

instrumentality, or political subdivision authorized to hold property, or an entity including, but not limited to, associations or partnerships legally capable of holding property or interests therein under the laws of the State of Arizona. Certification of bidder qualification must accompany the bid deposit.

Segregation: Publication of the Notice in the **Federal Register** segregates the subject lands from all appropriations under the public land laws, including the general mining laws, except sale under the Federal Land Policy and Management Act of 1976. The segregation will terminate upon issuance of the quit claim deed, or upon publication in the **Federal Register** of a termination of the segregation or 2 years from publication of this notice in the **Federal Register**, whichever occurs first.

Terms and Conditions of Sale: Upon successful completion of the sale, the quit claim deed issued would contain the following numbered reservations, covenants, terms and conditions:

1. A right-of-way thereon for ditches and canals constructed by authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

2. Right-of-ways authorized under the Act of October 21, 1976, 90 Stat. 2776 (43 U.S.C. 1761) for power lines granted to Tucson Electric Power Company, its successor or assignees, by right-of ways AZA-7274 and AZA-7872 and a road granted to Narhill LLC, right-of-way AZA-31957.

3. The parcel is subject to valid existing rights.

4. The purchaser/grantee, by accepting the deed, agrees to indemnify, defend, and hold the United States harmless from any costs, damages, claims, causes of action, penalties, fines, liabilities, and judgments of any kind arising from the past, present, or future acts or omissions of the grantor, its employees, agents, contractors, or lessees, or a third party arising out of, or in connection with, the grantor's use and/or occupancy of the deeded real property resulting in: (1) Violations of Federal, state, and local laws and regulations that are now, or in the future, become applicable to the real property; (2) judgments, claims, or demands of any kind assessed against the United States; (3) costs, expenses, or damages of any kind incurred by the United States; (4) releases or threatened releases of solid or hazardous waste(s) and/or hazardous substance(s), as defined by Federal or state environmental laws, off, on, into, or under land, property, and other interests of the United States; (5) other activities by which solids or hazardous

substances or wastes, as defined by Federal and state environmental laws are generated, released, stored, used, or otherwise disposed of on the deeded real property, and any cleanup response, remedial action, or other actions related in any manner to said solid or hazardous substances or wastes; or (6) natural resource damages as defined by Federal and state law. This covenant shall be construed as running with the deeded real property and may be enforced by the United States in a court of competent jurisdiction.

5. Pursuant to the requirements established by section 120(h) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), (42 U.S.C. 9620(h)), as amended by the Superfund Amendments and Reauthorization Act of 1988, (100 Stat.1670), notice is hereby given that the above-described lands have been examined and no evidence was found to indicate that any hazardous substances has been stored for one year or more, nor had any hazardous substances been disposed of or released on the subject property.

No warranty of any kind, express or implied, is given by the United States as to the title, physical condition or potential uses of the parcel of land proposed for sale, and the conveyance of any such parcel will not be on a contingency basis. It is the buyer's responsibility to be aware of all applicable Federal, State, or local government laws, regulations, or policies that may affect the subject lands or its future uses. It is also the buyer's responsibility to be aware of existing or prospective uses of nearby properties. Any land lacking access from a public road or highway will be conveyed as such, and future access acquisition will be the responsibility of the buyer.

Public Comments: Detailed information concerning the proposed land sale, including reservations, sale procedures, appraisals, planning and environmental documents, and mineral reports, is available for review at the BLM Phoenix District Office, 21605 North 7th Avenue, Phoenix, Arizona 85027. Normal business hours are 7:30 a.m. to 4:15 p.m., Monday through Friday (except Federal holidays). The general public and interested parties may submit written comments regarding the proposed sale to the BLM Phoenix District Manager, not later than 45 days after publication of this notice in the **Federal Register**. Any comments received are to be in letter format and addressed and mailed to Teri Raml, Phoenix District Manager, BLM Phoenix District Office, 21605 North 7th Avenue, Phoenix, Arizona 85027. Facsimiles,

telephone calls, and e-mails are unacceptable means of notification. Comments including names and street addresses of respondents will be available for public review at the BLM Phoenix District Office during regular business hours, except holidays. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

Any adverse comments will be reviewed by the State Director, who may sustain, vacate, or modify this realty action and issue a final determination. In the absence of timely filed objections, this realty action will become the final determination of the Department of the Interior.

