Overview

This notice is published as required by 7 CFR 1944.525(b) and 1944.528, which state that the housing programs Administrator must provide annual notice in the **Federal Register** on the distribution of appropriated TSA funds, the number of preapplications to be submitted to the National Office from the State Offices, the maximum grant amount per project, and the dates governing the review and selection of TSA grant preapplications.

Complete agency regulations for the TSA program are contained in RD Instruction 1944-K, accessible online at <http://www.rurdev.usda.gov/regs>, and in 7 CFR part 1944, subpart K, and are incorporated by reference. Applicants and grantees must comply with 7 CFR parts 3015, 3018, and 3019, as applicable.

Up to \$1,000,000 in competitive grants will be awarded to eligible applicants. No single award will exceed \$100,000.

In accordance with 7 CFR 1944.525, the Administrator will distribute a portion of the funds to those States with high levels of poverty and substandard housing in rural areas. For this year, we are targeting California and Texas. In

addition, we are targeting states severely impacted by major disasters including Kansas, Louisiana and Mississippi. Up to \$500,000 will be targeted to eligible TSA programs in these States. Remaining funds will be available for national competition. No more than one grant per State will be awarded. The Agency will only accept one preapplication per organization for funding consideration.

The State Director may submit multiple preapplications, ranked in order of preference, to the National Office for consideration.

The performance period of grant activities will be two years from the date the grant agreement is executed.

Reimbursement of pre-award costs is not allowed.

To be eligible for a grant, the applicant must be a nonprofit corporation, agency, institution, organization, Indian tribe or other association in accordance with 7 CFR part 16. This also includes faith-based and community organizations. A private nonprofit corporation, which is owned and controlled by private persons or interests, must have local representation from the area being served, be organized and operated by private persons or interests for purposes other than making gains or profits for the corporation, and be legally precluded from distributing any gains or profits to its members. Cost sharing is not required but is encouraged. In the selection of grant recipients, the Agency will consider the extent to which the project will make use of other financial and contribution-in-kind resources for both technical and supervisory assistance and housing development and supporting facilities. Applications and complete program instructions are available at any Area Office listed on the USDA Rural Development Web site at <http://www.rurdev.usda.gov>. Federal grant application forms are available in electronic format at http://www.whitehouse.gov/omb/grants/grants_forms.html.

Program Administration

I. Funding Opportunity Description

Under section 525 (a) of the Housing Act of 1949, 42 U.S.C. 1490e (a), Rural Development provides funds to eligible applicants to conduct TSA programs for low-income rural residents to obtain and/or maintain occupancy of adequate housing. Any processing or servicing activity involving authorized assistance to USDA Rural Development employees, members of their families, known close relatives, or business or close personal associates, is subject to the provisions of

7 CFR part 1900, subpart D. Applicants for this assistance are required to identify any known relationship or association with a USDA Rural Development employee. This financial assistance may pay part or all of the cost of developing, conducting, administering, or coordinating effective and comprehensive programs of technical and supervisory assistance which will aid needy low-income individuals and families in benefiting from Federal, State, and local programs in rural areas. USDA Rural Development will provide technical and supervisory grant assistance to applicants without discrimination because of race, color, religion, sex, national origin, age, marital status, or physical or mental disability.

Policy: The policy of USDA Rural Development is to provide technical and supervisory assistance to eligible applicants to do the following:

- (1) Provide homeownership and financial counseling to reduce both the potential for delinquency by loan applicants and the level of payment delinquency by present Rural Development housing loan borrowers; and
- (2) Facilitate the delivery of housing programs to serve the most needy low-income families in rural areas of greatest need for housing.

Rural Development intends to fund projects which include counseling and delivery of housing programs.

State Directors are given a strong role in the selection of grantees so this program can complement Rural Development's policies of targeting USDA Rural Development resources to areas of greatest need within their States.

Objectives: The objectives of the TSA Grant Program are to assist low-income rural families in obtaining adequate housing to meet their family's needs and/or to provide the necessary guidance to promote their continued occupancy of already adequate housing. These objectives will be accomplished through the establishment or support of housing delivery and counseling projects run by eligible applicants. This program is intended to make use of any available housing program which provides the low-income rural resident access to adequate rental properties or homeownership.

