

stream miles/feet; (4) a description of the specific conservation measures to be completed; and (5) the responsibilities of the Cooperator and the Applicant.

The Applicant would provide draft copies of the Cooperative Agreement to the Service for an opportunity to review and concur with the recommended management activities and conservation measures. The Service would have a period of 15 business days in which to make comments on the Cooperative Agreement. If no comments were made within 15 business days, the Applicant would proceed to finalize the Cooperative Agreement. The Applicant, as the Permittee, would be responsible for annual monitoring and reporting related to implementation of the SHA and Cooperative Agreements and fulfillment of provisions by the Cooperators. As specified in the proposed SHA, the Applicant would issue yearly reports to the Service related to implementation of the program.

Each Cooperative Agreement would cover conservation activities to create, maintain, restore, or enhance habitat for Lahontan cutthroat trout and achieve species' recovery goals. These actions, where appropriate, could include (but are not limited to): (1) Restoration of riparian habitat and stream form and function; (2) control of stocking rates for livestock (number/density of animals per unit area); (3) repair or installation of fences to protect existing or created habitat from human disturbance; (4) establishment of riparian buffers; and (5) installation of screens on irrigation diversions as well as facilitation of the implementation of other objectives recommended by the Lahontan Cutthroat Trout Recovery Plan. The overall goal of Cooperative Agreements entered into under the proposed SHA is to produce conservation measures that are mutually beneficial to the Cooperators and the long-term existence of Lahontan cutthroat trout.

Based upon the probable species' response time for Lahontan cutthroat trout to reach a net conservation benefit, the Service estimates it will take 5 years of implementing the planned conservation measures to fully reach a net conservation benefit; some level of benefit would likely occur within a shorter time period. Most Cooperative Agreements under the proposed SHA are expected to have at least 10 years' duration.

After maintenance of the restored/created/enhanced Lahontan cutthroat trout habitat on the property for the agreed-upon term, Cooperators may then conduct otherwise lawful activities on their property that result in the

partial or total elimination of the habitat improvements and the taking of Lahontan cutthroat trout. However, the restrictions on returning a property to its original baseline condition include: (1) The Cooperator must demonstrate that baseline conditions were maintained during the term of the Cooperative Agreement and the conservation measures necessary for achieving a net conservation benefit were carried out; (2) the Applicant and the Service will be notified a minimum of 30 days prior to the activity and given the opportunity to capture, rescue, and/or relocate any Lahontan cutthroat trout; and (3) return to baseline conditions must be completed within the term of the Certificate of Inclusion issued to the Applicant. Cooperative Agreements could be extended if the Applicant's permit is renewed and that renewal allows for such an extension.

The Service has made a preliminary determination that approval of the proposed SHA qualifies for a categorical exclusion under NEPA, as provided by the Department of Interior Manual (516 DM 2, Appendix 1 and 516 DM 6, Appendix 1) based on the following criteria: (1) Implementation of the SHA would result in minor or negligible effects on federally listed, proposed, and candidate species and their habitats; (2) implementation of the SHA would result in minor or negligible effects on other environmental values or resources; and (3) impacts of the SHA, considered together with the impacts of other past, present and reasonably foreseeable similarly situated projects, would not result, over time, in cumulative effects to environmental values or resources which would be considered significant. This is more fully explained in our Environmental Action Statement.

Based upon this preliminary determination, we do not intend to prepare further NEPA documentation. The Service will consider public comments in making its final determination on whether to prepare such additional documentation.

Decision

The Service provides this notice pursuant to section 10(c) of the ESA and pursuant to implementing regulations for NEPA (40 CFR 1506.6). We will evaluate the permit application, the proposed SHA, and comments submitted thereon to determine whether the application meets the requirements of section 10(a) of the ESA and NEPA regulations. If the requirements are met, the Service will sign the proposed SHA and issue an enhancement of survival permit under section 10(a)(1)(A) of the

ESA to the Applicant for take of the Lahontan cutthroat trout incidental to otherwise lawful activities of the project. The Service will not make a final decision until after the end of the 30-day comment period and will fully consider all comments received during the comment period.

