

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54844; File No. SR-Amex-2006-88]

Self-Regulatory Organizations; American Stock Exchange LLC; Order Approving Proposed Rule Change To Extend the Term of Index-Linked Securities

November 30, 2006.

On September 20, 2006, the American Stock Exchange LLC (“Amex” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² a proposed rule change to amend Section 107D(b) of the Amex Company Guide³ to extend the maximum duration of index-linked securities (“Index-Linked Securities”) from ten (10) years to thirty (30) years. The proposed rule change was published for comment in the **Federal Register** on October 27, 2006.⁴ The Commission received no comment letters on the proposal.

Section 107D of the Amex Company Guide currently sets forth eleven criteria that the issue and the issuer must meet in order to list and trade Index-Linked Securities pursuant to the generic listing standards.⁵ One of the criteria the Exchange considers for the listing and trading of Index-Linked Securities pursuant to 107D is that the term of the issue must be a minimum term of one year but not greater than ten years. Proposed Section 107D(b) would extend the duration of the term of the issue from ten years to thirty years.

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁶ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,⁷ which requires,

among other things, that Exchange rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system. Amending Section 107D should provide the Exchange with more flexibility in responding to the increased demand from issuers to list and trade Index-Linked Securities that are greater than ten years in duration. The Commission notes that corporate bonds and other fixed-income products historically have been issued with terms of up to, or greater than, thirty years.⁸ In addition, the Commission has approved amendments to the generic listing standards for equity-linked notes that removed the maximum term limits for those securities.⁹

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁰ that the proposed rule change (SR-Amex-2006-88) be, and hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹¹

Nancy M. Morris,
Secretary.

(“Commission”) the proposed rule change described in Items I, II, and III below, which items have been prepared primarily by BSE. The Commission is publishing this notice to solicit comments on the proposed rule change from interested parties.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

BSE proposes to amend its rules to require securities of all listed companies become eligible to participate in a Direct Registration System (“DRS”) administered by a clearing agency registered under Section 17A of the Act.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, BSE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. BSE has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.²

(A) Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(1) Purpose

DRS, as administered by The Depository Trust Company (“DTC”), is an electronic system that allows an investor to establish either through the issuer’s transfer agent or through the investor’s broker-dealer a book-entry position on the books of the issuer and to electronically transfer her position between the transfer agent and the broker-dealer.³ DRS, therefore, allows an investor to have securities registered in her name without having a certificate issued to her and to electronically transfer, thereby eliminating the risk and delays associated with the use of certificates, her securities to her broker-dealer in order to effect a transaction. Ownership is recorded in book-entry form, and instead of receiving a physical

² The Commission has modified portions of the text of the summaries prepared by BSE.

³ Currently, the only registered clearing agency operating a DRS is DTC. For a description of DRS and the DRS facilities administered by DTC, see Securities Exchange Act Release Nos. 37931 (November 7, 1996), 61 FR 58600 (November 15, 1996), [File No. SR-DTC-96-15] (order granting approval to establish DRS) and 41862 (September 10, 1999), 64 FR 51162 (September 21, 1999), [File No. SR-DTC-99-16] (order approving implementation of the Profile Modification System).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ Section 107D provides for the listing and trading of Index-Linked Securities pursuant to Rule 19b-4(e) under the Act (the “generic listing standards”).

⁴ See Securities Exchange Act Release No. 54629 (October 19, 2006), 71 FR 63056.

⁵ The Exchange may submit a rule filing pursuant to Section 19(b)(2) of the Act to permit the listing and trading of index linked securities that do not otherwise meet the generic listing criteria set forth in Section 107D.

⁶ In approving the proposed rule change, the Commission notes that it has considered the proposed rule’s impact on efficiency, competition and capital formation. 15 U.S.C. 78c(f).

⁷ 15 U.S.C. 78f(b)(5).

certificate from the issuer or its transfer agent, the investor receives a statement of holdings as evidence of ownership.

BSE believes that DRS will be an important step in reducing the use of securities certificates, which should facilitate transfers in securities and could eventually lead to lower risks and costs for issuers and investors.⁴ To encourage the use of DRS, the BSE proposes to require that all listed securities be eligible to participate in DRS. Under the proposed rule change, BSE would add Section 3 to Chapter XXVII that would require any security initially listing on BSE on or after January 1, 2007, to be eligible for a DRS that is operated by a clearing agency registered under Section 17A of the Act. This requirement, however, would not extend to (i) securities of companies which already have securities listed on BSE, (ii) securities of companies which immediately prior to such listing had securities listed on another securities exchange in the U.S., or (iii) non-equity securities which are book-entry only. Under the proposed rule, on and after January 1, 2008, all securities listed on BSE, other than non-equity securities which are book-entry only, must be eligible for a DRS that is operated by a clearing agency registered under Section 17A of the Act.⁵ While this proposal would require that securities be DRS eligible, it would not mandate the elimination of securities certificates and, subject to applicable state law and the company's governing documents, an investor could still elect to receive a securities certificate if an issuer elects to issue securities certificates.

In order for a security to be eligible for the only DRS in operation today, the issuer is required to use a transfer agent that meets certain insurance and connectivity requirements.⁶ As a result,

⁴ In that regard, in March 2004 the Commission published a concept release that discussed, among other things, whether more should be done to reduce the use of physical securities certificates by individual investors. The Commission noted that the use of physical certificates increases the costs and risks of clearing and settling securities transactions, costs that most often are ultimately borne by investors. Securities Exchange Act Release No. 8398 (March 11, 2004), 69 FR 12922 (March 18, 2004). Issuers may save money by not having to print or process physical certificates but may incur other ongoing expenses to maintain book-entry records, such as mailing statements to shareholders.

