Southwest Power Pool, Inc.; Notice of Filing

January 18, 2007.

Take notice that on January 16, 2007, Southwest Power Pool, Inc. filed a response in compliance to the Commission's order issued October 25, 2006.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant and all the parties in this proceeding.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Project No. 2696-000]

Town of Stuyvesant, NY, Albany Engineering Corporation; Notice Establishing Revised Schedule for Filing License Application

January 17, 2007.

On August 2, 2005, the Commission issued a Notice of Intent to File an Application for a New License for the Stuyvesant Falls Hydroelectric Project.¹ The notice established January 31, 2007, as the date for filing the new license application and competing applications. On December 19, 2006, the Town of Stuyvesant and Albany Engineering Corporation, co-licensees for the project, requested an extension of time until January 31, 2009, to file an application. The licensees state that they have been unable to acquire the property rights necessary to access the project site, which they are pursuing in eminent domain proceedings. Thus, they have been unable to complete studies needed to prepare an adequate application. The licensees estimate that inspection and repairs will take between 12 and 18 months to complete after ownership of the project property is conveyed. Approximately one year is reportedly needed to conduct the studies. At least one of the studies, the Instream Flow Incremental Methodology study, requires the project to be in operating condition to be conducted. By letter filed October 26, 2006, the U.S. Fish and Wildlife Service supports extending the deadline.

¹ Pursuant to special legislation (sections 315(b) and (d) of Pub. L. 108-137), the project's original license, which had been surrendered, was reinstated and transferred to Stuyvesant Falls Hydro Corporation and the Town of Stuyvesant Falls, New York, on December 30, 2003. 105 FERC ¶ 62,231 (2003). On December 20, 2006, the Commission approved the transfer of the license to the Town of Stuyvesant Falls and Albany Engineering Corporation. 117 FERC ¶ 62,254 (2006). Noting that the original license had been surrendered prior to the statutory deadline for filing notices of intent to relicense the project, and would be reinstated after the statutory deadline for filing relicensing applications, the order reinstating the license stated that the Commission would issue a special relicensing schedule, which was set forth in the August 2, 2005 notice.

While the basis for licensees' request for additional time to file their relicensing application appears reasonable, their requested two-year extension of the filing deadline may not ultimately be required and therefore may unduly delay the relicensing proceeding. Therefore, a one-year extension of the deadline for filing applications (to January 31, 2008) is granted. In order to keep the Commission apprised of the licensees' progress the licensees must file quarterly progress reports on steps taken to successfully complete the eminent domain proceeding, conduct necessary studies, and file a licensee application (a report is due three-months following the issuance of this notice and every three months thereafter until the licensee's application is filed).

Magalie R. Salas,
Secretary.

[Docket No. ER07-342-000]

Telocaset Wind Power Partners, LLC; Notice of Issuance of Order

January 22, 2006.

Telocaset Wind Power Partners, LLC (Telocaset) filed an application for market-based rate authority, with an accompanying rate tariff. The proposed market-based rate tariff provides for the sale of energy and capacity at market-based rates. Telocaset also requested waivers of various Commission regulations. In particular, Telocaset requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by Telocaset.

On January 22, 2007, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—West, granted the requests for blanket approval under Part 34. The Director's order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard or to protest the blanket approvals of issuances of securities or assumptions of liability by Telocaset should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR. 385.211, 385.214 (2004).

Notice is hereby given that the deadline for filing motions to intervene or protest is February 21, 2007.

Absent a request to be heard in opposition by the deadline above, Telocaset is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Telocaset, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approvals of Telocaset's issuance of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room,

888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's Web site at <http://www.ferc.gov>, using the eLibrary link. Enter the docket number excluding the last three digits in the docket number filed to access the document. Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Magalie R. Salas,
Secretary.
