Background and Purpose

The Louisiana Department of Transportation and Development has requested that the operating regulation of the S433 swing span bridge, located on Bonfouca Bayou at mile 7.0 in Slidell, St. Tammany Parish, Louisiana, be changed in order to make more efficient use of operating resources, while accommodating the flow of vehicular traffic at rush hour peaks. Currently, the draw of the S433 Bridge operates as follows:

(a) The draw need not open for passage of vessels from 7 a.m. to 8 a.m. and from 1:45 p.m. to 2:45 p.m., Monday through Friday except Federal holidays.

(b) The draw need open only on the hour and half-hour from 6 a.m. to 7 a.m.

and from 3 p.m. to 6 p.m., Monday through Friday except Federal holidays.

(c) The draw shall open on signal from 9 p.m. to 5 a.m., if at least four hours notice is given to the Louisiana Department of Transportation and Development Security Service at (504) 375-0100.

(d) At all other times the draw shall open on signal.

This Temporary Deviation from Drawbridge Operating Regulations allows the bridge to operate as follows: The draw of the S433 Bridge, mile 7.0 at Slidell, shall open on signal, except that from 6 p.m. to 6 a.m., the draw shall open on signal if at least two hours notice is given. On Monday through Friday, except Federal holidays, the draw need not open for the passage of vessels from 7 a.m. to 8 a.m. and from 1:45 p.m. to 2:45 p.m.

A notice of proposed rule making [CGD08-07-33] is being issued in conjunction with this temporary deviation to obtain public comments. The Coast Guard will evaluate public comments from this temporary deviation and the above referenced notice of proposed rule making to determine if a permanent special drawbridge operating regulation is warranted.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: October 29, 2007.
