

animal drug regulations to reflect a change of sponsor for a new animal drug application (NADA) for bacitracin methylene disalicylate and streptomycin sulfate oral powder from Veterinary Specialties, Inc., to Alpharma Inc.

DATES: This rule is effective April 7, 2006.

FOR FURTHER INFORMATION CONTACT: David R. Newkirk, Center for Veterinary Medicine (HFV-100), Food and Drug Administration, 7500 Standish Pl., Rockville, MD 20855, 301-827-6967, e-mail: david.newkirk@fda.hhs.gov.

SUPPLEMENTARY INFORMATION: Veterinary Specialties, Inc., 387 North Valley Ct., Barrington, IL 60010, has informed FDA that it has transferred ownership of, and all rights and interest in, NADA 65-107 for ENTROMYCIN (bacitracin methylene disalicylate and streptomycin sulfate) Powder to Alpharma Inc., One Executive Dr., Fort Lee, NJ 07024. Accordingly, the regulations are amended in 21 CFR 520.154b to reflect this change of sponsorship and a current format.

Following these changes of sponsorship, Veterinary Specialties, Inc., is no longer the sponsor of an approved application. Accordingly, 21 CFR 510.600(c) is being amended to remove the entries for Veterinary Specialties, Inc.

This rule does not meet the definition of "rule" in 5 U.S.C. 804(3)(A) because it is a rule of "particular applicability." Therefore, it is not subject to the congressional review requirements in 5 U.S.C. 801-808.

Special Local Regulations for Marine Events; 2006 San Francisco Giants' Opening Night Fireworks Display, San Francisco Bay, CA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing special local regulations in the navigable waters of San Francisco Bay for the loading, transport, and launching of fireworks used during the 2006 San Francisco Giants' Opening Night Fireworks Display to be held on April 7, 2006. These special local regulations are intended to prohibit vessels and people from entering into or remaining within the regulated areas in order to ensure the safety of participants and spectators.

DATES: This rule is effective from 1 p.m. to 10 p.m. on April 7, 2006.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of the docket CGD 11-06-002 and are available for inspection

or copying at Coast Guard Sector San Francisco, 278 Yerba Buena Island, San Francisco, California 94130, between 9 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

Lieutenant Junior Grade Jennifer Green, U.S. Coast Guard Sector San Francisco, at (415) 556-2950 ext. 136.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(3)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. Logistical details surrounding the event were not finalized and presented to the Coast Guard in time to draft and publish an NPRM. As such, the event would occur before the rulemaking process was complete. Because of the dangers posed by the pyrotechnics used in this fireworks display, special local regulations are necessary to provide for the safety of event participants, spectator craft, and other vessels transiting the event area. For the safety concerns noted, it is in the public interest to have these regulations in effect during the event.

For the same reasons listed in the previous paragraph, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Any delay in the effective date of this rule would expose mariners to the dangers posed by the pyrotechnics used in this fireworks display.

Background and Purpose

The San Francisco Giants are sponsoring a brief fireworks display on April 7, 2006 in the waters of San Francisco Bay near AT&T Park. The fireworks display is meant for entertainment purposes as a finale to conclude the 2006 San Francisco Giants' Opening Night baseball game. These special local regulations are being issued to establish a temporary regulated area in San Francisco Bay around the fireworks launch barge during loading of the pyrotechnics, during the transit of the barge to the display location, and during the fireworks display. This regulated area around the launch barge is necessary to protect spectators, vessels, and other property from the hazards associated with the pyrotechnics on the fireworks barge. The Coast Guard has granted the event sponsor a marine event permit for the fireworks display.

Discussion of Rule

The Coast Guard is establishing temporary special local regulations on specified waters off of the San Francisco waterfront. During the loading of the fireworks barge, while the barge is being towed to the display location, and until the start of the fireworks display, the special local regulations apply to the navigable waters around and under the fireworks barge within a radius of 100 feet. During the 15-minute fireworks display, the area to which these special local regulations apply will increase in size to encompass the navigable waters around and under the fireworks barge within a radius of 1,000 feet. Loading of the pyrotechnics onto the fireworks barge is scheduled to commence at 1 p.m. on April 7, 2006, and will take place at Pier 50 in San Francisco. Towing of the barge from Pier 50 to the display location is scheduled to take place between 5:30 p.m. and 7:30 p.m. on April 7, 2006. During the fireworks display, scheduled to commence at approximately 9:30 p.m., the fireworks barge will be located approximately 1,000 feet off of Pier 48 in position 37°46'57.2" N., 122°23'58.0" W.

The effect of the temporary special local regulations will be to restrict general navigation in the vicinity of the fireworks barge while the fireworks are loaded at Pier 50, during the transit of the fireworks barge, and until the conclusion of the scheduled display. Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area. These regulations are needed to keep spectators and vessels a safe distance away from the fireworks barge to ensure the safety of participants, spectators, and transiting vessels.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

Although this regulation prevents traffic from transiting a portion of San Francisco Bay during the event, the effect of this regulation will not be significant due to the small size and limited duration of the regulated area. The entities most likely to be affected are pleasure craft engaged in recreational activities and sightseeing. We expect the economic impact of this
