

similar functionality offered on other exchanges.¹¹

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act¹² in general, and furthers the objectives of Section 6(b)(5) of the Act¹³ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by promoting competition among the markets participants and between exchanges.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and Rule 19b-4(f)(6) thereunder.¹⁵

¹¹ See Securities Exchange Act Release Nos. 53567 (March 29, 2006), 71 FR 17529 (April 6, 2006) (SR-CBOE-2006-09) (order approving proposed rule change to decrease the exposure period for crossing orders from 10 seconds to three seconds); 53850 (May 23, 2006), 71 FR 30703 (May 30, 2006) (SR-ISE-2006-21) (notice of filing and immediate effectiveness of a proposed rule change to decrease the exposure period for crossing orders from 30 seconds to three seconds); 53854 (May 24, 2006), 71 FR 30975 (May 31, 2006) (SR-BSE-2006-23) (notice of filing and immediate effectiveness of a proposed rule change to decrease the exposure period for crossing orders from 30 seconds to three seconds); and 53609 (April 6, 2006), 71 FR 19224 (April 13, 2006) (SR-NYSEArca-2006-01) (order approving the proposed rule change to shorten the time that a broker must wait prior to executing as principal orders he or she represents as agent from 30 seconds to three seconds).

¹⁴ 15 U.S.C. 78s(b)(3)(A).

¹⁵ 17 CFR 240.19b-4(f)(6).

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.¹⁶ However, Rule 19b-4(f)(6)(iii)¹⁷ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Phlx provided the Commission with written notice of its intent to file this proposed rule change at least five business days prior to the date of filing of the proposed rule change. In addition, the Phlx has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because the proposed rule change would allow the Exchange to implement immediately a rule proposal that corresponds to rules currently in place at other exchanges.¹⁸ For this reason, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹⁹

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