Definitions: References to Local, Area, State, National and Rural Development St. Louis Offices and to State Director, and Administrator refer to USDA Rural Development offices and officials and should be read as prefaced by USDA Rural Development. Terms used here have the following meanings:

Organization. Public or private nonprofit corporations, agencies, institutions, Indian tribes and other associations. A private nonprofit corporation, which is owned and controlled by private persons or interests, must have local representation from the area being served, be organized and operated by private persons or interests for purposes other than making gains or profits for the corporation, and be legally precluded from distributing any gains or profits to its members. Faith-based organizations may meet these requirements.

Technical assistance. Any specific expertise necessary to carry out housing efforts by or for low-income families to improve the quantity and/or quality of housing available to meet their needs. Such assistance should be specifically related to the supervisory assistance provided by the project, and may include, as appropriate, the following activities:

(v) A brief narrative statement which includes information about the area to be served and the need for improved housing (including both percentage and actual number of both low-income and low-income minority families and substandard housing), the need for the type of technical and supervisory assistance being proposed, the method of evaluation to be used by the applicant in determining the effectiveness of its efforts (as related to paragraph (a)(2)(i) of this section), and any other information necessary to specifically address the selection criteria in 7 CFR 1944.529.

(vi) A list of other activities the applicant is engaged in and expects to continue and a statement as to any other funding and whether it will have sufficient funds to assure continued operation of the other activities for at least the period of the TSA grant agreement.

responsible for the administration of approved TSA projects.)

Intergovernmental Review. This program is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials.

V. Application Review Information

Within 30 days of the closing date for receipt of preapplications, the State Director will forward to the National Office the original preapplication(s) and supporting documents of the selected applicant(s), including any comments received in accordance with 7 CFR part 3015, subpart V, "Intergovernmental Review of Agriculture Programs and Activities," (See RD Instruction 1940-J, available in any USDA Rural Development Office) and the comments and recommendations of the Local Office(s), Area Office(s), and the State Office. The State Office may submit multiple preapplications, ranked in order of preference, to the National Office for consideration.

Concurrently the State Office will send a copy of the selected applicant's Form SF-424 and relevant documents to the Regional Office of the General Counsel (OGC) requesting a legal determination be made of the applicant's legal existence and authority to conduct the proposed program of technical and supervisory assistance.

The State Office will notify other applicants that their preapplications were not selected and advise them of their appeal rights under 7 CFR part 11.

Selection Criteria

(1) Proposals must meet the following criteria:

(i) Provide a program of supervisory assistance as defined in 7 CFR 1944.506(h); and,

(ii) Serve areas with a concentration of substandard housing and low-income and low-income minority households.

(2) For proposals meeting the requirements listed in paragraph (1) above, USDA Rural Development will use the weighted criteria in this paragraph in the selection of grant recipients. Each preapplication and its accompanying narrative will be evaluated and the applicant's proposal will be numerically rated on each criterion. The highest-ranking proposals will be selected for funding according to award information, described above. The criteria considered, the method of measurement, and the points to be awarded are as follows:

(i) The extent to which the program serves areas with concentrations of Rural Development single family housing loan borrowers who are

delinquent in their housing loan payments and/or threatened with foreclosure. Measured by whether the applicant proposes to offer delinquency counseling services for Rural Development borrowers. Program will offer delinquency counseling services: 5 points.

(ii) The capability and past performance demonstrated by the applicant in administering its programs, the effectiveness of current efforts by the applicant to assist low-income and low-income minority families in obtaining adequate housing, the adequacy of records and practices (including personnel procedures and practices) that will be established and maintained by the applicant during the term of the agreement. Measured on whether the applicant organization or members of the applicant organization's staff conducting the proposed TSA program have, in the last two years, successfully conducted a TSA or similar program to assist low-income families in becoming successful homeowners. Have conducted a similar program, not TSA: 5 points; OR, have conducted a TSA program, 10 points.

(iii) The narrative presentation of the applicant's proposed TSA program. This criterion will be used to evaluate the proposed TSA program and its implementation. This section should describe the technical and supervisory assistance to be provided, the anticipated capacity of the applicant to implement the proposed time schedule for starting and completing the TSA program and each phase thereof, the extent to which the proposed staff and salary ranges will meet the objective of the program including, but not limited to: the ratio of personnel to be hired by the applicant to the cost of the project, the estimated number of low-income and low-income minority families that will obtain housing, the estimated number of Rural Development borrowers that will obtain delinquency counseling, and the estimated number of households that will be assisted in obtaining adequate housing in the TSA area through new construction and/or rehabilitation. Up to 50 points may be assigned.

