

issue requests for clarification and additional information.

For the reasons identified by the Petitioners, and because there are no compelling reasons to deny the request, the Department is postponing the preliminary determination under section 733(c)(1)(A) of the Act, by 50 days to September 6, 2007. The deadline for the final determination will continue to be 75 days after the date of the preliminary determination, unless extended.

This notice is issued and published pursuant to sections 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: July 2, 2007.

David Spooner,

Assistant Secretary for Import Administration.

University of Minnesota, et al., Notice of Consolidated Decision on Applications for Duty-Free Entry of Scientific Instruments

This is a decision consolidated pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 A.M. and 5 P.M. in Room 2104, U.S. Department of Commerce, 14th and Constitution Ave., NW., Washington, DC.

Comments: None received. Decisions: Approved. We know of no instrument of equivalent scientific value to the foreign instruments described below, for such purposes as each is intended to be used, was being manufactured in the United States at the time of its order.

Docket Number: 07-025. Applicant: University of Minnesota, Minneapolis, MN 55455. Instrument: Confocal Raman Microscope. Manufacturer: Witec, Germany. Intended Use: See notice at 72 FR 33204, June 15, 2007. Reasons: The foreign instrument provides capability for distinguishing polymorphs in organic crystalline films, identifying components in polymer blends at the micron level, distinguishing components in complex biofilms, characterizing the surface composition of coated aerosol particles, etc. Precise mapping control through a piezo scan table, as well as high resolution and adaptation to different wavelengths of the laser are essential features.

Docket Number: 07-034. Applicant: Purdue University, West Lafayette, IN 47907-2054. Instrument: Electron Microscope. Manufacturer: FEI Company, The Netherlands. Intended Use: See notice at 72 FR 33204, June 15 2007. Reasons: The foreign instrument provides capability of high voltage electron microscopy.

Docket Number: 07-035. Applicant: Old Dominion University, Norfolk, VA 23529. Instrument: Electron Microscope. Manufacturer: JEOL, Ltd., Japan. Intended Use: See notice at 72 FR 33204. Reasons: The foreign instrument provides capability of high voltage electron microscopy. The capabilities of each of the foreign instruments described above are pertinent to each applicant's intended purposes and we know of no other instrument or apparatus being manufactured in the United States which is of equivalent scientific value to any of the foreign instruments.

Faye Robinson,

Director, Statutory Import Programs Staff, Import Administration.

Pure Magnesium and Alloy Magnesium from Canada: Final Results of 2005 Countervailing Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On April 20, 2007, the Department of Commerce published in the **Federal Register** the preliminary results of the administrative reviews of the countervailing duty orders on pure magnesium and alloy magnesium from Canada for the period January 1, 2005, through August 15, 2005. We gave interested parties an opportunity to comment on the preliminary results.

Our analysis of the comments received on the preliminary results did not lead to any changes in the net subsidy rate. Therefore, the final results do not differ from the preliminary results. The final net subsidy rate for the reviewed company is listed below in the section entitled "Final Results of Reviews."

EFFECTIVE DATE: July 11, 2007.

FOR FURTHER INFORMATION CONTACT:

Andrew McAllister or Brandon Farlander, AD/CVD Operations, Office

1, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-1174 or (202) 482-0182, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 20, 2007, the Department of Commerce ("the Department") published the preliminary results of the administrative reviews of the countervailing duty orders on pure magnesium and alloy magnesium from Canada for the period January 1, 2005, through August 15, 2005. See *Pure Magnesium and Alloy Magnesium from Canada: Preliminary Results of Countervailing Duty Administrative Reviews*, 72 FR 19881 (April 20, 2007) ("Preliminary Results").

Norsk Hydro Canada, Inc. ("NHCI") submitted a case brief on May 7, 2007. In its case brief, NHCI agreed with the Department's *Preliminary Results* with respect to NHCI. US Magnesium LLC ("the petitioner") did not file a case or rebuttal brief.

Scope of the Orders

The products covered by these orders are shipments of pure and alloy magnesium from Canada. Pure magnesium contains at least 99.8 percent magnesium by weight and is sold in various slab and ingot forms and sizes. Magnesium alloys contain less than 99.8 percent magnesium by weight with magnesium being the largest metallic element in the alloy by weight, and are sold in various ingot and billet forms and sizes.

The pure and alloy magnesium subject to the orders is currently classifiable under items 8104.11.0000 and 8104.19.0000, respectively, of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheadings are provided for convenience and customs purposes, the written descriptions of the merchandise subject to the orders are dispositive.

Secondary and granular magnesium are not included in the scope of these orders. Our reasons for excluding granular magnesium are summarized in *Preliminary Determination of Sales at Less Than Fair Value: Pure and Alloy Magnesium From Canada*, 57 FR 6094 (February 20, 1992).

Period of Reviews

The period for which we are measuring subsidies, or POR, is January 1, 2005, through August 15, 2005.