The Pueblo of Santa Ana's Liquor Ordinance Reads as Follows

Title 10: Licensing & Regulation

Chapter One: Liquor Code

Subchapter One: General Provisions

Section 101: Findings

The Tribal Council finds as follows:

A. The introduction, possession and sale of alcoholic beverages on the Santa Ana Indian Reservation has, for a long time, been clearly recognized as a matter of special concern to the Pueblo and its members and to the United States;

B. Under federal law and New Mexico state law, and as a matter of inherent Tribal sovereignty, the question of when and to what extent alcoholic beverages may be introduced into and sold or consumed within the Santa Ana Indian Reservation is to be decided by the governing body of the Tribe;

C. It is desirable that the Tribal Council legislate comprehensively on the subject of the sale and possession of alcoholic beverages within the Santa Ana Indian Reservation, both to establish a consistent and reasonable Tribal policy on this important subject, as well as to facilitate economic development projects within the Santa Ana Indian Reservation that may involve outlets for the sale and consumption of alcoholic beverages; and

D. It is the policy of the Tribal Council that the introduction, sale and consumption of alcoholic beverages within the Santa Ana Indian Reservation be carefully regulated so as to protect the public health, safety and welfare, and that licensees be made fully accountable for violations of conditions of their licenses and the consequences thereof.

G. Upon receiving a completed license application together with the required fee, the Tribal Administrator shall cause a background investigation to be performed of the applicant, to determine whether the applicant is qualified to be licensed under the provisions of this Liquor Code. Upon the written recommendation of the Tribal Administrator (if requested by the applicant), the Governor may, in his discretion, issue a preliminary license to the applicant effective for a period of no more than 90 days, but which shall be renewable for one additional period of 90 days in the event the background investigation cannot be completed within the first 90-day period; provided, however, that in no event shall the issuance of a preliminary license, or the renewal of such license for an additional 90-day period, entitle the applicant to favorable consideration with respect to the application for a package or premises license.

H. The Pueblo or any of its agencies, programs or enterprises may apply for a package or premises license by submitting an application to the Tribal Administrator identifying the applicant, describing in detail the purpose of the license, including a detailed description of the proposed licensed premises, and including the appropriate fee as set forth in paragraph F of this section.

Section 155: Issuance of License

A. Upon making a determination that an applicant for a package or premises license satisfies the requirements of Section 153 of this chapter, the Governor shall issue the license, authorizing the applicant to engage in sales of alcoholic beverages within the Santa Ana Indian Reservation as permitted by the class of license applied for, and specifying in detail the licensed premises where such sales are permitted (which shall be within the Development Area), but subject also to all the terms and conditions of this Liquor Code, and to such other appropriate conditions, not inconsistent with the provisions of this Liquor Code, as the Governor may deem reasonable and necessary under the circumstances.

B. In the event the Governor concludes that the applicant does not satisfy the requirements of Section 153 of this chapter, the Governor shall issue

a notice denying the application, and explaining the basis for such denial.

C. Any applicant whose application is denied shall have the right to appeal such denial, by filing a Notice of Appeal with the Office of the Governor and with the Santa Ana Tribal Court, within 30 days of the date of receipt of the Notice of Denial. Upon receiving a copy of a Notice of Appeal, the Governor's office shall prepare a copy of the entire file pertaining to the application and shall transmit it to the Tribal Court, with a copy to the applicant. The Pueblo, represented by the Pueblo's attorney, shall appear in the action in the Tribal Court. The proceedings in the Tribal Court shall be based upon the information submitted to the Governor by the applicant and any other information obtained by the Governor in the course of processing the application, except that the applicant shall be permitted to submit additional evidence to rebut or explain information relied on by the Governor for his denial of the application that was not obtained from the applicant. The Tribal Court shall affirm the Governor's decision unless it finds that the Governor acted arbitrarily or capriciously or otherwise abused his discretion in making his determination.