Authority: 43 CFR 2711.1-2(a) and (c).

Margo E. Lewis,

Assistant District Manager, Phoenix District Office.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[CA-910-5850-EU-CACA-48476]

Notice of Realty Action: Competitive Sale of Public Lands in Riverside County, CA; Correction

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Realty Action; Correction.

SUMMARY: The Bureau of Land Management published a document in the **Federal Register** of March 12, 2007, concerning the sale of 51 parcels of public land in Riverside County, California, aggregating approximately 274.37 acres. The document contained (a) an inaccurate legal description for Parcel 33 and (b) the inadvertent omission of a parcel from two sentences contained in the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Tom Gey, Realty Specialist at (951) 697-5352 or via e-mail at thomas_gey@ca.blm.gov.

Correction

In the **Federal Register** of March 12, 2007, in FR Doc. E7-4420, on page 11051, in the first column, correct “Parcel 33 T. 4 S., R. 7 E., sec. 4, S¹/₂SW¹/₄NW¹/₄SE¹/₄” as follows “Parcel 33 T. 4 S., R. 7 E., sec. 4, S¹/₂NW¹/₄SW¹/₄SE¹/₄”

and in the **Federal Register** of March 12, 2007, in FR Doc. E7-4420, on page 11051, in the second column, in the second and third sentences in the first paragraph, correct “parcels 1” as follows “parcels 1 and 2”.

Dated: March 22, 2007.

John Willoughby,

Acting Deputy State Director, Natural Resources (CA-930).

BILLING CODE 4310-40-P

DEPARTMENT OF THE INTERIOR**Bureau of Reclamation**

[FES-07-10]

**Folsom Dam Safety and Flood Damage Reduction (DS/FDR) Action—
Sacramento, El Dorado, and Placer
Counties, CA**

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of availability of the Final Environmental Impact Statement/Environmental Impact Report (EIS/EIR).

SUMMARY: The Bureau of Reclamation (Reclamation), the lead Federal agency; the U.S. Army Corps of Engineers (Corps), a cooperating Federal agency; the Reclamation Board, the lead State agency; and the Sacramento Area Flood Control Agency (SAFCA), the local sponsor, have prepared a Final EIS/EIR for the Folsom DS/FDR Action. The Folsom DS/FDR proposed action includes features that address Reclamation's DS objectives and the Corps' FDR objectives jointly as well as features or increments that exclusively address DS, security, or FDR objectives and would be constructed by the respective agencies. The Final EIS/EIR contains responses to comments received on the Draft EIS/EIR.

The Corps intends to adopt the Final EIS/EIR to satisfy the requirements of National Environmental Policy Act for the Joint Federal Project (JFP) component and other FDR features as appropriate. The Corps has prepared a Post Authorization Change (PAC) Report which documents recommended changes to the authorized Folsom Modifications and Folsom Dam Raise projects.

A Notice of Availability of the Draft EIS/EIR was published in the **Federal Register** on Tuesday, November 28, 2006 (71 FR 68837). The public review period on the Draft EIS/EIR ended on January 22, 2006. The public review period was extended via a press release to January 26, 2007.

