

Policy and Management Act, as amended, and subsequent Secretary of Agriculture Regulation 5 U.S.C. 301, 36 CFR 222, subparts A and C. The bills for collection of grazing fees are based on the number of domestic livestock grazed on national forest lands and are a direct result of issuance of the grazing permit. Information must be collected on an individual basis and is collected through the permit issuance and administration process. FS will collect information using several forms.

Need and Use of the Information: FS will collect information on the ownership or control of livestock and base ranch property; the need for additional grazing to round out yearlong ranching operations; and citizenship. FS uses the information collected in administering the grazing use program on NFS lands. If information were not collected it would be impossible for the agency to administer a grazing use program in accordance with the statutes and regulations.

Description of Respondents: Farms; Business or other for-profit; Individuals or households.

Number of Respondents: 5,720.

Frequency of Responses: Reporting: Annually; Other (as needed basis).

Total Burden Hours: 2,180.

Charlene Parker,

Departmental Information Collection Clearance Officer.

Submission for OMB Review; Comment Request

March 29, 2006.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information

technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB),

OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food and Nutrition Service

Title: MyPyramid Tracker Information Collection for Registration, Login, and Food Intake and Physical Activity Assessment.

OMB Control Number: 0584-NEW

Summary of Collection: The Center for Nutrition Policy and Promotion (CNPP) of the U.S. Department of Agriculture (USDA) has the mission to improve the nutritional status of Americans by developing and promoting science-based dietary guidance and economic information for the public. CNPP is involved with the development and promotion of the *Dietary Guidelines for Americans and MyPyramid*. CNPP has among its major functions the development and coordination of nutrition policy within USDA and the investigation of techniques for effective nutrition communication. The authority to collect the information can be found under Subtitle D of the National Agriculture Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3171-3175) and 7 CFR 2.19(a)(3).

Need and Use of the Information: CNPP wants to provide MyPyramid Tracker users with personalized nutrition and physical activity assessment based on most-up-to-date guidance, which can only be accessed by the individual user. The user creates a unique ID and password, to access their information. If the information is not collected, users will not be able to access their personal information and cannot evaluate their food intake and physical activity status.

Description of Respondents: Individual or households; Federal Government; State, Local, or Tribal Government.

Number of Respondents: 900,300.

Frequency of Responses: Reporting: Other (as desired)

Total Burden Hours: 2,082,905.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2006-0035]

Supplemental Environmental Impact Statement for Gull Hazard Reduction Program at John F. Kennedy International Airport

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice of intent.

SUMMARY: We are advising the public that a supplemental environmental impact statement will be prepared by the Animal and Plant Health Inspection Service to analyze alternatives and methods for the reduction of additional wildlife hazards to aircraft and human health and safety at John F. Kennedy International Airport. This action is a supplement to the Gull Hazard Reduction Program at John F. Kennedy International Airport Final Environmental Impact Statement, May 1994.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Chipman, Wildlife Services, APHIS, 1930 Route 9, Castleton, NY 12033-9653; (518) 477-4837.

SUPPLEMENTARY INFORMATION: The Animal and Plant Health Inspection Service (APHIS), in cooperation with the Department of the Interior's Fish and Wildlife Service and National Park Service, the Federal Aviation Administration, the New York State Department of Environmental Conservation, the Port Authority of New York and New Jersey, and the New York City Department of Environmental Protection, intends to prepare a supplemental environmental impact statement (SEIS) to address wildlife hazards to aircraft resulting from changes in wildlife populations and land uses in and around the John F. Kennedy International Airport (JFK). This action is a supplement to the Gull Hazard Reduction Program at John F.