(iv) The extent to which the program will provide or increase the delivery of housing resources to low-income and low-income minority families who are not currently occupying adequate housing in the areas.

(A) Measured by the county Poverty Rate, as reported in Census 2000 Summary File 3 (SF 3) Report GCT-P14, "Income and Poverty in 1999:2000." This information may be obtained on the Internet from the U.S. Census

Bureau Web site, "American Fact Finder," at factfinder.census.gov.

(1) 25.1% or higher: 30 points.

(2) 14.7% to 25.0%: A total of 2.86 points, rounded to the nearest whole number, for each percentage point above 14.6%.

(3) 14.6% or less: 0 points.

Example: According to Census 2000, the service area Poverty Rate is 18.0 percent. This is 3.4 points above the National Non-Metropolitan Area Average of 14.6 percent. This proposal would be scored with 10 points ($3.4 \times 2.86 = 9.7$); and

(B) Measured by the degree of deficient housing, based on the combination of the county's percentage of housing units lacking complete plumbing facilities plus the percentage of housing units lacking complete kitchen facilities (referred to as deficient housing factor), as reported in Census 2000 SF 3 Report GCT-H7, "Structural and Facility Characteristics of All Housing Units: 2000." This information may be obtained on the Internet from the U.S. Census Bureau Web site, "American Fact Finder," at factfinder.census.gov.

(1) Deficient housing factor 13.0 or greater: 30 points.

(2) Factor 5.1 to 13.0: A total of 3.75 points, rounded to the nearest whole number, for each point above 5.0.

(3) Factor 5.0 or lower: 0 points.

Example: Of the total housing units in the service area, 5.0 percent lack complete plumbing and 4.5 percent lack complete kitchen facilities, according to Census 2000. Adding these two percentages provides a 'deficient housing index' of 9.5. This is 4.5 points above the National Non-Metropolitan Area Average of 5.0. This would result in a score of 17 points ($9.5 - 5.0 = 4.5 \times 3.75 = 16.875$).

(C) For programs serving multi-county areas, scoring will be determined based upon the combined totals for the counties entire service area. County data (not smaller areas) will be used for evaluation.

(v) The extent to which the program will make use of other financial and contribution-in-kind resources for both technical and supervisory assistance and housing development and supporting facilities. Scoring will be based on the amount of financial assistance from non-Federal sources compared to the applicant's grant request for financial assistance for the project. The applicant will receive points as follows:

(A) 5-25%—5 points

(B) Greater than 25% but equal to or less than 50%—10 points

(C) Greater than 50%—15 points

(vi) The extent to which the project will be cost effective. The cost, both direct and indirect, per person benefiting from the program will be measured by the proposed total number of low-income participants who obtain suitable housing within the period of the grant as a result of participation in the comprehensive TSA program, compared to the amount of the TSA grant. Scoring will be based on the TSA grant funds expended per participant who purchases suitable housing.

(A) \$1,000 or less—10 points

(B) Greater than \$1,000 but equal to or less than \$1,500—5 points

(C) More than \$1,500—0 points

Example: The applicant organization's program of homebuyer training and loan packaging proposes to produce 60 homeowners during the two-year grant. Funding for the program includes a \$75,000 TSA grant. The TSA cost per homeowner produced is $\$75,000 / 60 = \$1,250$. Therefore, 5 points would be given.

(vii) The extent to which the program is effective in providing expected benefits to low-income families. Measured by the proposed total number of low-income participants who obtain suitable housing within the period of the grant as a result of participation in the comprehensive TSA program. More than 25 but less than 50 new homeowners: 5 points, OR more than 50 new homeowners: 10 points.

(viii) The narrative statement demonstrates the need for the TSA program in the proposed area. This section should describe the area to be served and the need for improved housing, the need for the technical and supervisory assistance proposed, and the method of determining the proposed program's effectiveness. Up to 20 points may be assigned.

(ix) The services the applicant will provide are not presently available in the proposed service area to assist low-income families in obtaining or maintaining occupancy of adequate housing and the extent of duplication of technical and supervisory assistance activities currently provided for low-income families. Measured by comments received. Proposed services not duplicated in the area: 10 points.

(x) The extent of citizen and local government participation and involvement in the development of the preapplication and project and coordination with other Federal, State or local technical and/or supervisory assistance programs. Measured by letter(s) or similar documentation from local government officials, businesses and individuals detailing participation and coordination in the project by groups other than the applicant. Letters of support from local or State government entities stating the project is beneficial and non-duplicative: 5 points.

