

**Background**

The National Customs Automation Program (NCAP) test concerning the transmission of automated truck manifest data for truck carrier accounts was announced in a General Notice published in the **Federal Register** (69 FR 55167) on September 13, 2004. That notice stated that the test of the Automated Truck Manifest would be conducted in a phased approach, with primary deployment scheduled for no earlier than November 29, 2004.

A series of **Federal Register** notices have announced the implementation of the test, beginning with a notice published on May 31, 2005 (70 FR 30964). As described in that document, the deployment sites have been phased in as clusters. The ports identified belonging to the first cluster were announced in the May 31, 2005, notice. Additional clusters were announced in subsequent notices published in the **Federal Register** including: 70 FR 43892, published on July 29, 2005; 70 FR 60096, published on October 14, 2005; 71 FR 3875, published on January 24, 2006; and 71 FR 23941, published on April 25, 2006.

**New Clusters**

Through this notice, CBP announces that the next clusters of ports to be

brought up for purposes of deployment of the test will be in the state of New York. The test will be deployed no earlier than June 22, 2006, in the Champlain Service Port at the port of entry of Champlain and the following crossings: Cannon's Corner, Mooers, Overton's Corner, and Rouses Point. The test will be deployed no earlier than July 10, 2006, at the following ports of entry: Alexandria Bay, Ogdensburg, Massena, and Trout River; and the following crossings: Chateaugay, Churubusco, Fort Covington, and Jamieson's Line. Also no earlier than July 10, 2006, the test will be deployed at the Peace Bridge in the Service Port of Buffalo. No earlier than August 12, 2006, the test will be deployed at the Lewiston Bridge in the Service Port of Buffalo.

**Previous NCAP Notices Not Concerning Deployment Schedules**

On Monday, March 21, 2005, a General Notice was published in the **Federal Register** (70 FR 13514) announcing a modification to the NCAP test to clarify that all relevant data elements are required to be submitted in the automated truck manifest submission. That notice did not announce any change to the deployment schedule and is not affected by publication of this notice. All

requirements and aspects of the test, as set forth in the September 13, 2004 notice, as modified by the March 21, 2005 notice, continue to be applicable.

Dated: July 18, 2006.