Changes Since the Preliminary Results

Based on our analysis of the record and comments received, we have made no changes to the preliminary results net subsidy rate.

Final Results of Reviews

In accordance with 19 CFR 751.221(b)(5), we calculated an individual subsidy rate for the producer/exporter subject to these reviews. For the period January 1, 2005, through August 15, 2005, we find the net subsidy rate for NHCI to be 0.00 percent.

Cash Deposit Instructions

On July 6, 2006, pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(1)(iii), the Department revoked the countervailing duty orders on pure magnesium and alloy magnesium from Canada (*see Revocation of the Countervailing Duty Orders: Pure Magnesium and Alloy Magnesium from Canada*, 71 FR 38382 (July 6, 2006)). The effective date of the revocations is August 16, 2005. As a result of this action, we are not issuing cash deposit instructions.

Assessment Rates

Because the countervailing duty rate for NHCI is zero, we will instruct U.S. Customs and Border Protection ("CBP") to liquidate entries of this company during the period January 1, 2005, through August 15, 2005, without regard to countervailing duties. The Department will issue appropriate instructions directly to CBP 41 days after the date of publication of these final results.

This notice serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

These administrative reviews and notice are in accordance with section 751(a)(1) of the Act.

Dated: July 3, 2007.

David M. Spooner,

Assistant Secretary for Import Administration.

RIN 0648-XA90

Nominations for the Western and Central Pacific Fisheries Commission Advisory Committee

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Request for nominations.

SUMMARY: NMFS, on behalf of the Secretary of Commerce, is seeking nominations for the advisory committee established under the Western and Central Pacific Fisheries Convention Implementation Act (Act). The advisory committee, to be composed of individuals from groups concerned with the fisheries covered by the Western and Central Pacific Fisheries Convention (Convention), will be given the opportunity to provide input to the United States Commissioners to the Western and Central Pacific Fisheries Commission (Commission) regarding the deliberations and decisions of the Commission.

DATES: Nominations must be received no later than September 10, 2007.

ADDRESSES: Nominations should be directed to William L. Robinson, Regional Administrator, NMFS Pacific Islands Regional Office, and may be submitted by any of the following means:

- E-mail: pir.wcpfc@noaa.gov.

Include in the subject line the following document identifier: "Advisory committee nominations". E-mail messages, with or without attachments, are limited to 5 megabytes.

- Mail or hand delivery: 1601 Kapiolani Blvd. Suite 1110, Honolulu, HI 96814.

- Facsimile: 808-973-2941.

FOR FURTHER INFORMATION CONTACT: Raymond P. Clarke, NMFS Pacific Islands Regional Office; telephone: 808-944-2205; facsimile: 808-973-2941; e-mail: raymond.clarke@noaa.gov.

SUPPLEMENTARY INFORMATION:

The Convention and the Commission

The objective of the Convention is to ensure, through effective management, the long-term conservation and sustainable use of highly migratory fish stocks in the western and central Pacific Ocean in accordance with the United Nations Convention on the Law of the Sea of 1982 (UNCLOS) and the Agreement for the Implementation of

the Provisions of the UNCLOS Relating to the Conservation and Management of Straddling Fish Stocks and Highly Migratory Fish Stocks. The Convention establishes the Commission, the secretariat of which is based in Pohnpei, Federated States of Micronesia.

The Convention applies to all highly migratory fish stocks (defined as all fish stocks of the species listed in Annex I of the UNCLOS occurring in the Convention Area, and such other species of fish as the Commission may determine), except saurians.

The United States played a very active role in supporting the negotiations and the development of the Convention and signed the Convention when it was opened for signature in 2000. It has participated as a cooperating non-member in the Commission since it became operational in 2005. Upon completion of the Convention ratification process, which will occur July 27, 2007, the United States will become a Contracting Party to the Convention and a full member of the Commission. Under the Act, the United States will be represented on the Commission by five United States Commissioners, appointed by the President.

Advisory Committee

The Act (Public Law 109-479, sec 501-511) provides (in sec 503(d)) that the Secretary of Commerce, in consultation with the United States Commissioners to the Commission, will appoint certain members of the advisory committee established under the Act.

The members to be appointed to the advisory committee are to include not less than 15 nor more than 20 individuals selected from the various groups concerned with the fisheries covered by the Convention, providing, to the extent practicable, an equitable balance among such groups. On behalf of the Secretary of Commerce, NMFS is now seeking nominations for these appointments.

In addition to the 15-20 appointed members, the advisory committee also includes the chair of the Western and Central Pacific Fishery Management Council's Advisory Committee (or designee), and officials of the fisheries management authorities of American Samoa, Guam, and the Northern Mariana Islands (or their designees).

Members of the advisory committee will be invited to attend all non-executive meetings of the United States Commissioners to the Commission and at such meetings will be given opportunity to examine and be heard on all proposed programs of investigation,
