Needs and Uses: The reporting requirements included under this OMB Control Number 3060–0519 enable the Commission to gather information regarding violations of the Do-Not-Call Implementation Act (Do-Not-Call Act).

If the information collection was not conducted, the Commission would be unable to track and enforce violations of the Do-Not-Call Act. The Do-Not-Call rules provide consumers with several options for avoiding most unwanted telephone solicitations.

This national do-not-call registry supplements the current companyspecific do-not-call rules for those consumers who wish to continue requesting that particular companies not call them. Any company, which is asked by a consumer, including an existing customer, not to call again must honor that request for five (5) years. The Commission retains the current calling time restrictions of 8 a.m. until 9 p.m.

However, a provision of the Commission's rules allows consumers to give specific companies permission to call them through an express written agreement. Nonprofit organizations, companies with whom consumers have an established business relationship, and calls to persons with whom the telemarketer has a personal relationship are exempt from the "do-not-call" requirements.

On September 21, 2004, the Commission released the *Safe Harbor Order* establishing a limited safe harbor in which persons will not be liable for placing autodialed and prerecorded message calls to numbers ported from a wireline service within the previous 15 days. The Commission also amended its existing national do-not-call registry safe harbor to require telemarketers to scrub their lists against the do-not-call database every 31 days.

hours (average per response). Frequency of Response: Recordkeeping requirement; On occasion reporting requirements; Third party disclosure requirement.

Total Annual Cost: \$37,105,283. Nature and Extent of Confidentiality: An assurance of confidentiality is not offered because this information collection does not require the collection of personally identifiable information from individuals.

*Privacy Impact Assessment:* No impact(s).

*Needs and Uses:* The reporting requirements included under this OMB Control Number 3060-1078 enables the Commission to collect information regarding violations of the Controlling the Assault of Non-Solicited Pornography and Marketing Act of 2003 (CAN-SPAM Act). This information is used to help wireless subscribers stop receiving unwanted commercial mobile services messages. On August 12, 2004, the Commission released an Order, Rules and Regulations Implementing the Controlling the Assault of Non-Solicited Pornography and Marketing Act of 2003, CG Docket No. 04-53, FCC 04-194, adopting rules to prohibit the sending of commercial messages to any address referencing an Internet domain name

associated with wireless subscribers' messaging services, unless the individual addressee has given the sender express prior authorization. The information collection requirements consist of 47 CFR 64.3100 (a)(4), (d), (e) and (f) of the Commission's rules.