D. Any party that is aggrieved by the decision of the Tribal Court may petition the Tribal Council to review the Tribal Court decision, in writing, within 30 days after issuance of the Tribal Court decision. The petition shall set forth the specific grounds on which the petitioner claims the Tribal Court erred in its decision, and why its decision should be reviewed, and shall be served on the Governor and all parties. The prevailing party may submit a response to the petition within 15 days of service of the petition. The Governor shall place the petition on the agenda of the next Tribal Council meeting after service of the response (or the expiration of the 15-day period, if no response is filed), and the Tribal Council shall, at such meeting, decide whether to hear the petition. In the event the Tribal Council decides to hear the petition, the Governor shall notify all parties of that decision, and of the date on which the Tribal Council shall consider the matter. The Governor shall provide each Tribal Council member with a copy of the Tribal Court decision, the petition for Tribal Council review and the response, if any, and the complete record before the Tribal Court shall be available for inspection by any Tribal Council member. The Tribal Council shall hear each party's representative present its arguments, and shall decide by majority vote whether a license should be issued to the applicant. The Tribal Council's

decision shall be final and nonreviewable.

Section 156: Term; Renewal; Fee

A. Each package or premises license issued hereunder shall have a term of one (1) year from the date of issuance, provided that such license shall be renewable for additional periods of one year each by any licensee who has complied fully with the terms and provisions of the license and of this Liquor Code during the term of the license, and who remains fully qualified to be licensed under the provisions of Section 153 of this Chapter, upon payment to the Pueblo of a license renewal fee in the amount of the initial application fee, and submission of an application for renewal on a form specified by the Tribal Administrator, no less than thirty (30) days prior to the expiration date of the license. The failure to submit timely renewal application, with the required fee, may subject the licensee to a late charge of \$500.00. If the renewal application is not submitted prior to expiration of the license, the Tribal Administrator may treat the license as having expired, and may require the licensee to file a new application in compliance with Section 154 of this chapter.

B. Upon receipt of an application for renewal of a license, the Governor shall undertake to determine whether the licensee has conducted its operations in compliance with the provisions of this Code, and is otherwise qualified to be licensed. In the event the Governor receives information indicating that the licensee has not complied with the provisions of this Code or is otherwise not qualified to be licensed hereunder, the Governor shall deny the application for renewal, giving the licensee written notice thereof with a statement of the reasons for such denial.

C. A licensee may appeal a denial of an application for renewal of its license, by filing a Notice of Appeal with the Office of the Governor and with the Santa Ana Tribal Court, within 30 days of receipt of the Notice of Denial of the application for renewal. Upon receiving the Notice of Appeal, the Governor's office shall prepare a complete copy of the entire file pertaining to the application and shall transmit it to the Tribal Court, with a copy to the applicant. The Pueblo, represented by the Pueblo's attorney, shall appear in the action in the Tribal Court. The proceedings in the Tribal Court shall be based upon the information submitted to the Governor by the licensee and any other information obtained by the Governor in the course of processing the application, except that the licensee

shall be permitted to submit additional evidence to rebut or explain information relied on by the Governor for his denial of the application that was not obtained from the licensee. The licensee may apply to the Tribal Court for an order maintaining the license in effect during the pendency of the appeal, but in the absence of such order, the license shall expire at the end of its term. The Tribal Court shall affirm the Governor's decision unless it finds that the Governor acted arbitrarily or capriciously or otherwise abused his discretion in making his determination.

D. Any party that is aggrieved by the decision of the Tribal Court may petition the Tribal Council to review the Tribal Court decision, in writing, within 30 days after issuance of the Tribal Court decision. The petition shall set forth the specific grounds on which the petitioner claims the Tribal Court erred in its decision, and why its decision should be reviewed, and shall be served on the Governor and all parties. The prevailing party may submit a response to the petition within 15 days of service of the petition. The Governor shall place the petition on the agenda of the next Tribal Council meeting after service of the response (or the expiration of the 15-day period, if no response is filed), and the Tribal Council shall, at such meeting, decide whether to hear the petition. his license should not be suspended or revoked, or a fine imposed. The notice shall specify the precise grounds relied upon and the action proposed.

If the licensee, within the 10-day period, files with the Office of the Governor a written response and request for a hearing before the Santa Ana Tribal Court, such hearing shall be set no later than thirty (30) calendar days after receipt of such request.

C. At the hearing, the licensee, who may be represented by counsel, shall present evidence and argument directed at the issue of whether or not the asserted grounds for the proposed action are in fact true, and whether such grounds justify such action. The Pueblo may present such other evidence as it deems appropriate.
