## SUPPLEMENTARY INFORMATION:

### I. Abstract

This collection of information is required by the Trademark Act, 15 U.S.C. Section 1051, *et seq.*, which provides for the Federal registration of trademarks, service marks, collective trademarks and service marks, collective membership marks, and certification marks. Individuals and businesses that use or intend to use such marks in commerce may file an application to register their marks with the United States Patent and Trademark Office (USPTO). In some cases, the USPTO may issue an Office Action to an applicant in order to request additional information that is required before a mark can be registered. The USPTO may also issue an Office Action to advise an applicant that a mark cannot be registered due to one or more provisions of the Trademark Act. Applicants may reply to these Office Actions by providing the required information or by putting forth legal arguments as to why the refusal of registration should be withdrawn.

Applicants may also supplement their applications by providing additional information voluntarily. When such information is provided before the USPTO has reviewed the application, the applicant may submit the additional information in the form of a Preliminary Amendment.

The forms in this collection are available in electronic format through the Trademark Electronic Application System (TEAS), which may be accessed on the USPTO Web site. The USPTO is proposing to add two forms to this information collection, Post Publication Amendment (PTO-1711) and Response to Suspension Inquiry or Letter of Suspension (PTO-1822). Applicants may file a Post Publication Amendment in order to submit a proposed amendment to an application that has already been approved for publication by the examining attorney. If an applicant receives a Suspension Inquiry or Letter of Suspension from the USPTO, the applicant may use the proposed response form to file a reply. Applicants may submit the two proposed new forms to the USPTO electronically through TEAS or submit the required information for the amendment or response to the USPTO on paper. The USPTO does not provide official forms for these paper submissions.
