut and sew men's and boys' worsted wool suits and suit-like jackets and trousers in the United States and who apply for an allocation based on the amount of such suits cut and sewn during the prior calendar year. Presidential Proclamation 7383, of December 1, 2000, authorized the Secretary of Commerce to allocate

the quantity of worsted wool fabric imports under the tariff rate quotas.

The Miscellaneous Trade Act also authorized Commerce to allocate a new HTS category, HTS 9902.51.16. This HTS refers to worsted wool fabric with average fiber diameter of 18.5 microns or less. The amendment further provides that HTS 9902.51.16 is for the benefit of persons (including firms, corporations, or other legal entities) who weave worsted wool fabric in the United States. For HTS 9902.51.16, the reduction in duty is limited to 2,000,000 square meters in 2008.

On January 22, 2001 the Department published interim regulations establishing procedures for applying for, and determining, such allocations (66 FR 6459, 15 CFR 335). These interim regulations were adopted, without change, as a final rule published on October 24, 2005 (70 FR 61363). On September 5, 2007, the Department published a notice in the **Federal Register** (72 FR 50934) soliciting applications for an allocation of the 2008 tariff rate quota with a closing date of October 5, 2007. The Department received timely applications for the HTS 9902.51.11 tariff rate quota from 9 firms. The Department received timely applications for the HTS 9902.51.15 tariff rate quota from 14 firms. The Department received timely applications for the HTS 9902.51.16 tariff rate quota from 1 firm. All applicants were determined eligible for an allocation. Most applicants submitted data on a business confidential basis. As allocations to firms were determined on the basis of this data, the Department considers individual firm allocations to be business confidential.
