

financial requirements set forth in Rule 703, Financial Responsibility and Reporting.

Like other FLEX options, there would be no trading rotations in FLEX currency options, either at the opening or at the close of trading. The Exchange has determined that, initially, FLEX currency options would have the same trading hours as non-FLEX U.S. dollar-settled FCO. The Exchange would be able to establish other trading times for FLEX currency options within the regular trading hours for the non-FLEX U.S. dollar-settled FCOs, including reflecting any new trading hours for non-FLEX U.S. dollar-settled FCOs.²⁸

The Exchange also proposes to amend Floor Procedure Advice F-28, Trading FLEX Index and Equity Options, to include FLEX Currency Options in its title and to make parallel changes to those being proposed to Rule 1079(b).

Exchange rules and regulations involving sales practice will be applicable to FLEX currency options. Finally, the Exchange represents that it has adequate surveillance procedures for, and systems capacity to support, the trading of FLEX currency options.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,²⁹ in general, and with Section 6(b)(5) of the Act,³⁰ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to a free and open market and a national market system, and, in general, to protect investors and the public interest, by providing investors the ability to tailor foreign currency option contracts to suit their particular investment requirements and increased flexibility in satisfying particular investment objectives.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

²⁸ Under this proposal, expanding and narrowing FLEX currency trading hours within the regular trading hours of the particular product would not require a proposed rule change pursuant to Section 19(b) of the Act. The Exchange, however, would notify its members, in advance, prior to making any such change. Any proposal to expand trading hours outside of established regular trading hours would be submitted as a proposed rule change to the Commission pursuant to Section 19(b) of the Act.

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which Amex consents, the Commission will:

The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which rendered the proposal effective upon filing with the Commission. comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Phlx proposes to amend Commentary .05 to Exchange Rule 1012 ("Series of Options Open for Trading") to clarify that strike price intervals of options on Exchange-Traded Fund Shares ("ETFs") will be \$5 or greater where the strike price is over \$200.⁵

The text of the proposed rule change is available at the Phlx, the Commission's Public Reference Room, and <http://www.phlx.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Phlx included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Phlx has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to clarify that strike price intervals of options on ETFs will be \$5 or greater where the strike price is over \$200. Commentary .05 to Phlx Rule 1012 currently states that strike price intervals of options on ETFs will be \$1 or greater when the strike price of the underlying asset is \$200 or less. As such, most ETF options, which have become popular investment tools, are priced at \$1 strike price intervals.⁶ However, some ETF options are listed at \$10 strike price intervals at strike prices greater than \$200.⁷ According to the

⁵ Strike price intervals for series of options on ETFs were initially established at \$1 or greater where the strike price is \$200 or less. See Securities Exchange Act Release No. 44055 (March 8, 2001), 66 FR 15310 (March 16, 2001) (SR-Phlx-2001-32) (filing silent regarding strike price intervals where the strike price is over \$200).

⁶ The proposal establishing strike price intervals for series of options on ETFs at \$1 or greater where the strike price is \$200 or less did not discuss strike price intervals where the strike price is over \$200. See Securities Exchange Act Release No. 44055 (March 8, 2001), 66 FR 15310 (March 16, 2001) (SR-Phlx-2001-32).

⁷ For example, ETF options trading under the symbols ILF, FXI, MDY, and EEM are all listed at strike prices greater than \$200.

Exchange, within the last few months, the Phlx has received requests from Phlx traders to price ETF options at \$5 strike price intervals above \$200. Because the Exchange does not currently have a provision that allows ETF options to list and trade at \$5 or greater strike price intervals where the strike price is more than \$200, however, the Exchange has only been able to list these ETF options at \$10 or greater strike price intervals.⁸ This has put Phlx at a competitive disadvantage, particularly with respect to options exchanges that allow \$5 strike price intervals for ETF options.⁹

The Exchange believes that the rule proposal to clarify the availability of \$5 strike price intervals for ETF options above \$200 should enable Phlx to competitively list and trade ETF options at appropriate strike price intervals to the benefit of public customers, traders on the Exchange, and the Exchange itself.

