

NAVTEP and TCPVTIP grantees from the account closing provisions of 31 U.S.C. 1552(a), nor do they extend the availability of funds previously awarded to current NAVTEP and TCPVTIP grantees. As a result of 31 U.S.C. 1552(a), appropriations available for a limited period may be used for payment of valid obligations for only five years after the expiration of their period of availability for Federal obligation. After that time, the unexpended balance of those funds is canceled and returned to the U.S. Treasury Department and is unavailable for restoration for any purpose.

#### Regulatory Flexibility Act Certification

The Secretary certifies that the proposed waivers would not have a significant economic impact on a substantial number of small entities.

The small entities that would be affected by these proposed waivers are:

(a) The FY 2000 grantees currently receiving Federal funds and the following entities that are eligible for an award under NAVTEP:

(1) Federally recognized Indian tribes.  
 (2) Tribal organizations.  
 (3) Alaska Native entities.  
 (4) Bureau-funded schools (as defined in the notice inviting applications published in the **Federal Register** on January 3, 2001 (66 FR 560)), except for Bureau-funded schools proposing to use their award to support secondary school vocational and technical education programs.

(b) The FY 2001 grantees currently receiving Federal funds and other tribally controlled postsecondary vocational and technical institutions that do not receive Federal support under the Tribally Controlled College or University Assistance Act of 1978 (25 U.S.C. 1801 *et seq.*) or the Navajo Community College Act (25 U.S.C. 640a *et seq.*) that are eligible for an award under the TCPVTIP.

The Secretary certifies that the proposed waivers would not have a significant economic impact on these entities because the proposed waivers and the activities required to support the additional years of funding would not impose excessive regulatory burdens or require unnecessary Federal supervision. The proposed waivers would impose minimal requirements to ensure the proper expenditure of program funds, including requirements that are standard for continuation awards.

#### Paperwork Reduction Act of 1995

This notice of proposed waivers does not contain any information collection requirements.

#### Intergovernmental Review

The NAVTEP and TCPVTIP are not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

[Docket No. CP04-365-003]

#### Dominion Transmission, Inc.; Notice of Application

March 30, 2006.

On March 21, 2006, Dominion Transmission, Inc. (Dominion), 120 Tredegar Street, Richmond, Virginia 23219, filed an application in the above referenced docket, pursuant to section 7(c) of the Natural Gas Act (NGA), and Part 157 of the Federal Energy Regulatory Commission's (Commission) Rules and Regulations seeking to amend its certificate of public convenience and necessity issued June 16, 2005, for the

Northeast Storage Project. Dominion is specifically requesting clarification of the number of lateral wellbores in well QW-6A, the location of well QW-6A, and an extension of time for the construction of well QW-5. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "e-Library" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (866) 208-3676, or for TTY, (202) 502-8659.

Any questions regarding this application should be directed to Matthew R. Bley, Manager, Gas Transmission Certificates, Dominion Transmission, Inc., 120 Tredegar Street, Richmond, Virginia 23219, (804) 819-2877.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.