DATES: Any written comments on the Folsom DS/FDR Final EIS/EIR should be submitted on or before Monday, April 30, 2007, to Mr. Shawn Oliver or Mrs. Becky Victorine at the addresses below. The State Reclamation Board will complete a California Environmental Quality Act (CEQA) Findings on the Final EIS/EIR within 30 days of the document's release. No Federal decision will be made on the proposed action until 30 days after the release of the Final EIS/EIR. After this 30-day waiting period, Reclamation and the Corps will complete their respective Records of Decision (RODs) for the JFP, DS, and FDR objectives. The RODs and CEQA Findings will identify the recommended action to be implemented including any measures found necessary to avoid, reduce, or mitigate any significant adverse project effects.

ADDRESSES: Send written comments on the Folsom DS/FDR Final EIS/EIR to Mr. Shawn Oliver, Bureau of Reclamation, 7794 Folsom Dam Road, Folsom, CA 95630 (e-mail: soliver@mp.usbr.gov) and Mrs. Becky Victorine, U.S. Army Corps of Engineers, 1325 J Street, Sacramento, CA 95814, or e-mail:

rebecca.a.victorine@usace.army.mil. Send requests for a compact disk or a bound copy of the Final EIS/EIR to Ms. Rosemary Stefani, Bureau of Reclamation, 2800 Cottage Way, Sacramento, CA 95825, telephone: (916) 978-5309, or e-mail:

rstefani@mp.usbr.gov. The Folsom DS/FDR Final EIS/EIR will also be available on the Web at: http://www.usbr.gov/mp/nepa/nepa_projdetails.cfm?Project_ID=1808

See **SUPPLEMENTARY INFORMATION** section for locations where the Folsom DS/FDR Final EIS/EIR is available for public review.

FOR FURTHER INFORMATION CONTACT: Mr. Shawn Oliver, Bureau of Reclamation at the above address, or Mrs. Becky Victorine, U.S. Army Corps of Engineers at the above address.

SUPPLEMENTARY INFORMATION: The Folsom Facility consists of 12 structures (dams and dikes), which impound the American River forming the Folsom Reservoir. Both Reclamation and the Corps share in the responsibility of ensuring that the Folsom Facility is maintained and operated under their respective agency dam safety

regulations and guidelines, as defined by Congress. As a part of their responsibilities, Reclamation and the Corps have determined that the Folsom Facility requires structural improvements to increase overall public safety above existing conditions by improving the facilities' ability to reduce flood damages and address dam safety issues posed by hydrologic (flood), seismic (earthquake), and static (seepage) events. While these events have a low probability of occurrence in a given year, due to the large population downstream of Folsom Dam, modifying the facilities is prudent and required to improve public safety above current baseline conditions.

The Folsom DS/FDR Final EIS/EIR discusses the project background, purpose and need, project description, and related projects. Responses to all comments received from interested organizations and individuals on the Draft EIS/EIR during the public review period and at the public hearing are addressed in the Final EIS/EIR. The Final EIS/EIR addresses the impacts of project construction on aquatic resources, terrestrial vegetation and wildlife, hydrology, water quality, groundwater, water supply, hydropower resources, socioeconomics, soils, minerals, geological resources, visual resources, agricultural resources, transportation and circulation, noise, cultural resources, land use, planning and zoning, recreation resources, public services and utilities, air quality, population and housing, public health and safety, environmental justice, and Indian trust assets. There is the potential for significant impacts to air quality, water quality, soils, visual resources, noise, transportation, terrestrial vegetation and wildlife, cultural resources, socioeconomics, and recreation including utilizing recreation areas for staging and construction purposes, re-routing recreation trails, and potential excavation of borrow material at Beal's Point, Folsom Point, and Mooney Ridge.

The Folsom DS/FDR proposed action considered by the lead agencies is the alternative that includes:

- Joint Federal Project (JFP) auxiliary spillway with a six submerged tainter gate control structure and concrete-lined chute, stilling basin, and approach channel;
- Potential 3.5-foot parapet concrete wall raise and replacement of three emergency spillway gates for FDR;
- DS features including jet grouting the foundation of Mormon Island Auxiliary Dam (MIAD) for seismic stability; toe drains and full-height filters at the Left and Right Wing Dams,