⁵ The exact text of the BSE's proposed rule change is set forth in its filing, which can be found at http://www.bostonstock.com/legal/pending_rule_filings.html.

⁶ DTC's rules require that a transfer agent (including an issuer acting as its own transfer agent) acting for a company issuing securities in DRS must be a DRS Limited Participant. Securities Exchange Act Release No. 37931 (November 7, 1996), 61 FR 58600 (November 15, 1996), [File No. SR-DTC-96-15].

some transfer agents may have to make changes to comply with their requirements. In addition, certain issuers may have to make amendments to their governing documents, such as their by-laws or corporate charters, to be eligible to issue book-entry positions. To allow sufficient time for these changes, BSE proposes implementing the proposed requirement on January 1, 2008, for issuers with securities already listed on BSE or another listed marketplace when the rule is approved. Companies listing for the first time would have greater flexibility to adopt any required changes and therefore the proposed requirement would be applicable to new listings beginning January 1, 2007.

(2) Statutory Basis

The statutory basis under the Act for this proposed rule change is the requirement under Section 6(b)(5) of the Act, which requires, among other things, that the rules of an exchange are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.⁷ BSE believes that the proposed rule is consistent with its obligations under Section 6(b)(5) because requiring securities to be eligible to use DRS should increase the trading of securities in held book-entry forms, which should in turn facilitate the processing of securities transactions.

(B) Self-Regulatory Organization's Statement on Burden on Competition

BSE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

BSE has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within thirty-five days of the date of publication of this notice in the **Federal Register** or within such longer period: (i) As the Commission may designate up to ninety days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding; or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve such proposed rule change or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>) or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-BSE-2006-46 in the subject line.

Paper Comments

- Send paper comments in triplicate to Nancy M. Morris, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-BSE-2006-46. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Section, 100 F Street, NE., Washington, DC 20549. Copies of such filings also will be available for inspection and

⁷ 15 U.S.C. 78f(b)(5).

copying at the principal office of BSE and on BSE's Web site, www.bse.com. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-BSE-2006-46 and should be submitted on or before December 28, 2006.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.⁸

Nancy M. Morris,
Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54842; File No. SR-CHX-2006-35]

Self-Regulatory Organizations; Chicago Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Participant Fees and Credits

November 30, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 13, 2006, the Chicago Stock Exchange, Inc. ("CHX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the CHX. The CHX has designated this proposal as one establishing or changing a member due, fee, or other charge imposed by the CHX pursuant to Section 19(b)(3)(A)(ii) of the Act,³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The CHX proposes to amend its Schedule of Participant Fees and Credits (the "Fee Schedule") to include a reduction in the fees charged for orders routed through the NMS Linkage Plan to

The NASDAQ Stock Market, Inc. ("Nasdaq"). The text of this proposed rule change is available on the Exchange's Web site at http://www.chx.com/rules/proposed_rules.htm and in the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CHX included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The CHX has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange's Fee Schedule, among other things, identifies the fees that are charged to participants on account of outbound NMS Linkage Plan orders.⁵ Section E.6 of the Fee Schedule applies to orders that are Matching System-eligible and therefore are routed from the Matching System to other market centers. Section E.8 of the Fee Schedule applies to orders that have not yet migrated to the Matching System and therefore are routed from the Exchange's pre-new trading model facilities.⁶

When an outbound NMS Linkage Plan order is executed on another NMS Linkage participant market, that market will directly invoice the CHX for a transaction fee, in an amount that may not exceed the transaction fee that it would charge its own member for such an execution. The CHX is then responsible for payment of such invoice. Sections E.6 and E.8 of the Fee Schedule permit the CHX to collect a corresponding fee from the CHX participant that generated the outbound NMS Linkage Plan order. The CHX believes that it is appropriate to establish outbound NMS Linkage fee

⁵ See Securities Exchange Act Release No. 54548 (September 29, 2006), 71 FR 59159 (October 6, 2006) (SR-CHX-2006-28) (approving NMS Linkage Plan exchange-to-exchange billing procedures); Securities Exchange Act Release No. 54551 (September 29, 2006), 71 FR 59148 (October 6, 2006) (approving NMS Linkage Plan).

⁶ See Securities Exchange Act Release No. 54550 (September 29, 2006); 71 FR 59563 (October 10, 2006) (SR-CHX-2006-05) (approving rules to implement a new trading model).

rates that reasonably correspond to the respective transaction fee rates being charged by the executing markets. Accordingly, it is submitting changes to Sections E.6 and E.8 of the Fee Schedule, to reflect recent developments regarding applicable transaction fees assessed by Nasdaq on account of NMS Linkage Plan executions.⁷ Specifically, the proposal would change the outbound fee for NMS Linkage orders routed to Nasdaq (in issues other than exchange-traded funds) from \$.0030/share to \$.0015/share. This change is not applicable to orders for exchange-traded funds.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act⁸ in that it provides for the equitable allocation of reasonable dues, fees and other charges among its members and is consistent with the allocation of dues, fees and other charges utilized by other self-regulatory organizations that have implemented trading platforms similar to the CHX new trading model.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change establishes or changes a due, fee or other charge imposed by the Exchange, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and subparagraph (f)(2) of Rule 19b-4 thereunder.¹⁰ At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
