SUPPLEMENTARY INFORMATION: The subject amendment to Permit No. 731-1774, issued on September 16, 2005, and most recently amended on December 29, 2006, is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216).

Permit No. 731-1774, issued to Robin Baird, Ph.D. (Cascadia Research) authorizes vessel approaches, aerial over-flights, photo-identification, video and audio recording and suction cup tagging of cetacean species in all U.S. and international waters in the Pacific, including Alaska, Washington, Oregon, California, Hawaii, and other U.S. territories. The objectives of the research are to assess cetacean populations and to study diving and night-time behavior, social organization, and inter-specific interactions. The purpose of the modification is to enhance the examination of movements (for stock structure assessment) and habitat use of: Blainville's (*Mesoplodon densirostris*), Cuvier's (*Ziphius cavirostris*), Longman's (*Indopacetus pacificus*), and Baird's (*Berardius bairdii*) beaked whales, short-finned pilot (*Globicephala macrorhynchus*), non-Southern Resident killer (*Orcinus orca*), pygmy killer (*Feresa attenuata*), melon-headed (*Peponocephala electra*), and false killer (*Pseudorca crassidens*) whales, bottlenose (*Tursiops truncatus*), rough-toothed (*Steno bredanensis*), and Risso's (*Grampus griseus*) dolphins, and dwarf (*Kogia sima*) and pygmy (*Kogia breviceps*) sperm whales using satellite tagging with dart tags. For each species, up to 20 individuals may be dart tagged per year for the duration of the permit. Incidental harassment of non-target animals is already authorized no additional harassment takes are requested. Dart tagging would occur concurrently with already permitted activities, primarily in Hawaiian waters, though some species may be tagged opportunistically elsewhere where activities are authorized. No takes by dart tagging or additional incidental takes of ESA listed species are

requested. The amended permit, if issued, would be valid until the permit expires on August 31, 2010.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.

BILLING CODE 3510-22-S

CONSUMER PRODUCT SAFETY COMMISSION

Collection of Information; Proposed Extension of Approval; Comment Request—Recordkeeping Requirements Under the Safety Regulations for Full-Size Cribs

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Consumer Product Safety Commission requests comments on a proposed three year extension of approval of information collection requirements in the safety regulations for full-size cribs codified at 16 CFR 1500.18(a)(13) and Part 1508. These regulations were issued to reduce hazards of strangulation, suffocation, pinching, bruising, laceration, and other injuries associated with full-size cribs. (A full-size crib is a crib having an interior length ranging from 49¾ inches to 55 inches and an interior width

ranging from 25 to 30 inches.) The regulations prescribe performance, design, and labeling requirements for full-size cribs. They also require manufacturers and importers of those products to maintain sales records for a period of three years after the manufacture or importation of full-size cribs. If any full-size cribs subject to provisions of 16 CFR 1500.18(a)(13) and Part 1508 fail to comply in a manner severe enough to warrant a recall, the required records can be used by the manufacturer or importer and by the Commission to identify those persons and firms who should be notified of the recall. The Commission will consider all comments received in response to this notice before requesting approval of this collection of information from the Office of Management and Budget.

DATES: Written comments must be received by the Office of the Secretary not later than April 13, 2007.

ADDRESSES: Written comments should be captioned "Collection of Information—Requirements Under the Safety Regulations for Full-Size Cribs" and e-mailed to cpsc-os@cpsc.gov. Comments may also be sent by facsimile to (301) 504-0127, or by mail to the Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814.

FOR FURTHER INFORMATION CONTACT: For information about the proposed renewal of this collection of information, or to obtain a copy of the pertinent regulations, call or write Linda L. Glatz, Division of Policy and Planning, Office of Information Technology and Technology Services, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814; (301) 504-7671, or by e-mail to lglatz@cpsc.gov.

SUPPLEMENTARY INFORMATION:

A. Estimated Burden

The Commission staff estimates that there are approximately 75 firms required to annually maintain sales records of full-size cribs. The staff further estimates that the average burden per respondent is five hours per year, for a total of 375 hours and an annual cost of \$17,000. (375 hrs. × \$44.82/hr. based on total compensation of all civilian workers in management and professional positions in the U.S., July 2006, Bureau of Labor Statistics.)

B. Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission

specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Dated: February 7, 2007.

Todd A. Stevenson,

Secretary, Consumer Product Safety Commission.