VI. Award Administration Information

Upon notification that the applicant has been tentatively selected for funding based on its preapplication, the State Office will notify the applicant and provide instructions for preparation of a formal application. The applicant will submit all completed forms required for a formal application and whatever additional needed information that is requested to the Area Office within 30 days.

The Area Office will assemble a formal application docket, which will include the following:

(1) Form SF-424 and the information submitted in accordance with 7 CFR 1944.526(a)(2) (preapplication package);

(11) Form RD 1940-22, "Environmental Checklist for Categorical Exclusions," Form RD 1940-21, "Environmental Assessment for Class I Actions" or Exhibit G of 7 CFR part 1940, subpart G entitled, "Environmental Assessment for Class II Actions."

(12) The historical and archaeological assessment.

(13) The detailed budget for the agreement period based upon the needs outlined in the proposal and recommendations by USDA Rural Development.

(14) Verification of Debarment Listing check and Federal Debt Listing check.

(15) Form RD 2006-38, "Civil Rights Impact Analysis."

Reporting requirements. Form SF-269, "Financial Status Report," and a project performance report will be required of all grantees on a quarterly basis. All grantees shall submit an original and two copies of these reports to the Area Office. The project performance reports will be submitted not later than January 15, April 15, July 15, and October 15 of each year.

As part of the grantee's preapplication submission required by 7 CFR 1944.526(a)(2)(i), the grantee established the objectives of its TSA program including the estimated number of low-income families to be assisted by the TSA program and its method of evaluation to determine the effectiveness of its program. The project performance report should relate the activities during the report period to the project's objectives and analyze the effectiveness of the program. The grantee will complete a final Form SF-269 and a final performance report upon termination or expiration of the grant agreement.

Grant monitoring. Each grant will be monitored by USDA Rural Development to ensure that the grantee is complying with the terms of the grant and that the TSA project activity is completed as approved. Ordinarily, this will involve a review of quarterly and final reports by USDA Rural Development and review by the appropriate Area Office.

Additional grants. An additional grant may be made to an applicant that has previously received a TSA grant and substantially achieved the goals established for the previous grant by submitting a new proposal for TSA funds. The additional grant application will be processed as if it were an initial application.

Management assistance. The Area Office will see that each TSA grantee receives management assistance to help achieve a successful program.

(1) TSA employees who will be contacting and assisting families will receive training in packaging single family housing and Rural Rental Housing loans when, or very shortly after, they are hired so that they can work effectively.

(2) TSA employees who will provide counseling, outreach, and other technical and supervisory assistance will receive training on USDA Rural Development policies, procedures, and requirements appropriate to their positions and the type of assistance the grantee will provide at the outset of the grant.

(3) Training will be provided by USDA Rural Development employees and/or outside sources approved by USDA Rural Development when the technical and supervisory assistance involves rural housing programs other than Rural Development programs. Appropriate training of TSA employees should be anticipated during the planning stages of the grant and the reasonable cost of such training included in the budget.

(4) The Area Office, in cooperation with the appropriate Local Office(s), should coordinate the management assistance given to the TSA grantee in a manner which is timely and effective. This will require periodic meetings with the grantee to discuss problems being encountered and offer assistance in solving these problems; to discuss the budget, the effectiveness of the grant, and any other unusual circumstances affecting delivery of the proposed TSA services; to keep the grantee aware of procedural and policy changes, availability of funds, etc.; and to discuss any other matters affecting the availability of housing opportunities for low-income families.

(5) The Area and/or Local Office will advise the grantee of the options available to bring the delinquent borrowers' accounts current and advise the grantee that the appropriate approval authority for any resolution of the delinquent accounts and all other authority currently available to remedy delinquent accounts.

Grant evaluation, closeout, suspension, and termination. Grant evaluation will be an ongoing activity performed by both the grantee and USDA Rural Development. The grantee will perform self-evaluations by preparing periodic project performance reports in accordance with 7 CFR 1944.541. USDA Rural Development will also review all reports prepared and submitted by the grantee in accordance with the grant agreement and 7 CFR part 1944, subpart K.

Within forty-five (45) days after the grant ending date, the grantee will complete closeout procedures as specified in the grant agreement.

The grant can also be terminated before the grant ending date for the causes specified in the grant agreement. No further grant funds will be disbursed when grant suspension or termination procedures have been initiated in accordance with the grant agreement.
