

- c. Retirement deposit accounts of \$250,000 or less:
- (1) Amount of retirement deposit accounts of \$250,000 or less
 - (2) Number of retirement deposit accounts of \$250,000 or less (to be completed for the June report only)
- d. Retirement deposit accounts of more than \$250,000:
- (1) Amount of retirement deposit accounts of more than \$250,000
 - (2) Number of retirement deposit accounts of more than \$250,000

In addition, banks with \$1 billion or more in total assets report the estimated amount of their uninsured deposits in Schedule RC-O, Memorandum item 2.³ Through March 31, 2006, the reporting of this estimate has been based on the \$100,000 limit of deposit insurance coverage that applied to deposits in all ownership capacities. With the increase in the deposit insurance coverage on "retirement deposit accounts" on April 1, 2006, the instructions for Memorandum item 2 are being revised effective June 30, 2006, to state that a bank's estimate of its uninsured deposits should reflect the deposit insurance limits in effect for "retirement deposit accounts" and other deposit accounts on the report date, which are \$250,000 and \$100,000, respectively.

Banks also report data on fully insured brokered deposits in Call Report Schedule RC-E, Memorandum items 1.c.(1), "Issued in denominations of less than \$100,000," and 1.c.(2), "Issued either in denominations of \$100,000 or in denominations greater than \$100,000 and participated out by the broker in shares of \$100,000 or less." With the change in the insurance coverage for "retirement deposit accounts," the instructions for these items are being updated effective June 30, 2006. As revised, the instructions state that, for brokered deposits that represent retirement deposit accounts eligible for \$250,000 in deposit insurance coverage, banks should report such brokered deposits in Schedule RC-E, Memorandum item 1.c.(1), only if they have been issued by the bank in denominations of less than \$100,000. Banks should report such brokered deposits in Schedule RC-E, Memorandum item 1.c.(2), if they have been issued by the bank (a) in denominations of exactly \$100,000 through exactly \$250,000 or (b) in denominations greater than \$100,000 that have been participated out by the broker in shares of \$250,000 or less.

³ Each year, the \$1 billion asset size test is generally based on the total assets reported on the bank's balance sheet in the previous year's June 30 Call Report.

The Reform Act also provided for the merger of the two deposit insurance funds administered by the FDIC (the Bank Insurance Fund (BIF) and the Savings Association Insurance Fund (SAIF)), a merger that the FDIC effected on March 31, 2006. As a result, banks with "Oakar deposits," e.g., deposits insured by the SAIF in an institution that is a member of the BIF, no longer need to report information on purchases and sales of deposits during the quarter in Call Report Schedule RC-O, items 8.a.(1), 8.a.(2), and 8.b. These items are being deleted from the Call Report.

The preceding reporting changes will take effect in the Call Report for June 30, 2006. For this June 30 report date only, banks may provide reasonable estimates for any new or revised item for which the requested information is not readily available.

After banks make any necessary changes to their systems and records, the agencies estimate that these deposit-related reporting changes will produce an average net increase of 0.5 hours per bank per year in the ongoing reporting burden of the Call Report.

The agencies will monitor the impact of the new deposit insurance limits on bank practices and may propose additional revisions to the Call Report in the future to address supervisory or other public policy concerns resulting from any changes in bank practices.

B. Changes to Proposed Items on Credit Derivatives

In March 2006, OMB approved the agencies' request to add new items 7.c.(1) and (2) to Call Report Schedule RC-L to collect information on the maximum amounts that the reporting bank can collect or must pay on the credit derivatives into which it has entered. These items were to be added to the Call Report effective September 30, 2006.⁴ Upon further consideration after consulting with banks active in the credit derivatives market, the agencies have decided not to implement these two new items.
