(duty rate range: free – 17.6%). The application indicates that Medline will admit all foreign–origin items classified within textile import quota categories to the proposed subzone under domestic (duty–paid) status or in privileged foreign status when used in the kitting activity.

FTZ procedures would exempt Medline from customs duty payments on foreign products that are reexported. On domestic sales, duty payments would be deferred until the foreign merchandise is shipped from the facilities and entered for U.S. consumption. For its processing activity, Medline would be able to elect the duty rate that applies to finished surgical procedure tray kits (free) for the foreign-sourced inputs noted above. Medline would also realize significant logistical benefits through the use of weekly entry procedures. The application indicates that all of the savings from FTZ procedures would help improve the facilities' international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is June 4, 2007. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to June 19, 2007.

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations: U.S. Department of Commerce Export Assistance Center, Suite 212, 28055 Ashley Circle, Libertyville, Illinois 60048; and, Office of the Executive Secretary, Foreign—Trade Zones Board, Room 2814B, U.S. Department of Commerce, 1401 Constitution Avenue, NW, Washington, DC 20230–0002. #### SUPPLEMENTARY INFORMATION:

## **Background**

At the request of interested parties, the Department of Commerce (the Department) initiated administrative reviews of the antidumping duty orders on ball bearings and parts thereof from France, Germany, Italy, Japan, Singapore, and the United Kingdom for the period May 1, 2005, through April 30, 2006. See Initiation of Antidumping and Countervailing Duty Administrative Reviews, 71 FR 37892 (July 3, 2006). On January 18, 2007, we extended the due date for the completion of the preliminary results of reviews by 45 days. See Ball Bearings and Parts Thereof From France, Germany, Italy, Japan, Singapore, and the United Kingdom: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Reviews, 72 FR 2261 (January 18, 2007). On March 23, 2007, we extended the due date for the completion of the preliminary results of reviews by 16 additional days. See Ball Bearings and Parts Thereof From France, Germany, Italy, Japan, Singapore, and the United Kingdom: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Reviews, 72 FR 13743 (March 23, 2007). The preliminary results of the reviews are currently due no later than April 2, 2007.

#### Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Reviews

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days after the last day of the anniversary month.

We determine that it is not practicable to complete the preliminary results of these reviews within the current time limit because of the number of respondents in these reviews and the complexity of the issues under analysis such as further—manufacturing operations in the United States, the "collapsing" of companies, and the use of constructed value for reseller respondents for which we need to issue additional questionnaires. Therefore, we are extending the time period for issuing the preliminary results of these reviews by 59 additional days until May 31, 2007.

This notice is published in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: March 30, 2007.

## Folding Gift Boxes from the People's Republic of China: Final Results of the Expedited Sunset Review of the Antidumping Duty Order

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce. SUMMARY: On December 1, 2006, the Department of Commerce ("Department") initiated a sunset review of the antidumping duty order on folding gift boxes from the People's Republic of China ("PRC"), pursuant to section 751(c) of the Tariff Act of 1930, as amended ("Act"). See Initiation of Five-year ("Sunset") Reviews, 71 FR 69545 (December 1, 2006) ("Sunset Initiation"); see also Notice of Antidumping Duty Order: Certain Folding Gift Boxes From the People's Republic of China, 67 FR 864 (January 8, 2002) ("Order"). Based on the notice of intent to participate and response filed by the domestic interested party, and the lack of response from respondent interested parties, the Department conducted an expedited sunset review of the Order pursuant to section 751(c)(3)(B) of the Act and 19 C.F.R. 351.218(e)(1)(ii)(C)(2). As a result

of this sunset review, the Department

finds that revocation of the Order would

likely lead to continuation or recurrence

of dumping at the levels indicated in the

"Final Results of Review" section of this

EFFECTIVE DATE: April 5, 2007.

notice.

## SUPPLEMENTARY INFORMATION:

#### Background

On December 1, 2006, the Department initiated a sunset review of the Order on folding gift boxes from the PRC pursuant to section 751(c) of the Act. See Sunset Initiation. On December 15, 2006, the Department timely received a notice of intent to participate from Simkins Industries, Inc. ("Simkins"), pursuant to 19 C.F.R. 351.218(d)(1)(i). Simkins claimed interested party status under section 771(9)(C) of the Act as a domestic producer of subject merchandise. On January 3, 2007, the Department received a request from Harvard Folding Box Company, Inc. ("Harvard Box"), asking to be substituted for Simkins as the domestic interested party in the sunset review. Both Simkins and Harvard Box are represented by the same counsel. Harvard Box also filed a substantive response within the 30-day deadline as specified in 19 C.F.R. 351.218(d)(3)(i). The Department did not receive any objections to Harvard Box's request to be substituted for Simkins. The Department did not receive a substantive response from any respondent interested party. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 C.F.R. 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited sunset review of the Order.

# Scope Of The Order

The products covered by the order are certain folding gift boxes. Folding gift boxes are a type of folding or knockdown carton manufactured from paper or paperboard. Folding gift boxes are produced from a variety of recycled and virgin paper or paperboard materials, including, but not limited to, claycoated paper or paperboard and kraft (bleached or unbleached) paper or paperboard. The scope of the order excludes gift boxes manufactured from paper or paperboard of a thickness of more than 0.8 millimeters, corrugated paperboard, or paper mache. The scope of the order also excludes those gift boxes for which no side of the box, when assembled, is at least nine inches in length.

Folding gift boxes included in the scope of the order are typically

decorated with a holiday motif using various processes, including printing, embossing, debossing, and foil stamping, but may also be plain white or printed with a single color. The subject merchandise includes folding gift boxes, with or without handles, whether finished or unfinished, and whether in one-piece or multi-piece configuration. One-piece gift boxes are die-cut or otherwise formed so that the top, bottom, and sides form a single, contiguous unit. Two-piece gift boxes are those with a folded bottom and a folded top as separate pieces. Folding gift boxes are generally packaged in shrink-wrap, cellophane, or other packaging materials, in single or multibox packs for sale to the retail customer. The scope of the order excludes folding gift boxes that have a retailer's name, logo, trademark or similar company information printed prominently on the box's top exterior (such folding gift boxes are often known as "not-forresale" gift boxes or "give-away" gift boxes and may be provided by department and specialty stores at no charge to their retail customers). The scope of the order also excludes folding gift boxes where both the outside of the box is a single color and the box is not packaged in shrink-wrap, cellophane, other resin-based packaging films, or paperboard.

Imports of the subject merchandise are classified under Harmonized Tariff Schedule of the United States ("HTSUS") subheadings 4819.20.0040 and 4819.50.4060. These subheadings also cover products that are outside the scope of the order. Furthermore, although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of the order is dispositive.

## **Analysis Of Comments Received**

A complete discussion of all issues raised in this review are addressed in the accompanying Issues and Decision Memorandum, which is hereby adopted by this notice. See "Issues and Decision Memorandum for the Final Results in the Expedited Sunset Review of the Antidumping Duty Order on Folding Gift Boxes from the People's Republic of China," from Stephen J. Claeys, Deputy Assistant Secretary, to David M. Spooner, Assistant Secretary for Import Administration, dated March 29, 2007 ("I&D Memo"). The issues discussed in the accompanying I&D Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the dumping margin likely to prevail if the Order were revoked.
