A copy is also available for inspection and reproduction at the address in item h above.

You may also register online at <http://www.ferc.gov/docs-filing/subscription.asp> to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

n. Any qualified applicant desiring to file a competing application must submit to the Commission, on or before the specified deadline date for the particular application, a competing development application, or a notice of intent to file such an application. Submission of a timely notice of intent allows an interested person to file the competing development application no

later than 120 days after the specified deadline date for the particular application. Applications for preliminary permits will not be accepted in response to this notice.

A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

When the application is ready for environmental analysis, the Commission will issue a public notice requesting comments, recommendations, terms and conditions, or prescriptions.

All filings must (1) bear in all capital letters the title "PROTEST" or "MOTION TO INTERVENE," "NOTICE OF INTENT TO FILE COMPETING APPLICATION," or "COMPETING APPLICATION;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER06-615-002]

California Independent System Operator Corporation; Notice of Technical Conference

October 24, 2006.

Take notice that the Federal Energy Regulatory Commission will host a technical conference on Thursday and Friday, December 14-15, 2006 to address issues related to the California Independent System Operator Corporation's (CAISO) electric tariff, which reflects the Market Redesign and Technology Upgrade (MRTU). The conference will be held at the Biltmore Hotel at 2400 East Missouri in Phoenix, Arizona. The conference is scheduled for Thursday, December 14 from 1 to 5 p.m. and Friday, December 15, from 8:30 a.m. to 12:30 p.m. Mountain Standard Time. Commissioners will attend, and the conference is open to the public.

The purpose of the technical conference is to assist the CAISO and parties outside the CAISO Control Area to identify alleged seams issues that require resolution, in accordance with the directive of the Commission's September 21, 2006 order conditionally accepting the CAISO's proposed MRTU electric tariff.¹

The technical conference will be a forum for participants to identify specific alleged seams issues they will face upon MRTU implementation and to offer solutions to remedy those seams. Participants should be prepared to discuss technical and operational issues. Participants are encouraged to file comments with the Commission on or before November 15, 2006 that identify specific alleged operational seams issues (particularly quantitative examples) and possible solutions for discussion at the conference. These comments should be filed in Docket No. ER06-615-002.

The Commission is now soliciting nominations for speakers at the technical conference. Persons wishing to nominate themselves as speakers should do so using this electronic link: <https://www.ferc.gov/whats-new/registration/caiso-12-14-speaker-form.asp>. Such nominations must be made before the close of business, Thursday, November 9, 2006, so that an agenda for the technical conference can be drafted and published.
