Title: Remedial Measures for Failure to Construct Digital Television Stations (DTV Policy Statement).

Number of Respondents: 400.

Estimated Time per Response: 0.50—2 hours.

Frequency of Response: On occasion reporting requirement.

Total Annual Burden: 460 hours.

Total Annual Cost: \$304,000.

Privacy Impact Assessment: No impact(s).

Needs and Uses: On April 16, 2003, the FCC released a Report and Order and Memorandum Opinion and Order on Reconsideration, *In the Matter of Remedial Steps for Failure to Comply with Digital Television Construction Schedule*, MM Docket No. 02-113, FCC 03-77. The Commission adopted a series of remedial measures for stations that fail to construct their digital

television (DTV) facilities in a timely fashion and fail to justify an extension of their DTV construction deadline. Stations will be subject to periodic reporting requirements.

Under the first step, the Commission will deny the request for an unqualified extension and admonish the station for its failure to comply with its DTV construction obligation. The station must submit a report within thirty days outlining the steps it intends to take to complete construction and the approximate date that it expects to reach each of these construction milestones. Sixty days after its initial report, the station must submit a report detailing its progress on meeting its proposed construction milestones and justifying any delays it has encountered.

Under the second step in the approach, if the station has not come into compliance with the DTV construction rule within a six-month period, then, absent extraordinary and compelling circumstances, the Commission will issue a Notice of Apparent Liability for forfeiture to the licensee and require that the station report every thirty days on its proposed construction milestones and its efforts to meet those milestones. Once again, failure to adequately demonstrate that the station was taking all reasonable steps towards construction and to justify any additional delays that were encountered will result in the imposition of additional sanctions.

Under the third and final step in the approach, if the station still had failed to come into compliance with the DTV construction rule within an additional six-month period of time (i.e., one year from the date of the formal admonition), then, absent extraordinary and compelling circumstances, the Commission will consider its construction permit for its DTV facilities to have expired and will rescind the station's DTV authorization. The Commission concluded that no hearing was necessary prior to rescinding the station's DTV authorization. The Commission also concluded that it would not make the station's vacant DTV allotment available. The Commission also announced that the station will be required to surrender its analog authorization at the end of the DTV transition.

[Docket No. 06-05]

Verucci Motorcycles LLC v. Senator International Ocean, LLC; Notice of Filing of Complaint and Assignment

Notice is given that a complaint has been filed with the Federal Maritime Commission ("Commission") by Verucci Motorcycles, LLC., ("Complainant"), against Senator International Ocean, LLC, ("Respondent"). Complainant asserts

that it is a limited liability company engaged in the business of manufacturing and wholesale distribution of motorcycles and scooters. Complainant contends that Respondent Senator International Ocean, LLC. is a licensed international freight forwarder, Customs Broker, and NVOCC. Complainant asserts that in September of 2005 it agreed to use Respondent's services for freight forwarding and customs brokerage in connection with their importation of scooters and motorcycles from China to the USA and Puerto Rico. Complainant asserts that Respondent failed to fulfill its transportation obligations, leading to delays and financial losses to Complainant. Complainant further contends that the actions of Respondent violate Section 10 of the Shipping Act of 1984 ("The Act") by committing the following prohibited acts: Misdeclarations of cargo; unfilled agreements; failure to carry out transportation obligations resulting in cargo delays and financial losses for shippers; unfair or unjust discriminatory practices; and unreasonable refusal to deal or negotiate. In addition, Complainant contends that Respondent violated 46 CFR 515.31(d) by not exercising due

diligence and negligently providing fraudulent information in shipping documents, and withholding information from its principal. Complainant prays that the Commission require the Respondent to: Answer the charges; cease and desist from the aforesaid violations; establish and put in force such practices as the Commission determines to be lawful and reasonable; pay Complainant by way of reparations \$3,841,825.00 plus interest and attorney's fees or such other sum as the Commission may determine to be proper as an award of reparation; and that such other and further order or orders be made as the Commission determines to be proper in the circumstances.

This proceeding has been assigned to the Office of Administrative Law Judges. Hearing in this matter, if any is held, shall commence within the time limitations prescribed in 46 CFR 502.61, and only after consideration has been given by the parties and the presiding officer to the use of alternative forms of dispute resolution. The hearing shall include oral testimony and cross-examination in the discretion of the presiding officer only upon proper showing that there are genuine issues of material fact that cannot be resolved on

the basis of sworn statements, affidavits, depositions, or other documents or that the nature of the matter in issue is such that an oral hearing and cross-examination are necessary for the development of an adequate record. Pursuant to the further terms of 46 CFR 502.61, the initial decision of the presiding officer in this proceeding shall be issued by April 2, 2007, and the final decision of the Commission shall be issued by July 31, 2007.

Secretary.
