Exceptional Events Rule; Notice of Action Denying Petition for Reconsideration

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Action Denying Petition for Reconsideration.

SUMMARY: The EPA is providing notice that it has responded to a petition for reconsideration of the Exceptional Events Rule (EER). On March 22, 2007, EPA finalized a rule in the **Federal Register** to govern the review and handling of air quality monitoring data

influenced by exceptional events. Section 319 of the Clean Air Act (CAA), as amended by section 6013 of the Safe Accountable Flexible Efficient-Transportation Equity Act: A Legacy for Users (SAFE-TEA-LU) of 2005 required the Administrator to publish a proposed rule in the **Federal Register** by March 1, 2006. Further, SAFE-TEA-LU required the EPA Administrator to publish a final rule within 1 year of the proposal. The final rule on the “Treatment of Data Influenced by Exceptional Events” became effective on May 21, 2007. Subsequent to the publication of this action, a petition for reconsideration from the Natural Resources Defense Council (NRDC) was received by EPA on May 21, 2007, signed by John D. Walke; Director, Clean Air Program; Natural Resources Defense Council; 1200 New York Avenue, NW., Suite 400, Washington, DC 20005-3928. The EPA considered the petition and supporting information along with information contained in the rulemaking docket (Docket number EPA-HQ-OAR-2005-0159-0163) in reaching a decision on the petitions. EPA Administrator Stephen L. Johnson denied the petition for reconsideration in a letter to the petitioner dated

November 5, 2007. The letter documents EPA’s reasons for the denial.

SUPPLEMENTARY INFORMATION:

I. How Can I Get Copies of This Document and Other Related Information?

This **Federal Register** notice, the petition for reconsideration, and the letter denying the petition for reconsideration are available in the docket that EPA established for the Exceptional Events Rule (docket number EPA-HQ-OAR-2005-0159). The table below identifies the petition received by EPA, the date EPA received the petition, the document identification number for the petition, the date of EPA’s response, and the document identification number for EPA’s response. (Note that all the document numbers listed in the table are in the form of “EPA-HQ-OAR-XXXX-XXXX-xxxx.”)

Petitioner	Date of petition to EPA	Petition: Document No. in docket	Date of EPA response	EPA response: Document No. in docket

II. Judicial Review

Section 307(b)(1) of the CAA indicates which Federal Courts of Appeal have venue for petitions for review of final actions by EPA. This section provides, in part, that petitions for review must be filed in the Court of Appeals for the District of Columbia Circuit if: (i) The agency action consists of "nationally applicable regulations promulgated, or final action taken, by the Administrator," or (ii) such actions are locally or regionally applicable, if "such action is based on a determination of nationwide scope or effect and if in taking such action the Administrator finds and publishes that such action is based on such a determination."

The EPA has determined that its action denying the petition for reconsideration is of nationwide scope and effect for purposes of section 307(b)(1) because EPA previously found the Exceptional Events Rule to be of nationwide scope and effect. Thus, any petitions for review of the letters denying the petitions for reconsideration described in this Notice must be filed in the Court of Appeals for the District of Columbia Circuit within 60 days from the date this Notice is published in the **Federal Register**.

Approval and Promulgation of Implementation Plans; Missouri; Clean Air Interstate Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is taking final action to approve a revision to the Missouri State Implementation Plan (SIP) submitted on May 18, 2007. This revision addresses the requirements of EPA's Clean Air Interstate Rule (CAIR) promulgated on May 12, 2005, and subsequently revised on April 28, 2006, and December 13, 2006. EPA has determined that the SIP revision fully implements the CAIR requirements for Missouri. As a result of this action, EPA will also withdraw, through a separate rulemaking, the CAIR Federal Implementation Plans (FIPs) concerning SO₂, NO_x annual, and NO_x ozone season emissions for Missouri. The CAIR FIPs for all States in the CAIR region were promulgated on April 28, 2006, and subsequently revised on December 13, 2006.

CAIR requires States to reduce emissions of sulfur dioxide (SO₂) and nitrogen oxides (NO_x) that significantly contribute to, and interfere with maintenance of, the national ambient air quality standards for fine particulates and/or ozone in any downwind state. CAIR establishes State budgets for SO₂ and NO_x and requires States to submit SIP revisions that implement these budgets in States that EPA concluded did contribute to nonattainment in downwind states. States have the flexibility to choose which control measures to adopt to achieve the budgets, including participating in the EPA-administered cap-and-trade programs. In the SIP revision that EPA is approving today, Missouri has met the CAIR requirements by electing to participate in the EPA-administered cap-and-trade programs addressing SO₂, NO_x annual, and NO_x ozone season emissions.

DATES: This rule is effective on December 14, 2007.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA-R07-OAR-2007-0782. All documents in the docket are listed on the <http://www.regulations.gov> Web site. Although listed in the index, some information is not publicly available, i.e., CBI or other information whose

disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at the Environmental Protection Agency, Air Planning and Development Branch, 901 North 5th Street, Kansas City, Kansas 66101. The Regional Office's official hours of business are Monday through Friday, 8 to 4:30 excluding Federal holidays. The interested persons wanting to examine these documents should make an appointment with the office at least 24 hours in advance.

I. What Action Is EPA Taking?

EPA is taking final action to approve a revision to Missouri's SIP submitted on May 18, 2007. In its SIP revision, Missouri has met the CAIR requirements by requiring certain electric generating units (EGUs) to participate in the EPA-administered State CAIR cap-and-trade programs addressing SO₂, NO_x annual, and NO_x ozone season emissions, as finalized in the Missouri Register on April 16, 2007, pages 646-661. Missouri's regulations adopt by reference most of the provisions of EPA's SO₂, NO_x annual, and NO_x ozone season model trading rules, with certain changes discussed below. EPA has determined that the SIP as revised will meet the applicable requirements of CAIR. As a result of this action, the Administrator of EPA will also issue a final rule to withdraw the FIPs concerning SO₂, NO_x annual, and NO_x