2. Statutory Basis

The Exchange believes that its proposal is consistent with section 6(b) of the Act¹⁰ in general, and furthers the objectives of section 6(b)(5) of the Act¹¹ in particular, in that it is designed to promote just and equitable principles of trade, perfect the mechanism of a free and open market and a national market system, and in general to protect investors and the public interest. Specifically, the Exchange believes that the proposal would achieve this by allowing listing and trading of options on ETFs at \$5 strike price intervals within certain parameters, commensurate with the rules of other options exchanges.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

⁸ Commentary .05(a) to Phlx Rule 1012 states, among other things, that strike prices of options may be \$2.50 or greater where the strike price is \$25 or less, \$5 or greater where the strike price is more than \$25 but less than \$200, and \$10 or greater where the strike price is \$200 or more.

⁹ See, e.g., Amex Rule 903 stating that options on ETFs may trade at \$5 strike price intervals where the strike price is over \$200. See Securities Exchange Act Release Nos. 40157 (July 1, 1998), 63 FR 37426 (July 10, 1998) (SR-AMEX-1996-44) and 48024 (June 12, 2003), 68 FR 36617 (June 18, 2003) (SR-AMEX-2003-36). Supplementary Material .01 to Chapter IV, Sec. 6 of BOX rules similarly allows listing and trading of ETF options at \$5 strike price intervals where the strike price is over \$200.

¹¹ 15 U.S.C. 78f(b)(5).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received by the Exchange.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective pursuant to section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder,¹³ because the foregoing proposed rule does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. As required under Rule 19b-4(f)(6)(iii) under the Act,¹⁴ Phlx provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, prior to the date of the filing of the proposed rule change.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹⁵

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-57023; File No. SR-Phlx-2007-83]

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Order Approving a Proposed Rule Change Relating to Amending By-Law Article X, Section 10-11

December 20, 2007.

On October 29, 2007, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission

("Commission") pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to expand the type of business that certain members of the Exchange's Business Conduct Committee ("Committee") must conduct in order to qualify as a Committee member. The proposed rule change was published for comment in the **Federal Register** on November 19, 2007.³ The Commission received no comments on the proposal. This order approves the proposed rule change.

The Committee has exclusive jurisdiction to, among other things: (1) Monitor compliance with the Act, the rules and regulations under the Act, and the Exchange's By-Laws and Rules; and (2) authorize the initiation of Exchange disciplinary actions or proceedings. Phlx By-Law X, Section 10-11(h) currently requires that, of the nine members that comprise the Committee, one Committee member must principally carry out its business on XLE⁴ and one Committee member must principally carry out its business on the equity options floor.

The proposed rule change would revise the qualification requirements for these two Committee positions. Specifically, Phlx proposes to amend Section 10-11(h) of its By-Laws to provide that these two positions can be filled, respectively, by a Member or person associated with a Member Organization who conducts equity business on XLE and a Member who conducts options business at the Exchange.

After careful consideration, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁵ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,⁶ which requires that an exchange have rules designed, among other things, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect

⁴ XLE is the electronic system that is operated by the Exchange for the entry, display, execution, and reporting of orders in NMS stocks. See Section 1-1(ii) of Phlx's By-Laws.

⁵ In approving this rule change, the Commission notes that it has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

⁶ 15 U.S.C. 78f(b)(5).

investors and the public interest. In addition, the Commission finds that the proposed rule change is consistent with Section 6(b)(3) under the Act,⁷ which requires that the rules of a national securities exchange assure a fair representation of its members in the selection of its directors and the administration of its affairs. The proposed rule change would allow a greater pool of Members to be eligible to hold these two Committee positions and would not alter Member participation on the Committee.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁸ that the proposed rule change (SR-Phlx-2007-83) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁹

Secretary.
