Export Markets

U.S.-origin sugar for which Certificates of Prior Approval ("CPAs") are allocated will be exported only to Mexico.

Export Trade Activities and Methods of Operation

The ASA will allocate CPAs to any Producer that requests CPAs.

CPA Administration

The ASA will allocate all CPAs at one time. In the event that any CPAs are returned to ASA for any reason, ASA will reallocate those CPAs among interested Producers.

Certificate System

Under the procedures for the TRQ published on October 16, 2006, in the Mexican Diario Oficial, an importer in Mexico must file with the Mexican Government a CPA issued by ASA to obtain a license to allow U.S.-origin sugar to enter into Mexico free of duty under the TRQ. The ASA shall allocate CPAs among all Producers who express an interest in obtaining the CPAs, based on each Producer's share of total U.S. sugar refining capacity in 2006, as reported to ASA. The ASA shall issue CPAs to such Producers.

CPAs issued by ASA shall be freely transferable by Producers. Transfers of CPAs after they are issued by ASA will be subject to the normal application of antitrust laws.

Confidential Information

Each Member may provide to the ASA information regarding its capacity to produce refined sugar in the United States for the purpose of calculating the allocation of CPAs.

Allocation of CPAs will not involve any agreement or exchange of sensitive information among Members. Annual U.S. refining capacity information is currently available to the ASA, and no further information should be necessary. If additional information should be required, and this information is non-public, company-specific business information, ASA shall consider the information to be "confidential", and ASA shall maintain its confidentiality. ASA shall not disclose this confidential information to any party other than the submitter, or to any officers, agents, or employees of any party other than the

submitter, and shall not disclose confidential information to any other person except to another neutral third party as necessary to make the determination for which the information was submitted, to allocate CPAs, or in connection with reports to the Department of Commerce as required by the Export Trade Certificate of Review or the arbitration of a dispute.

Cooperation With the U.S. and Mexican Governments

The ASA will consult with the U.S. Government and the Government of Mexico when necessary and provide to them whatever information may be useful in order to facilitate cooperation between the governments concerning the implementation and operation of the CPA System. Furthermore, directly or through the U.S. Government, the ASA will endeavor to accommodate any information requests from the Government of Mexico (while protecting confidential information entrusted to the ASA), and will consult with the Government of Mexico as appropriate.
