

A proposed rule change filed under 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.¹³ However, Rule 19b-4(f)(6)(iii)¹⁴ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The ISE requests that the Commission waive the 30-day operative delay, as specified in Rule 19b-4(f)(6)(iii),¹⁵ which would make the rule change effective and operative upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. The Commission notes that this proposal is substantially similar to SR-CBOE-2006-88¹⁶ previously approved by the Commission for the CBOE. The Commission further notes that the CBOE proposal was noticed for comment and no comments were received. Accordingly, the Commission designates the proposed rule change operative upon filing with the Commission.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in the furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56263; File No. SR-ISE-2007-69]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Extension of a Pilot Period To Increase Position Limits and Exercise Limits for Equity Options and Options on the Nasdaq-100 Tracking Stock

August 15, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 13, 2007, the International Securities Exchange, LLC ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been substantially prepared by ISE. The Exchange has filed the proposal as a "non-controversial" rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

ISE proposes to extend the time period for Exchange Rule 412 and Rule 414 position and exercise limits pilot program for equity option contracts and options on the Nasdaq-100 Index Tracking Stock ("QQQQ") ("Pilot Program"). The text of the proposed rule change is available at ISE, the Commission's Public Reference Room, and <http://www.ise.com>.

³ 15 U.S.C. 78s(b)(3)(A).

⁴ 17 CFR 240.19b-4(f)(6).

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ISE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has

prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Pilot Program provides for an increase to the standard position and exercise limits for equity option

contracts and for options on QQQQs.⁵ The Pilot Program, after being extended on prior occasions,⁶ is set to expire on September 1, 2007.⁷ Specifically, the Pilot Program increased the applicable position and exercise limits for equity options and options on the QQQQ to the following levels:

Current equity option contract limit ⁸	Pilot program equity option contract limit
13,500	25,000
22,500	50,000
31,500	75,000
60,000	200,000
75,000	250,000
Current QQQQ option contract limit	Pilot program QQQQ option contract limit
300,000	900,000

The purpose of the proposed rule change is to extend the Pilot Program for an additional six-month period, until March 1, 2008. The Exchange believes that extending the Pilot Program for this additional period is warranted due to the positive feedback from members and for the reasons cited in the original rule filing that proposed the adoption of the Pilot Program.⁹ Additionally, the Exchange represents that it has not experienced any problems or difficulties relating to the Pilot Program since its inception. For these reasons, the Exchange requests that the Commission extend the Pilot Program until March 1, 2008.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act¹⁰ in general, and furthers the objective of Section 6(b)(5) of the Act¹¹ in particular, in that it is designed to promote just and equitable principles of trade and to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the forgoing rule change does not: (1) Significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³

A proposed rule change filed under 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.¹⁴ However, Rule 19b-

4(f)(6)(iii)¹⁵ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and in the public interest because it will allow the Pilot Program to continue uninterrupted. For this reason, the Commission designates that the proposed rule change become operative immediately.¹⁶

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56271; File No. SR-NYSE-2007-74]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Order Granting Accelerated Approval of Proposed Rule Change To Amend Sections 703.22 and 802.01D of the Exchange's Listed Company Manual Regarding the Listing and Trading of Index-Linked Securities

August 16, 2007.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 ("Act"),² and Rule 19b-4 thereunder,³ notice is hereby given that on August 3, 2007, New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule changes as described in Items I and II below, which items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule changes from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Section 703.22 of its Listed Company Manual ("Manual") to permit the listing of securities that do not meet the one million unit initial distribution requirement but are redeemable on at least a weekly basis at the option of the holders. The filing also amends Section 802.01D of the Manual to apply the continued listing standards under the heading "Specialized Securities" to securities listed under Section 703.22.

The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, and <http://www.nyse.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The NYSE has prepared summaries, set forth in Sections A, B and C below, of the

most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Section 703.22 of the Manual to permit the listing of securities that do not meet the one million unit initial distribution requirement but are redeemable on at least a weekly basis at the option of the holders. Section 703.22 is the Exchange's generic listing standards for equity index-linked securities ("Equity Index-Linked Securities"), commodity-linked securities ("Commodity-Linked Securities"), and currency-linked securities ("Currency-Linked Securities" and, together with Equity Index-Linked Securities and Commodity-Linked Securities, "Index-Linked Securities").

Section 703.22 of the Manual currently exempts a new listing of Index-Linked Securities from the otherwise applicable requirement that the issue have 400 holders upon listing, but only if the issue provides for the redemption of securities at the option of the holders on at least a weekly basis. The Exchange believes that, where there is such a weekly redemption right, the same justification exists for an exemption from the requirement to have one million units issued at the time of listing as applies to the 400 holder requirement. The Exchange believes that a weekly redemption right will ensure a strong correlation between the market price of the Index-Linked Securities and the performance of the underlying index, as holders will be unlikely to sell their securities for less than their redemption value if they have a weekly right to be redeemed for their full value. In addition, in the case of those Index-Linked Securities with a weekly redemption feature that are currently listed, as well as all of those that are currently proposed to be listed, the issuer has the ability to issue new Index-Linked Securities from time to time at the indicative value at the time of such sale. This provides a ready supply of new Index-Linked Securities, thereby lessening the possibility that the market price of such securities will be affected by a scarcity of available Index-Linked Securities for sale. The Exchange believes that it also assists in maintaining a strong correlation between the market price and the indicative value, as investors will be unlikely to pay more than the indicative value in the open market if they can
