Errata Notes:

- ★ The December 13, 2006 date on the first page of the Record of Decision is an error. The ROD was signed on December 12, 2006.
- ★ On page 35 of the FEIS, "Examples:" at the top of the page should read "Examples of actions taken:"
- ★ As we were preparing for the mailing of the FEIS and ROD, we determined that the mailing list in Chapter 4 is not complete. Several local, State, federal, and other contacts are not listed. The missing agencies and individuals are receiving the documents. An updated mailing list is available in the project file.

Note: any additions to this list will be posted to the project website if they are discovered. The project web address is <http://www.fs.fed.us/r4/fishlake/projects/ohv.shtml>.
