

least every 15 seconds, the market value of a Share for each Fund, the most recent NAV for each Fund, the number of Shares outstanding for each Fund, and the estimated cash amount and total cash amount per Creation Unit. Amex will also make available on its Web site daily trading volume, the closing prices, the NAV, and the final dividend amounts to be paid for each Fund.

Furthermore, the value of each Underlying Index will be updated intra-day as its individual component securities change in price and disseminated at least every 60 seconds from 9:30 a.m. to 4:15 p.m. Eastern Time by Amex or another organization authorized by the relevant Underlying Index provider. The Trust's Web site will contain a variety of other quantitative information for the Shares of each Fund. Finally, each Fund's total portfolio composition will be disclosed on the Web site of the Trust or another relevant Web site as determined by the Trust and/or Amex.

Furthermore, the Commission believes that the proposal is reasonably designed to preclude trading of the Shares when transparency is impaired. Trading in the Shares will be subject to NYSE Arca Equities Rule 7.34, which provides that, if the listing market halts trading when the IIV is not being calculated or disseminated, the Exchange also would halt trading. The Exchange also may halt trading in the Shares of a Fund when trading is not occurring in the securities comprising an Underlying Index and/or the Financial Instruments of a Fund.

The Commission notes that, if the Shares should be delisted by the listing exchange, the Exchange would no longer have authority to trade the Shares pursuant to this order.

In support of this proposal, the Exchange has made the following representations:

1. The Exchange's surveillance procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules.

2. Prior to the commencement of trading, the Exchange would inform its ETP Holders in an Information Bulletin of the special characteristics and risks associated with trading the Shares. In particular, the Information Bulletin will disclose that the procedures for purchases and redemptions of Shares in Creation Units are described in each Fund's prospectus, and that Shares are not individually redeemable, but are redeemable only in Creation Unit aggregations or multiples thereof. The Information Bulletin would also discuss the risks involved in trading the Shares

during the Opening and Late Trading Sessions when an updated IIV will not be calculated or publicly disseminated.

3. Prior to the commencement of trading, the Exchange would inform its ETP Holders in an Information Bulletin of the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction.

This approval order is conditioned on the Exchange's adherence to these representations.

The Commission finds good cause for approving this proposal before the thirtieth day after the publication of notice thereof in the **Federal Register**. As noted previously, the Commission previously found that the listing and trading of the Shares on Amex is consistent with the Act. The Commission presently is not aware of any regulatory issue that should cause it to revisit that finding or would preclude the trading of the Shares on the Exchange pursuant to UTP. Therefore, accelerating approval of this proposal should benefit investors by creating, without undue delay, additional competition in the market for the Shares.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²⁵ that the proposed rule change (SR-NYSEArca-2007-79), as amended, be and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.²⁶

Nancy M. Morris,

Secretary.

1. Authorization for SSA to Disclose Tax Information for Your Appeal of Your Medicare Part B Income-Related Monthly Adjustment Premium Amount—20 CFR 418.1350-NEW. Medicare Part B beneficiaries who wish to appeal SSA's reconsideration of their Income-Related Monthly Adjustment Amount (IRMAA) must ensure that the relevant Internal Revenue Service (IRS) income tax data is made available to the Health and Human Services Administrative Law Judge (ALJ) who will consider their appeal. Currently, SSA is using IRS Form-8821 to obtain beneficiary authorization to disclose the IRS beneficiary tax data to the ALJ. With IRS's concurrence, SSA has developed its own form for this purpose, the SSA-54. The respondents are Medicare Part B recipients who want to appeal SSA's reconsideration of their IRMAA amount.

Type of Request: Revision to an existing OMB-approved information collection.

Type of Request: New information collection.

Number of Respondents: 6,000.

Frequency of Response: 1.

Average Burden Per Response: 15 minutes.

Estimated Annual Burden: 1,500 hours.

2. Race & Ethnicity Qualitative Research—0960-NEW. Collection

Background. Currently, SSA has no reliable, statistically valid means of capturing race/ethnicity data in our core business process. While some Race/Ethnicity data is collected by Form SS-5, the Application for Social Security Card, it is not provided to SSA through other means of enumerating individuals; e.g., the Enumeration at Birth and Enumeration at Entry processes. Additionally, it is not collected during the disability application process. We believe that adding race/ethnicity as questions to SSA's applications for benefits will enable SSA to improve its administrative data. Consequently, we intend to collect this information in other SSA application processes. OMB mandated that Federal agencies collecting race and ethnicity information must use consistent standards established by OMB. We will follow the OMB standards when collecting our Race/Ethnicity data.

Race & Ethnicity Qualitative Research

Before SSA collects Race/Ethnicity data, we plan to conduct several voluntary focus groups with members of the public to assess their opinions, reactions and recommendations on a proposed form that will be used to collect the information. The questions and race and ethnicity categories will follow the standards developed by OMB. The information from this research will be used to develop a comprehensive collection form. The respondents are members of the public who volunteer to participate in the Race/Ethnicity questions focus groups.

Note: Please note that this **Federal Register** Notice is only for the Race and Ethnicity Quality Research focus groups. We will post a separate **Federal Register** Notice in the future for the actual Race and Ethnicity information collection.

Type of Request: New information collection.

Number of Respondents: 96 (8 focus groups, 12 participants).

Frequency of Response: 1.

Average Burden per Response: 90 minutes.

Estimated Annual Burden: 144 hours.
