Non-confidential aggregate data (public use) and reports that have cleared BEA and BLS disclosure review will be provided to the National Academy of Public Administration (NAPA) as potential inputs into a study of off-shoring authorized by a grant to NAPA under Public Law 108-447. Disclosure review is a process conducted to verify that the data to be released do not reveal any confidential information.

**SUPPLEMENTARY INFORMATION:**

**Background**

CIPSEA (Pub. L. 107-347, Title V) and the International Investment and Trade in Services Survey Act (Pub. L. 94-472, 22 United States Code (U.S.C.) 3101-3108) allow BEA and BLS to share certain business data for exclusively statistical purposes. Section 524(d) of the CIPSEA requires us to publish a **Federal Register** notice announcing our intent to share data (allowing 60 days for public comment), since BEA respondents were required by law to report the data. Section 524(d) also requires us to provide information about the terms of the agreement for data sharing. For purposes of this notice, BEA has decided to group these terms by three categories. The categories are:

- Shared data.
- Statistical purposes for the shared data.
- Data access and confidentiality.

**Shared Data**

BEA proposes to provide the BLS with data collected in the benchmark,

annual, and quarterly surveys of U.S. direct investment abroad, of foreign direct investment in the United States, and of U.S. international trade in services, as well as a survey of new foreign direct investments in the United States. BLS will use these data for statistical purposes exclusively.

**Statistical Purposes for the Shared Data**

Data collected in the benchmark and annual surveys of direct investment are used to develop estimates of the financing and operations of U.S. parent companies, their foreign affiliates, and U.S. affiliates of foreign companies; data collected in the quarterly direct investment surveys are used to develop estimates of transactions and positions between parents and affiliates; data collected in the new investments survey are used to develop estimates of new foreign direct investments in the United States; and data collected in the benchmark, annual and quarterly surveys of U.S. international trade in services are used to develop estimates of services transactions between U.S. companies and unaffiliated foreign parties. These estimates are published in the *Survey of Current Business*, BEA's monthly journal; in other BEA publications; and on BEA's Web site at <http://www.bea.gov/>. All data are collected under Sections 3101-3108 of Title 22, U.S.C.

The data set created by linking these data with the data from the above-designated BLS surveys will be used for several purposes by both agencies, such as to develop detailed industry-level estimates of the employment, payroll, and occupational structure of foreign-owned U.S. companies or of U.S. companies that own foreign affiliates, and to assess the adequacy of current government data for understanding the international outsourcing activities of U.S. companies.

**Data Access and Confidentiality**

Title 22, U.S.C. 3104 protects the confidentiality of these data. The data may be seen only by persons sworn to uphold the confidentiality of the information. Access to the shared data will be restricted to specifically authorized personnel and will be provided for statistical purposes only. Any results of this research are subject to BEA disclosure protection. All BLS employees with access to these data will become BEA Special Sworn Employees—meaning that they, under penalty of law, must uphold the data's confidentiality. Selected NAPA employees will provide BEA with expertise on the aspects of the data collected in BEA surveys and in the

linked data set that may relate to off-shoring; these NAPA consultants assisting with the work at BEA also will become BEA Special Sworn Employees. No confidential data will be provided to the NAPA.

## Background

The Department published an antidumping duty order on circular welded non-alloy steel pipe from Mexico on November 2, 1992. *See Notice of Antidumping Duty Orders: Certain Circular Welded Non-Alloy Steel Pipe from Brazil, the Republic of Korea ("Korea"), Mexico, and Venezuela and Amendment to Final Determination of Sales at Less Than Fair Value: Certain Welded Non-Alloy Steel Pipe from Korea*, 57 FR 49453 (November 2, 1992). The Department published a notice of "Opportunity to Request an Administrative Review" of the antidumping duty order for the period November 1, 2004, through October 31, 2005, on November 1, 2005. *See* 70 FR 65883. Respondents NDN, Hylsa, Prolamsa, Mueller, and interested party Southland requested that the Department conduct an administrative review of the antidumping duty order on circular welded non-alloy steel pipe and tube from Mexico on November 30, 2005. In response to these requests, the Department published the initiation of the antidumping duty administrative review on circular welded non-alloy steel pipe from Mexico on December 22, 2005. *See* 70 FR 76024. The Department received requests for withdrawal from the administrative review from Mueller, NDN, and Southland on January 31, 2006. The Department received a request for withdrawal from the administrative review from Hylsa on February 27, 2006.

## Prolamsa

On December 14, 2005, the Department received a letter from respondent Prolamsa. The letter indicated that U.S. Customs and Border Protection ("CBP") liquidated all of Prolamsa's entries of merchandise during the period of review that Prolamsa considered to be covered by the scope of the order. *See* Letter from Prolamsa to the Department, dated December 14, 2005. In response, the Department requested that Prolamsa provide data on all sales of merchandise made during the period of review that Prolamsa considered covered by the order; *see* Memorandum to the File from John Drury, Senior Case Analyst, dated December 19, 2005. Prolamsa provided the requested information; *see* Letter from Prolamsa to the Department, dated December 20, 2005. Petitioners filed comments regarding the information submitted by Prolamsa on January 23, 2006; *see* Letter from Petitioners to the Department, dated January 23, 2006. In response, Prolamsa requested that the Department determine whether the

merchandise exported by Prolamsa during the period of review was merchandise subject to the scope of the order; *see* Letter from Prolamsa to the Department, dated February 6, 2006.

Based on a review of the evidence on the record, the Department determined that Prolamsa had not sold merchandise subject to the order during the period of review. *See* Letter from the Department to Prolamsa, dated February 14, 2006.

## Rescission of the Administrative Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review under this section, in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. Additionally, the Secretary may rescind an administrative review, if the Secretary concludes that there were no entries or sales of subject merchandise during the POR. *See* 19 CFR 351.213(d)(3). NDN, Mueller, Southland and Hylsa have withdrawn their requests in a timely manner, and the Department determined that Prolamsa did not have sales of subject merchandise during the period of review. Therefore, we are rescinding this review. The Department will issue appropriate assessment instructions to CBP within 15 days of publication of this notice.
