RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

Summary: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB) for the following collection of information: 3220-0184, Earnings Information Request. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collection of information to determine (1) The practical utility of the collection; (2) the accuracy of the estimated burden of the collection; (3) ways to enhance the quality, utility and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to RRB or OIRA must contain the OMB control number of the ICR. For

proper consideration of your comments, it is best if RRB and OIRA receive them within 30 days of publication date.

Under Section 2 of the Railroad Retirement Act, an annuity is not payable, or is reduced for any month(s) in which the beneficiary works for a railroad or earns more than prescribed amounts. The provisions relating to the reduction or non-payment of annuities by reason of work are prescribed in 20 CFR part 230.

To obtain the information needed to determine if an annuity is not payable to an *applicant* because of earnings in excess of prescribed amounts, the RRB uses a series of basic application forms used to request specific information related to an annuitant's past, present and future earnings. To determine information needed for determining reductions in, or non-payment of, annuities currently being paid to *annuitants*, the RRB primarily relies on earnings information received from the Social Security Administration under the terms of a computer matching agreements.

The RRB utilizes Form G-19-F, *Earnings Information Request*, to obtain earnings information that either had not been previously reported or erroneously reported by a beneficiary. In order to enhance program integrity, the RRB proposes to revise Form G-19-F to expand a current item that requests information about the annuitant's employer to include the employer's identification number (EID). Other minor non-burden impacting editorial changes are also proposed.

Our ICR describes the information we seek to collect from the public. If a respondent fails to complete the form, the RRB may be unable to pay them benefits. One response is required from a respondent.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (72 FR 20390 on April 24, 2007) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

Summary: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB) to request a revision to a currently approved collection of information: 3220-0138, Self-Employment and Substantial Service Questionnaire consisting of Form AA-4, Self-Employment and Substantial Service Questionnaire.

The RRB invites comments on the proposed collection of information to determine (1) The practical utility of the collection; (2) the accuracy of the estimated burden of the collection; (3) ways to enhance the quality, utility and clarity of the information that is the subject of collection; and (4) ways to

minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if RRB and OIRA receive them within 30 days of publication date.

Section 2 of the Railroad Retirement Act (RRA) provides for payment of annuities to qualified employees and their spouses. In order to receive an age and service annuity, Section 2(e)(3) states that an applicant must stop all railroad work and give up any rights to return to such work. However, applicants are not required to stop non-railroad work or self-employment.

The RRB considers some work claimed as "self-employment" to actually be employment for an employer. Whether the RRB classifies a particular activity as self-employment or as work for an employer depends upon the circumstances of each case. These circumstances are prescribed in 20 CFR part 216.

Under the 1988 amendments to the RRA, an applicant is no longer required to stop work for a "Last Pre-Retirement Nonrailroad Employer" (LPE). However, section 2(f)(6) of the RRA requires that a portion of the employee's Tier II benefit and supplemental annuity be deducted for earnings from a "LPE" employer.

"LPE" is defined as the last person, company or institution with whom the employee or spouse applicant was employed concurrently with, or after, the applicant's last railroad employment and before their annuity beginning date. If a spouse never worked for a railroad, the LPE employer is the last person for whom he or she worked.

The RRB utilizes Form AA-4, *Self-Employment and Substantial Service Questionnaire*, when an applicant claims to be self-employed to obtain information needed to determine if the applicant's work is LPE, railroad service or self-employment. If the work is self-employment, the questionnaire identifies any months in which the applicant did not perform substantial service. The RRB proposes editorial and formatting changes to Form AA-4. Other non-burden impacting changes proposed include dividing current items containing multiple questions into separate items with Yes/No responses and skip patterns. Checklists have also been added to many items to obtain more standardized responses.

Our ICR describes the information we seek to collect from the public. If a respondent fails to complete Form AA-4, the RRB may be unable to pay them

benefits. The completion time for the form is estimated at 40 to 70 minutes. One response is received from each respondent. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (72 FR 19555 on April 18, 2007) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

Abstract: Section 2 of the Railroad Retirement Act provides for payment of annuities to qualified employees and their spouses.
